

Chapter 11

Revelation 11:1 *And there was given ME* {Apostle John who is equated with the latter day messenger} **a REED like unto a ROD** {representing the seven visions and seven thunders of the seventh angel with trumpet, which warn of the same visions and oracles written on seven angels with trumpets}: **and the ANGEL** {ending of sixth angel with trumpet as the seventh angel with trumpet is beginning} **STOOD** {during latter day Babylon's third reigning period}, **saying** {to the Apostle John who represents latter day John/Moses}, **Rise, and MEASURE** {number} **the TEMPLE** {equated, at that time, with the seven lights and seven thunders of the seventh angel with trumpet} **of GOD** {God the father's written visions and oracles, that also wrote of the son of God}, **and the ALTAR** {representing six plagued angels}, **and** {number} **THEM** {living priests of the first group and elders of the second group of redeemed} **that WORSHIP THEREIN** {the priests and elders worship within the temple's holy place when being revealed by the first witness' written visions and oracles, but when being revealed by the last witness' visions and oracles the same priests and elders worship in the temple's inner court}.

The Apostle John was given a reed-like rod (see Ezekiel 7:10) to measure (number) the spiritual temple (which is equated with the great mountain of the super volcano) of

God the father (first witness), to measure (number) the golden altar, and measure (number) who the priests and elders are that worship within the temple and within the temple's inner court. When the latter day messenger measures (numbers) the written visions and oracles of the first witness (that reveal the temple of God the father), then he understands who the priests (apostles) and elders (disciples) are that worship in the temple of God the father (first witness). The temple is equated with the sea of glass that is above the high mountain of the swelled to heaven super volcano, where the judgment is happening. When the latter day messenger measures (numbers) the written visions and oracles of the last witness (that reveal the inner court of the son of God), then he understands who the priests (apostles) and elders (disciples) are that worship in the inner court of God's son (last witness).

When latter day Babylon's second reigning period came to an end, the latter day messenger was given the little scroll (equated with the reed-like rod) so that he could understand (spiritually eat) it. Then during the 1260 days of the second wilderness journey, he continually measures (numbers) with his reed-like rod the priests and elders that worship in God's temple.

Micah 6:9 *The LORD's* {first and last/beginning and end/God the father and son of God} *voice crieth unto the CITY* {latter day Babylon/USA's ruling capital}, *and the MAN OF WISDOM* {latter day messenger/Moses} *shall see thy name: hear ye THE ROD* {rod of God the

father/first witness}, and *WHO* {being the staff /God's son/last witness} hath appointed it.

Psalm 23:4 *Yea, though I walk through the valley of the shadow of death, I will fear no evil: for THOU* {one like the son of man/first and last/beginning and end/first witness and last witness} *art with me; THY ROD* {representing the first witness' written visions and oracles} *and THY STAFF* {representing the last witness' written visions and oracles} *they comfort me.*

Revelation 11:2 *But the* {outer} **COURT** {of the spiritual temple} *which is WITHOUT THE TEMPLE* {outside the spiritual temple but within all of new Jerusalem} *leave out, and measure it not; for it is given unto the GENTILES* {people in the USA/latter day Babylon being presently non believers ruling and living in the USA}: *and the HOLY CITY* {being the area around the super volcano within the USA where new Jerusalem will manifest} *shall THEY* {rebellious people presently ruling and living in the USA during the 2300-day period} **TREAD UNDER FOOT** {since these gentiles represent non-believing people presently living and abiding in the USA} **FORTY and TWO MONTHS** {these 42 months moons that equal 1260 days plus 3½ days are the remaining amount of time of latter day Babylon's rule until the bottomless pit/super volcano temporarily

explodes at the end of the sign of Jonah}.

During the 1260 days, latter day John/Moses is commanded to not measure (number) the outer court pertaining to where the great multitude will be standing. The spiritual outer courtyard (being the inside of new Jerusalem within the USA) is where the USA's non-believing population and people of other nations are able to tread thereon during the final 42 months – which equal 1260 days plus 3½ days – prior to the bottomless pit temporarily exploding at the end of the sign of Jonah. During the time of these 42 months, the gentiles refer to the non-believers of all nations that can venture upon the land where the holy city new Jerusalem will be located.

Revelation 11:3 And I {one like the son of man/first and last/beginning and end} ***will give POWER unto MY TWO WITNESSES*** {bright moon/God the father/first witness' visions and oracles and morning sun/son of God/last witness written visions and oracles}, ***and they shall PROPHECY*** {prophecy to the USA's states and some other Christian nations} ***a THOUSAND TWO HUNDRED and THREESCORE DAYS***{1260 days before the sign of Jonah begins}, ***CLOTHED in SACKCLOTH*** {The latter day messenger reveals for 1260 days what the two witnesses/bright star and morning star saw and heard happening during the remaining 1260 days of the 2300 day period before the sign of Jonah begins.

However he reveals what they saw and heard without miracles/visions being performed; hence their light/visions are totally hidden under sackcloth}.

When the Apostle John received the little scroll (containing the seven lights and seven thunders of the seventh angel with trumpet), it paralleled the time when latter day Babylon's second reigning period came to an end. At that time, the first light and first thunder of the seventh angel with trumpet was beginning. As the Apostle John ate the little scroll within a certain amount of time, it means that latter day Moses understands what is written on the seven lights and seven thunders of the seventh angel before the 1260 days begin.

Latter day Moses' apostles are likened to faithful adult spiritual Israelites of the first group of redeemed. For 1260 days before the sign of Jonah begins, they will proclaim the seventh angel's trumpet-sounding warnings pertaining to four riders and four horses to the USA and some other Christian nations to gather the latter day disciples, who are of the second (144,000) group of redeemed. The latter day apostles (of the first group of redeemed) and their spiritual children (being disciples that are of the 144,000/second group of redeemed) are sustained with the little scroll's revealed words (grains of manna baked into showbread, that resembles white stones) throughout the remaining 1260 days of the 2300-day period. During that time, the light of the spiritual moon (representing the first witness' visions written on the seventh angel with trumpet) and the

light of the spiritual morning sun (representing the last witness' visions written on the seventh angel with trumpet) will be, as it were, veiled with the dense garments of sackcloth.

Light represents visions, that the Apostle John was miraculously shown as he wrote the Book of Revelation. However, since the two witnesses are completely clothed in sackcloth whereby no light/visions can be seen, it means that the two witnesses will only prophesy through latter day Moses' message of what is written on the seventh angel's seven lights and seven thunders.

In the past type, the two witnesses' lights/visions/miracles were revealed through old Yahshua/Jesus while they were not wearing sackcloth. Hence, Yahshua spoke his message according to the two written witnesses oracles and also revealed the two witnesses' lights in an outward display of many miracles (visions).

Revelation 11:4 These {two witnesses written on the seventh angel with trumpet} ***are the TWO OLIVE TREES*** {the oil of these two trees represent the written words of the two witnesses}, ***and the TWO CANDLESTICKS*** {the understanding of the two witnesses' written words are as olive oil burning as a light/lamp upon each of these two candlesticks/two witnesses} ***STANDING*** {in the holy place of the temple} ***BEFORE the God*** {being the Shekinah glory manifesting

on the mercy seat between God the father/right hand Cherub and son of God/left hand Cherub according to God the father's/bright star's visions and oracles written on the last small part} *of the EARTH* {when the two witnesses/two candlesticks are prophesying during the 1260 days, the Rock/Abaddon is still in the Earth/land of the bottomless pit, since the Rock/super volcano will have not yet swelled high-up to be the God of heaven}.

The two witnesses' written words on the seventh angel with trumpet are likened to two olive trees and two candlesticks. When the two witnesses' written words remain a mystery, they are likened to the olive oil of two olive trees. However when the two witnesses' words, written on the seventh angel with trumpet, are revealed by the latter day messenger's message, the olive oil (equated with written words) of the two olive trees was being burnt (revealed) as a light upon each of the two candlesticks.

The first candlestick (representing the first witness/God the father) is silver to equate it with the spiritual moon's (bright star's) silvery light (visions). The last candlestick (representing the last written witness/son of God) is copper to equate it with the spiritual morning sun's (morning star's) coppery light (visions). Since the first candlestick of silver (equated with the visions written on the last small part of the seventh part of the scroll of life's first side) and the last candlestick of copper (equated with the visions written on the first small part of the seventh part of the scroll of life's other side) are revealed

simultaneously during the judgment, they mix together to become one candlestick of gold, just as the ending of the seventh evening's moonlight mixes with the beginning of the seventh day's morning (beginning) sun at dawn.

During the first spiritual wilderness journey, the six lights (lamps) on six arms of the golden candlestick in the temple's holy place initially represent the six of seven angels with trumpets, while the lamp upon the middle of the candlestick represented the seventh part (equated with the seventh evening) of the scroll of life's first side.

Thereafter during the second spiritual wilderness journey of 1260 days, the six lights on six arms of the golden candlestick represent the six of seven lights (visions) of the seventh angel with trumpet, while the lamp on the middle of the candlestick represents the seventh angel (equated with the seventh part of the spiritual seventh evening of the scroll of life's first side).

When the two candlesticks (two witnesses/first and last, beginning and end) are prophesying throughout the second spiritual wilderness journey of 1260 days during latter day Babylon's third reigning period, the Rock/Abaddon that is still to rise from the bottomless pit is referred to as the God of the land (Earth), since the super volcano will still be low on the land. However after five months of smoke and ash have erupted, the super volcano will have swelled to heaven. From that time, the Rock/Abaddon is the God of heaven (skies) and Earth (land).

Zechariah 4:1 *And the angel that talked with me came again, and waked me, as a man that is wakened out of his sleep.*

4:2 *And said unto me, What seest thou? And I said, I have looked, and behold a CANDLESTICK ALL OF GOLD {representing the silver candlestick mixed with the copper candlestick to create the gold candlestick}, with a BOWL {full of olive oil, that is equated with the Ark of the testament that represents the words written on the first small part and last small part} upon the top of IT {golden candlestick}, and HIS {golden candlestick's} SEVEN LAMPS {representing seven parts of the spiritual seventh evening of the scroll of life's first side} thereon, and seven pipes to the seven lamps, which are upon the top thereof:*

4:3 *And TWO OLIVE TREES {representing the two witnesses/God the father and son of God} by IT {the bowl}, ONE UPON THE RIGHT SIDE {equated with the right hand covering Cherub on the Ark of the testament} of the bowl, and the other upon the LEFT SIDE {equated with the left hand covering Cherub} thereof.*

4:4 *So I answered and spake to the angel that talked with me, saying, What are these, my lord?*

4:5 *Then the angel that talked with me answered and said unto me, Knowest thou not what these be? And I said, No, my lord.*

4:6 *Then he answered and spake unto me, saying, This is the word of the LORD {one like the son of man/first and*

last/beginning and end/bright star and morning star} *unto Zerubbabel* {who is equated with the latter day messenger}, *saying, Not by might, nor by power, but by my SPIRIT* {written words revealed/burning as seven lamps}, *saith the LORD of HOSTS* {coals of fire and great hailstones}.

4:7 *Who art thou, O GREAT MOUNTAIN* {referring to latter day Babylon/USA's capital and nation}? *before Zerubbabel thou shalt become a PLAIN* {brought down by the massive earthquake-causing eruption of the Rock/Abaddon}: *and HE* {latter day Zerubbabel} *shall bring forth the HEADSTONE* {foundation of the rising Rock/Abaddon/super volcano} *thereof with SHOUTINGS* {of a massive sound of thunder and erupting coals of fire at the Rock's/super volcano's explosion}, *crying, Grace, grace unto IT* {the risen Rock sitting on its main foundation/headstone}.

Revelation 11:5 *And if any MAN* {referring to any nation/spiritual man} *will HURT THEM* {by rejecting, persecuting, trampling, and killing the two witnesses' ability to speak}, **FIRE** {fire of an immense flowing and spreading lake of lava} *proceedeth out of their MOUTH* {as they will have spoke concerning the fire of molten rock/brimstone that proceeds from the immense mouth of the lifted-up super volcano, as witnessed by God the father and son of God}, *and devoureth their enemies:*

and if any MAN {any nation} will hurt them, he must in THIS MANNER {fire of flowing molten rock/brimstone} be killed.

The two witnesses prophesy of visions and oracles written on the seventh angel with trumpet during the remaining 1260 days of the 2300-day period. In that time, the two witnesses will be clothed in sackcloth and prophesying to the USA and surrounding nations before the sign of Jonah begins. When these nations try to stop the mouths of the two witnesses' from speaking of the visions and oracles written on the seventh angel with trumpet, they will be hurting the two candlesticks. Leaders and people that reject, persecute, and fight to stop the two witnesses' prophesying of the four riders and their four horses are hurting the two candlesticks. The USA and surrounding nations will not overcome their beliefs and recognize the beginning of the sign of Jonah when the super volcano in the USA temporarily erupts. Thereafter when the two witnesses are prophesying to all nations of the everlasting gospel, the rebellious nations and people will reject, persecute, and fight to stop the two witnesses' warning of the four riders and four horses before each of the seven plagued angels begin being fulfilled. However the non-believing enemies of the two witnesses will be killed by fire and brimstone flowing down from the swelled to heaven super volcano's immense mouth from in the USA.

Revelation 11:6 THESE {two witnesses/two olive trees/two candlesticks} **have power to SHUT HEAVEN, that it RAIN NOT** {no rain when the seventh plagued angel is being fulfilled, because as the lake of fire (lava) spreads throughout the USA and world, the intense heat will pull in all surrounding moisture, as great hailstones rain upon the land during a terrible time of drought and famine in the world} **in the days of their PROPHECY** {the everlasting gospel will be prophesying to all nations before the first of seven plagued angels begins tormenting the USA and surrounding nations}: **and have power over WATERS** {literal waters} **to turn them to BLOOD** {blood/death by great hailstones}, **and to smite the earth** {beginning with the USA's land} **with ALL PLAGUES** {of a massive earthquake-causing eruption of coals of fire into the sky, followed by anarchy, famine, mourning, great hailstones, whirlwinds of fire, and fire with the spreading lake of brimstone/lava}, **as often as they will.**

In the writings of the Bible, the two witnesses (being referred to as the one like the son of man when they became mixed together on the first small part and last small part) were the same ones that spoke to old David and old Solomon, old Elijah and old Elisha, and to old Aaron and old Moses, as well as many others. For instance, Elijah was told by Elohiym to proclaim throughout the land of Israel that there would be no rain. Accordingly, the prophecy of the two witnesses happened as predicted. During the days of old Moses, Elohiym told

old Moses to warn Pharaoh and all of Egypt concerning the plagues that Moses and Aaron will summon upon old Egypt. Accordingly, after the warnings were spoken the land of Egypt was smitten with plagues as often as the two witnesses predicted the events. One of these plagues was to turn all waters in Egypt into polluted waters (dead/bitter waters are referred to as blood), that were made undrinkable.

The two witnesses' predictions were spoken to all the prophets in every generation. Many of the prophets wrote the words of Elohiym in scrolls, which have been copied from generation to generation. Many of the manuscripts that survived have been compiled in the Bible, from which the two witnesses reveal to latter day Moses the plagues that will be fulfilled on the USA, surrounding nations, and then all nations of latter day Babylon's kingdom, which is also referred to as spiritual Egypt and spiritual Sodom).

Revelation 11:7 And when THEY {two witnesses/two olive trees/two candlesticks written on the first small part and last small part} ***shall have FINISHED*** {finished revealing six of seven lights and six of seven thunders of the seventh angel with trumpet to the USA and some other Christian nations} ***their TESTIMONY*** {testifying for 1260 days of the four riders on their white horse, red horse, black horse, and pale horse until the sign of Jonah happens. During the sign of Jonah, it will seem to the non

believers as if the opening of the super volcano in the USA failed to happen as prophesied}, *the BEAST* {lamb-like beast/latter day kingdom of spiritual Judah/USA} *that ASCENDETH out of the BOTTOMLESS PIT* {ascends with a healed wound out of the super volcano's overflowing mouth of the lake of fire that covered the world, because in Revelation 11:7 the visions and oracles written on the one like the son of man are replaying the time when the opening of the scroll of life during the judgment was revealing from the seventh angel with trumpet the remaining 1260 days of the third 2300-day period when the USA was reigning in the land} *SHALL* {during the second spiritual wilderness journey of 1260 days} *make WAR against THEM* {two witnesses' written visions and oracles written on the seventh angel with trumpet), *and shall OVERCOME* {overcome the two witnesses' ability to continue prophesying at the end of the 1260 days, as the USA's states and population accept totally the ideals that the USA's leadership envisions for the world's future during the sign of Jonah} *THEM* {two witnesses/two olive trees/two candlesticks}, *and KILL* {kill by totally denouncing and trampling upon the prophecies concerning the four riders and their white, red, black, and pale horses during the sign of Jonah} *THEM* {the two witnesses ability to be heard during the sign of Jonah}.

At the end of the remaining 1260 days of the 2300-day period, an earthquake at the super volcano in the USA will

cause it to briefly erupt. However, that event will seem as if it failed to cause the super volcano to continually open and cause the tormenting plagues that the two witnesses will have prophesied about for 1260 days. During the 1260 days, the ideals that the USA's leadership envisions for the world's future war against the predictions that are being revealed by the two written witnesses concerning the world's future, as revealed by the latter day messenger and his apostles and disciples during the 1260 days.

The failure of the super volcano to continually erupt smoke and ash for five months begins the 3½ days of the sign of Jonah. During that time, what the USA is envisioning and promoting concerning what it believes the world's future will be will have overcome the two witnesses' visions of what they prophesied concerning the world's future. Accordingly, all the USA's states and population will accept the peace and safety vision that the USA's leadership and scientists are promoting, especially since it seems that the super volcano failed to continually erupt smoke and ash. The failure causes the end of the prophesying of the two witnesses, having been totally overcome by the visions promoted by the USA during the sign of Jonah. The two witnesses' predictions of the four riders and their white, red, black, and pale horses will be lying dead in the streets of the USA, totally rejected and overcome without having any remaining influence in the USA during the sign of Jonah because of the seemingly failed prediction of the super volcano not continually

erupting smoke and ash at the earthquake.

In the past type, Yahshua/Jesus and his apostles prophesied for 3½ years (1260 days) to gather disciples. At the end of these 3½ years, Yahshua was crucified. At the time of his crucifixion just before his death, an earthquake caused a volcano to temporarily erupt smoke that covered the sun over Jerusalem. Many saw the darkness for several hours and thought that maybe Yahshua/Jesus was who he claimed to be. However, when the smoke quickly dissipated and the sun shone as usual, any remaining influence that Yahshua/Jesus had of convincing non believers that his message was true was lying dead in the streets of Jerusalem for 3½ days. At that time when the sun shone on the land as the darkness caused by erupting smoke dissipated over old Jerusalem, Yahshua's/Jesus' apostles were doubting and hiding in fear of the Judean authorities while Yahshua/Jesus was dead for 3½ days. The population of Judea had accepted the ideals that were being promoted by the Judean leadership, high priest, and priests, who said that Yahshua was able to do miracles by the devil. These ideals had totally overcome the message of Yahshua/Jesus while he was dead.

Revelation 11:8 And THEIR {two witnesses' visions of four riders and their white, red, black, and pale horses written on the seventh angel with trumpet} ***DEAD***

BODIES {of spiritual moon's light/candlestick and spiritual morning sun's light/candlestick} **shall lie in the street of the GREAT CITY** {the great city being latter day Babylon/USA's ruling capital which is also equated with old rebellious Jerusalem}, **which SPIRITUALLY is called SODOM** {spiritual latter day Sodom/USA will be destroyed as old Sodom was destroyed} **and EGYPT** {spiritual latter day Egypt/USA will be plagued by the opened super volcano as old Egypt was plagued}, **where also our LORD** {in the past type pertaining to old Yahshua/Jesus, but in the latter days referring to the visions and oracles that are revealed by the Lamb concerning the combined two witnesses' visions and oracles of the four riders and four horses} **WAS CRUCIFIED** {latter day prophecy is constructed using old types. Accordingly, when the combined two witnesses' visions and oracles are dead at the end of 1260 days, that death is equated with old Yahshua's/Jesus' death by crucifixion}.

The verse in Revelation 11:8 was constructed using past types. Therefore according to one past type, the USA's ruling capital and her nation are being likened to the city of old Sodom and Egypt. The reason is that old Sodom was destroyed by a volcano's earthquake-causing eruption of coals of fire into the sky, as smoke erupted with hot sticky ash raining on the land, which is how latter day spiritual Sodom will begin being destroyed when smoke and hot ash erupt for five months from a huge bottomless

pit (super volcano). As old Egypt was ruined by the plagues that old Moses forewarned Pharaoh and all the Egyptians, so latter day spiritual Egypt (USA) will be destroyed by the plagues caused by the erupting super volcano, as forewarned by latter day Moses' message that reveals the four riders and their four horses. According to another past type, the USA's capital ruling over its kingdom is likened to the great city Babylon. As old Babylon was overthrown by two united kings (king of Persia and king of Media), so the USA's capital ruling over latter day Babylon's kingdom will be overthrown according to the two witnesses' combined written visions and oracles. According to another past type, the USA's ruling capital is likened to old Jerusalem where Yahshua/Jesus was crucified. As old Yahshua/Jesus died by crucifixion, resurrected, and was thereafter seen alive in old Jerusalem, so the two witnesses' visions and oracles will die in the streets of the USA's ruling capital, resurrect, and be seen living in the USA's capital and nation.

Revelation 11:9 And they of the people and kindreds and tongues and nations shall SEE {when the earthquake-causing eruption fails to open continually the super volcano} ***THEIR*** {two witnesses'} ***DEAD*** {lifeless} ***BODIES*** {written visions and oracles on the first witness' body/last small part and last witness' body/first small part} ***THREE DAYS and an HALF*** {3½ days}, ***and shall not suffer their DEAD*** {totally rejected} ***BODIES*** {that

revealed the seventh angel's six of seven lights/visions and six of seven thunders/trumpets} ***to be*** {respectfully} ***put in graves.***

An earthquake-causing eruption of the super volcano will hit the USA at the end of the 2300-day period, which is 3½ days before latter day Babylon's third reigning period ends. However, this temporary eruption will not open continually the super volcano and cause the visions of four riders and their white, red, black, and pale horses to resurrect and begin tormenting the USA. Accordingly, the people, kindreds, tongues, and nations will see the failure when the two witnesses' predictions are not fulfilled at the temporary eruption of the super volcano in the USA.

For 3½ days, beginning from the temporary eruption, is the sign of Jonah. During the sign of Jonah, the two witnesses' written visions and oracles that warned of the four riders and four angels will be lying dead in the streets of confusion. These 3½ days are the final days of the 70th week of Daniel 9:24. No respect will be shown regarding the failure of the two witnesses' prophesying concerning the visions and oracles of four riders and four horses, being likened to dead enemies left on the ground because no respect is to be given to these particular abhorred dead bodies.

Revelation 11:10 and THEY {states of the USA} ***that dwell upon the earth*** {land} ***shall rejoice over THEM*** {two witnesses' seemingly failed visions and oracles lying

dead during the 3½ days of the sign of Jonah}, **and make MERRY** {the non believing people in the USA will be joyous/merry/spiritually drunk on the spiritual wine cup full of ideals that the USA's leadership in its ruling capital envisions for the world's future}, **and shall SEND GIFTS ONE TO ANOTHER** {hence their way of life in the USA of buying and selling continues business as usual during the failure of the temporary eruption releasing the four riders and four horses from the bottomless pit}; **because these TWO PROPHETS** {being the two witnesses' visions and oracles written on the first small part and last small part} **TORMENTED** {for 1260 days} **THEM** {states of the USA} **that dwelt on the earth** {USA's land}.

The temporary eruption of the super volcano will have failed to cause the super volcano to remain open and release the four riders and their white horse, red horse, black horse, and pale horse. This causes great rejoicing of the USA's states and population. The non believers in the USA's land (referred to as Earth/land) will rejoice when the temporary eruption fails to keep the bottomless pit continually open and bring an end to their normal way of life. The illustration of the USA's states being merry reveals they are drunk on the great whore's (USA's ruling capital's) spiritual wine, which represents her democratic and capitalistic vision for the world's future. Accordingly, the non believing population in the USA's states are illustrated as sending gifts one to another, since the temporarily eruption will have not affected their normal

way of life of buying and selling goods from each other.

In the past type, the sending of gifts one to another happened at the feast of Purim when the enemies of the Judeans were killed (see Esther 9:22). In our day when the temporary eruption fails to open the super volcano to end the USA's rule over the nations of latter day Babylon, the USA (being spiritual Judah) will crucify (totally denounce) the two witnesses' seemingly failed predictions to kill any remaining influence which the two witnesses' predictions of four riders and four horses previously had. At that time, the non believing people in the USA will be completely drunk on their democratic and capitalistic way of life (wine), according to what the USA envisions for the world's future. During the sign of Jonah, the USA's people will also be happy that the two witnesses' predictions are no longer tormenting the USA's states. In that time, the two witnesses will have finished prophesying of the tormenting plagues of erupting coals of fire, darkness caused by smoke and ash erupting for five months, as plagues of anarchy and famine torment the USA. Thereafter the spreading lake of fire brings death by coals of fire with great hailstones, anarchy, and famine.

Revelation 11:11 And after THREE DAYS and an HALF {counting 3½ days after the temporary eruption fails to open continually the super volcano} ***the SPIRIT OF LIFE*** {according to what is written at the beginning

of the seventh light/spirit of the seventh angel with trumpet} **from God** {written visions and oracles of the one like the son of man/God the father and son of God} **entered into THEM** {two witnesses}, **and THEY** {two witnesses' written visions and oracles that reveal the beginning of the seventh light of the seventh angel with trumpet} **STOOD** {resurrected to life because the super volcano again temporarily erupts with an earthquake} **upon their feet; and GREAT FEAR fell upon THEM** {non believers in the USA} **which saw THEM** {saw the two witnesses visions and oracles rising to life when the super volcano temporary erupted again at the end of the sign of Jonah}.

Three and a half days after the two witnesses prophesied for 1260 days, the one like the son of man (God) reveals during the judgment the time when the two witnesses resurrected to life when the super volcano temporary erupted again at the end of the sign of Jonah. Accordingly, the spirit of life from God (one like the son of man) then revealed the visions and oracles concerning the time when the super volcano temporary erupted again. That eruption caused the two witnesses predictions of four riders and their white, red, black, and pale horses to ascended to life so they could, thereafter on the new day of Pentecost, continue being proclaimed, but this time to all nations.

At the end of the sign of Jonah, the super volcano will erupt, causing great fear to be instantly seen on the USA's population From that time, the USA's ruling capital (latter

day Babylon) will begin losing its reign over the latter day Babylonian kingdom, as latter day Babylon's third reigning period ends. From the time of the super volcano's eruption-causing great earthquake at the end of the three and a half days of the sign of Jonah, the union of nations will no longer be united in agreement to fulfill the USA's vision for the world's future on rogue nations. The eruption-causing great earthquake will have wounded the influence of the ruling head (USA's ruling capital) of the seven-headed ten-horned beast (kingdom of latter day Babylon).

Revelation 11:12 And THEY {two witnesses} ***heard a GREAT VOICE*** {of a massive thundering sound of the super volcano's immense eruption, as smoke and ash begin to erupt for five months} ***from HEAVEN*** {heaven/sky above the super volcano} ***saying unto THEM*** {two witnesses' written prophecies of the four riders and four horses being fulfilled during five months of erupting smoke and ash}, ***Come up hither. And THEY*** {two witnesses' visions and oracles of four riders and four horses} ***ascended up to heaven in a CLOUD*** {cloud of erupting smoke and ash}; ***and their ENEMIES*** {non believers that rejected the everlasting gospel} ***beheld THEM*** {saw the two witnesses' written visions and oracles rising to heaven, as they now begin being fulfilled from the opened super volcano}.

In the same year that the everlasting gospel is proclaimed to all nations while the super volcano is dormant (closed), a massive explosion of the super volcano happens. The immense earthquake-causing eruption creates a massive sound of thunder (equated with blowing the trumpet to call out the redeemed from all nations) in heaven (sky). From that time when the super volcano is opened, smoke and ash begin erupting into the sky from the super volcano's immense 40-mile wide mouth. At that time, the two witnesses' written visions and oracles of four riders and four horses will be, as it were, rising with the smoke and ash, as they begin being fulfilled.

The enemies of the two witnesses will be the non believers who rejected the everlasting gospel and persecuted the Rock's apostles, disciples, and their converts when they proclaimed the everlasting gospel. During the five months of erupting smoke and ash, these enemies of the two witnesses will see the plagues, equated with the four riders and four horses, being fulfilled from the opened super volcano. The plagues issuing from the opened super volcano (Rock/Abaddon) will torment the figurative Canaanites within the USA and surrounding nations.

Revelation 11:13 And the SAME HOUR {the same hour during the judgment after five months of erupting smoke and ash are fulfilled} ***was there a GREAT***

EARTHQUAKE {such as never happened, caused by the swelled to heaven super volcano's 40-mile wide mouth exploding fire into the sky}, ***and the TENTH PART*** {referring to the figurative rebellious leadership} ***of the CITY*** {the USA's ruling capital} ***fell, and in the earthquake were slain of MEN*** {representing false messengers/leaders of the USA's states/spiritual men} ***SEVEN THOUSAND*** {being a figurative number of false messengers, ministers, and leaders}: ***and the REMNANT*** {referring to overcomers that accepted the everlasting gospel} ***were affrighted, and GAVE GLORY*** {the credit of what happened} ***to the God*** {risen Rock/Abaddon} ***of HEAVEN*** {reigning from the lifted-up to heaven super volcano's immense mouth, overflowing with a lake of fire that spreads to cover and dissolve the kingdom of latter day Babylon and all the world}.

The hour refers to the hour during the judgment when the Lamb (son of God/visions and oracles written on the first small part of the seventh part of the scroll of life's other side) is revealing the visions and oracles written on the last small part (God the father) of the seventh part of the scroll of life's first side. In that same hour of the judgment (after five months of smoke and ash have been revealed erupting from the swelling to heaven super volcano and all the redeemed have entered new Jerusalem's ensign), thereafter the swelled to heaven super volcano explodes with a massive earthquake-causing eruption. This massive explosion of the super volcano's 40-mile wide immense

mouth (full of a lake of fire) causes a great earthquake such as never happened.

From that time of the great earthquake such as never happened, the people in the USA who rejected the everlasting gospel and did not forsake their loved ones, friends, possessions, and nation to travel to the rising ensign while the super volcano was erupting smoke and ash will be fleeing and hiding in the rocks and mountains. The plagues of the four horsemen and four horses will then be issuing from the lifted-up to heaven super volcano's immense mouth full of an overflowing lake of fire, as the lake of fire (lava) spreads throughout the destroyed USA, surrounding nations, and world.

The tenth part mentioned in Revelation 11:13 is of a figurative number of 7,000 people in the USA. These latter day people are prominent people (political leaders, scientists, religious leaders, renowned individuals) that prophesied falsely before smoke and ash began to erupt, causing many in the USA to reject the everlasting gospel. The figurative number of 7,000 latter day false prophets (messengers) in the USA is borrowed from the scenario of the past type pertaining to the 7,000 people that were righteous (for prophesying of new present truth) at one time (see 1 Kings 19:18).

Revelation 11:14: The second woe is past; and, behold, the third woe cometh quickly.

The second woe pertaining to the sixth angel with trumpet has been revealed. However, the ending of the sixth angel's trumpet also revealed the dawning of the first vision and first thunder of the seventh angel with trumpet, because there is a type of even when the end part of one angel's light is mixing with the beginning of the next angel's light. Accordingly, the ending part of the sixth angel with trumpet (written woe) also revealed the beginning of the seventh angel with trumpet (written woe). The time of even between the ending of the message of the sixth angel with trumpet and the beginning of the first vision and thunder seventh angel with trumpet spans a period from the end of latter day Babylon's second reigning period until the beginning of the 1260 days of the second wilderness journey when latter day Babylon is reigning during its third/final period.

Revelation 11:15 And the SEVENTH ANGEL

SOUNDED {sounded its trumpet at the end of latter day Babylon's second reigning period after it had reigned as the number seven kingdom}; ***and there WERE*** {should have been great voices of hailstones, but were not as stated in Rev.10:7} ***GREAT VOICES*** {referring to erupted coals of fire with great hailstones} ***in HEAVEN*** {heaven/sky around the lifted-up to heaven super volcano's immense mouth full of an overflowing lake of fire}, ***SAYING, the kingdoms of this world are become the kingdoms of our LORD*** {first witness/God the

father/Michael}, *and of his Christ* {last witness/Gabriel/the Lamb/son of God}; *and HE* {God the father who is equated with the swelled to heaven super volcano/the Rock} *shall reign* {over the kingdoms of latter day Babylon} *forever* {according to the first witness' visions and oracles written on the last small part of the seventh part of the scroll of life's first side} *and ever* {according to the last witness' visions and oracles written on the first small part of the seventh part of the scroll of life's other side}.

The seventh angel with trumpet is here sounding its trumpet of its first thunder three and a half days after the end of the first spiritual wilderness journey of 1260 days. At that time, latter day Babylon's second reigning period as the number seven kingdom came to an end. However, as stated in Revelation 10:7 when the seventh angel sounds its trumpet, instead of the super volcano exploding coals of fire into the sky with raining great hailstones happening, latter day Babylon's divided kingdom still occupies the land. Accordingly, what is written in Revelation 11:15 happens at the ending of the seventh light and seventh thunder of the seventh angel with trumpet. At that time, the swelled to heaven super volcano (full of a lake of fire) explodes with a massive sound of thunder, as its immense mouth begins to overflowing with a spreading lake of fire when the seventh plagued angel is being fulfilled. Then the kingdoms of this world have become the kingdoms of God

the father (bright star/Lord of lords) and God the father's son (anointed morning star/King of kings), as their visions and oracles written on the last small part (first witness/God the father) and first small part (Christ/last witness/son of God) reign over all the world's kingdoms. At that time, voices of raining coals of fire and great hailstones with thousands of whirlwinds (chariots) of fire will be heard in the land, which are caused by the intense heat emanating from the spreading lake of fire issuing from the swelled to heaven super volcano's immense 40-mile wide mouth. When coals of fire and great hailstones are raining upon the USA's destroyed land, their sounds declare that the kingdoms of this world have become the kingdoms of God the father (lord) and of his Christ (the Lamb/son of God).

The word Christ means messiah (anointed), that illustrates that the visions and oracles written on the first small part of the seventh part of the scroll of life's other side are seven times as bright. The reason is that all the light (visions) written on the first small part are as bright as seven morning sun's of seven evenings (equated with the spiritual sun's light/visions and spiritual moon's light/visions). The reason is that at the end (equated with the time of the ending of an evening at the morning sun's dawn) of each of seven parts (equated with seven evenings of moonlight) of the scroll of life's first side, a morning sun nixed with the ending of the evening's moonlight. At the ending of the seventh evening that mixed with the

beginning of the seventh day's morning sun at dawn, the morning sun was seven times as bright because it had all the light (written visions) of seven mornings. Accordingly, the seventh day's morning sun (first small part/son of God the father) that is born from God the father (last small part/ending of the seventh evening) is anointed with more oil to shine brighter.

Revelation 11:16 And the FOUR and TWENTY ELDERS, which SAT {in the inner court of the temple during the judgment} ***before God*** {written visions and oracles of God the father/right hand covering cherub that also wrote of God the son/left hand covering cherub upon the throne/Ark of the testament} ***on their seats, FELL upon their FACES, and worshipped God*** {visions and oracles written on the last small part/God the father, that also wrote of the visions and oracles written on the first small part/son of God},

Revelation 11:16 is revealing what happened during the judgment. At the time of Revelation 11:16, the Lamb (one like the son of man/first and last/beginning and end) is replaying what happened in the world, according to the visions and oracles written on the first small part (lamb/God's son/copper altar of burnt offerings/morning star), that also wrote of the visions and oracles written on the last small part (God the father/Ark of the testament/bright star).

When the 24 elders see the lamb reveal a vision from the scroll of life's first side showing the time when the kingdoms of this world had become the kingdoms of God (two witnesses' visions and oracles written on the last small part/ark of the testament), the twenty four elders (who represent the 144,000) fall upon their faces and worship the one (visions and oracles written by God the father) sitting on his throne (equated with the Ark of the testament) of intense light.

Revelation 11:17 Saying, We give thee thanks, O Lord God Almighty {Lord God Almighty refers to God the father, that rose as a great light with fire from the bottomless pit and covered the world. Also, on the last small part (equated with God the father/almighty Rock/abaddon) are written all the visions and oracles of all the scrolls and scroll of life and the replays of each generation according to the visions and oracles written on each scroll's first side}, ***which ART*** {the written visions and oracles of God the father Art/is reigning over the kingdoms of the world when the seventh plagued angel is being fulfilled in the then present replay of the last generation}, ***and WAST*** {Wast/was reigning when the seventh plagued angel began being fulfilled in the previous replay of the last generation during the judgment}, ***and ART TO COME*** {Art To Come and reign again when the written visions and oracles of God the father again replay the time when he is reigning over the

kingdoms of the world when the seventh plagued angel is being fulfilled again in the next replay of the last generation}; **because THOU** {written visions and oracles of God the father/last small part/bright moon} **hast taken to thee thy great power** {by rising from the bottomless pit as a Rock full of a lake of fire and covering the world.

Also the last small part/God the father has all the visions and oracles that recorded what happened in each generation and time of the judgment; these visions and oracles are replayed over and over during the judgment and reveal the great power of the risen Rock/Abaddon/Michael/God the father}, **and hast REIGNED** {is reigning, has reigned, and will again come and reign over the kingdoms of the world during each replay of the last generation}.

After the twenty four elders viewed a vision that replayed the Rock/Abaddon rising from the bottomless pit to reign over the world, they gave thanks to the reigning Rock/Abaddon (God the father/Michael) that is (Art) reigning as shown in the replay.

The twenty four elders also declared that the Rock/Abaddon (God the father/Michael) was (Wast) reigning over the kingdoms of latter day Babylon and world, as revealed in the previous replay of the last generation, which showed the Rock/Abaddon (God the father/Michael) rising from the bottomless pit to spread and cover the world in a lake of fire (lava).

The twenty four elders also said that the Rock/Abaddon (God the father/Michael) is to come (Art To Come) and be seen reigning again over all kingdoms of the world. This happens when the Lamb reveals visions and oracles that show in the next replay of the last generation (after all other generations are replayed) the Rock/Abaddon (God the father/Michael) rising from the bottomless pit to again spread and cover the world in a lake of fire, which happens when the seventh plagued angel is being fulfilled. The Rock/Abaddon (God the father/Michael) is referred to as Lord God Almighty. The reason is, the Rock/Abaddon (God the father/Michael) is equated with the huge (almighty) swelled to heaven super volcano when its immense mouth is filled with a lake of fire, which overflows and spreads to cover the world in a lake of fire. At that time when the swelled to heaven super volcano is covering the world, the Rock/abaddon is then sitting on his great white throne of intense light, that is radiating from the lake of fire covering the whole world.

Deuteronomy 32:4 He {Abaddon/God the father/Michael} *is the ROCK* {super volcano/almighty mountain}, *his work is perfect: for all his ways are judgment: a God* {visions and oracles written on the last small part, which is equated with the Rock/Abaddon/God the father/Michael} *of TRUTH* {everything will truly happen as written and revealed from the last small part/Rock/God the father} *and without INIQUITY* {every generation is replayed without error/iniquity by the visions

and oracles written on the last small part/God the father/the Rock}, *just and right is he.*

Psalm 18:31 *For who is God save the Lord? or who is a ROCK {swelled to heaven super volcano/almighty mountain that filled the world} save OUR {being the true believers of new present truth} God {Rock/Abaddon/God the father/Michael} ?*

Revelation 11:18 ***And the NATIONS WERE ANGRY*** {angry when the Rock/super volcano swelled to heaven and thereafter exploded with a massive earthquake-causing eruption such as never happened, as a lake of lava began to overflow and spread throughout the USA, surrounding nations, and world from the immense almighty-high super volcano's 40-mile wide mouth}, ***and THY*** {Rock's/Abaddon's/God the father's/Michael's} ***WRATH is COME*** {Is Come when the swelled to heaven super volcano/Rock, full of a lake of fire, explodes with a massive earthquake-causing eruption such as never happened, as the lake of fire overflows and spreads throughout the USA, surrounding nations, and all the world}, ***and the TIME of the DEAD*** {the rebellious dead that died by the plagues issuing from the opened super volcano/Rock}, ***that they should be JUDGED*** {judged during the judgment when the visions and oracles written on each book's/scroll's first side are revealed to replay each generation from Genesis through the last

generation}, *and that THOU* {Rock/Abaddon/God the father/Michael, equated with the visions and oracles written on the last small part} ***SHOULDEST give REWARD*** {as the replay of the last generation reveals how latter day Babylon's destroyed kingdoms were replaced by a new heaven and new Earth when the judgment began} *unto THY* {Elohiym's/two witnesses'} ***SERVANTS the PROPHETS*** {messengers of every generation that proclaimed the everlasting gospel in the last generation}, *and to the SAINTS* {being the first group/priests and second group/elders of redeemed from every generation that proclaimed the everlasting gospel in the last generation}, *and THEM* {great multitude/third group of redeemed that accepted and joined the prophets and saints in proclaiming the everlasting gospel to all nations before the super volcano opened} *that FEAR THY NAME* {Abaddon}, *small and great; and shouldest DESTROY THEM* {rebellious people that rejected the everlasting gospel} *which DESTROY the EARTH* {when a nation rejects a living messenger's message they have chosen to destroy their land}.

During the judgment that is presently happening, the visions and oracles written on the last small part (God the father/Ark of the testament), but revealed by the same visions and oracles that are written on the first small part/Lamb/son of God/copper altar of burnt offerings, have been replaying all generations, the time of the new heaven and new Earth, and what has been happening

during the judgment, over and over. The twenty four elders had commented after the then present replay of the last generation showed the time when the Rock/Abaddon (God the father/Michael) rose as a great light with fire from the bottomless pit. After all the redeemed entered new Jerusalem's ensign of intense light, thereafter the risen Rock/Abaddon (swelled to heaven super volcano) exploded with a massive-earthquake causing eruption such as never happened, which caused a deafening sound of thunder in the heavens (skies). That massive explosion of the swelled to heaven super volcano's immense 40-mile wide mouth, full of a lake of fire, made the nations angry. However, prior to the super volcano opening, they rejected the everlasting gospel and instead persecuted and killed the prophets, saints, and their converts that warned of the four riders and their white, red, black, and pale horses before the battle of Armageddon began in the USA when the first of seven plagued angels began being fulfilled.

In the first timeline when the rock (super volcano) swelled to heaven when its immense mouth was full of a lake of fire but not yet overflowing, from that time the first witness (God the father) was writing that event and all other things that happened thereafter on the seventh plagued angel, who represents the last small part (equated with the ending of the seventh evening as the morning sun was dawning) of the seventh part of the scroll of life's first side. At the same time, the last witness (son of God) began to write on the first small part (equated with the seventh

day's morning sun at dawn) of the seventh part of the scroll of life's other side the vision and oracle concerning the swelled to heaven super volcano when it was full of a lake of fire and also wrote (on the first small part) of all the other things that happened from that time.

After the anger of the risen Rock/Abaddon (swelled to heaven super volcano) brings an end to all nations when they are covered in a lake of lava, the time of the dead begins. At that time, the rebellious dead that rejected the everlasting gospel will appear in the spirit (as ghosts) outside new Jerusalem at the beginning of the judgment to be judged according to the visions and oracles written on each book's/scroll's first side. From the time the judgment begins, the prophets, saints, and great multitude will receive their reward of everlasting life in a new heaven and new Earth, having new bodies and no knowledge of the past. At the same time, the prophets, saints, and great multitude will be partaking in the judgment.

A great multitude of people, that accepted the everlasting gospel because they feared the name of God the Rock (named Abaddon) will have entered the intensely bright light of new Jerusalem's ensign. This light of the ensign will emanate from within a huge whirlwind of fire (equated with new Jerusalem), which will be around the high mountain of the super volcano overflowing with a lake of fire. The great multitude is the third (final) group of redeemed that also receive their reward of everlasting life in the new heaven and new Earth, having new bodies

with no knowledge of the past. The risen Rock/Abaddon (God the father) will have destroyed the rebellious leaders and people who caused their population on the land (Earth) to reject the everlasting gospel and end up being destroyed.

After the visions and oracles written on the last small part (equated with God the father/Michael) have revealed the judgment that the rebellious people received, then the visions and oracles written on the last small part will reveal what the prophets, saints, and great multitude received. In every generation there has been a true prophet who proclaimed a message. The people that accepted the living prophet's message are referred to as saints in Revelation 11:18, because these saints are the priests and elders officiating in the spiritual sanctuary. These saints represent the first group (priests) and second group (elders) of redeemed gathered in every generation by a living messenger's message, who gathered them by proclaiming Elohiym's words. During each replay of the last generation, these prophets (messengers) and saints resurrected in the last generation at the end of the sign of Jonah to, thereafter from the new day of Pentecost, proclaim (with the latter day messenger's living apostles and disciples) the everlasting gospel to all nations. A third group of latter day overcomers will have accepted the everlasting gospel proclaimed by these prophets, priests, and elders before the super volcano opens and erupts smoke and ash for five. The third group of redeemed will

have feared the name of the the Rock (Abaddon) before he began to rise from the bottomless pit. Hence they believed the message that warned of the Rock named Abaddon (super volcano). How the Rock will open with a massive explosion, that causes a great sound of thunder (equated with the trumpet being blown) and erupts smoke and ash for five months, as it fills with a lake of fire while swelling to heaven during the five months of erupting smoke and ash. Therefore the great multitude will have been instructed to wait for the great trumpet to sound and then travel to the rising intense and, thereafter, enter the risen ensign of intense light when it is radiating from an immense whirlwind of fire (equated with new Jerusalem) around the the swelled to heaven super volcano, filled with a lake of fire but not yet overflowing. All the redeemed will enter the risen ensign before a lake of fire begins to overflow and spread from within the USA to consume and cover the world. From the time the latter day dead end up in an overflowing lake of lava, patriarchs, prophets, saints (being the first group and second group of redeemed), and great multitude (third group) of redeemed will have all entered the ensign to, thereafter, receive their reward of eternal life in a new heaven and a new Earth. In the new heaven, the super volcano is dormant and low to the ground (hence no longer lifted-up and erupting into the atmosphere/heaven). The new Earth (land) of the new world will be like it was in Eden before the rebellion of Adam and Eve, instead of being covered in a lake of fire

(lava).

Revelation 11:19 And the TEMPLE {representing the lifted-up to heaven super volcano's immense mouth when it was filled with a lake of fire} **OF GOD** {visions and oracles of God the father/right hand Cherub that also wrote of the visions and oracles of his son/left hand Cherub of the spiritual Ark of the testament, equated with the visions and oracles written on the last small part} **was OPENED** {hence there is no more smoke and ash erupting to veil the swelled to heaven super volcano's immense mouth, full of a lake of fire/lava} **in HEAVEN** {heaven refers to the lifted-up to the sky super volcano's lava filled mouth, from which emanates an intense light/ensign}, **and there was seen in HIS** {God the father's} **TEMPLE** {referring to the lava filled mouth of the lifted-up to heaven super volcano} **the ARK** {equated with the visions and oracles written on the last small part by the first witness/Michael/God the father} **of HIS** {God the father's/bright star's} **TESTAMENT** {in the old Ark of the testament are two tablets of commandments, spiritual hidden manna of Revelation 2:17, equated with the visions and oracles written on the seventh angel with trumpet, reed-like rod of Revelation 11:1 equated with the first witness, and the little scroll of the latter day law equated with the visions and oracles written on six angels with trumpets}: **and there were LIGHTNINGS** {lightnings above the lifted-up to heaven lava super volcano full of

lake of fire, equated with visions written on the last small part}, **and VOICES** {voices/sound of great hailstones, equated with the fulfillment of the written visions/lightnings and oracles/thunderings}, **and THUNDERINGS** {thunderings above the lifted-up to heaven super volcano filled with a lake of fire, equated with the oracles written on the last small part}, **and an EARTHQUAKE** {caused when the swelled to heaven super volcano full of a lake of fire explodes with a massive earthquake-causing eruption such as never happened}, **and GREAT HAIL** {huge hailstones, will be raining upon the land from the time the swelled to heaven super volcano is full of a lake of fire}.

In Revelation 11:19 the vision showed the temple of God was opened high in the sky (heaven). This vision of the temple represents the time after the five months of smoke and ash have erupted. At that time, the immense open mouth of the swelled to heaven super volcano will be full of a lake of fire. All the redeemed will have already entered the risen ensign of intense light, emanating from new Jerusalem. The vision in Revelation 11:19 was revealed during the judgment when the then present replay of the last generation replayed the time when the Rock/Abaddon had risen as a swelled to heaven super volcano, full of a lake of fire. This vision is written on the seventh plagues angel (equated with the last small part of the seventh part of the scroll of life's first side) of what the two witnesses' saw and heard happen after lava had filled

the immense mouth of the swelled to heaven super volcano and all the redeemed had entered new Jerusalem's ensign of intense light before the judgment had begun.

In Revelation 11:19, the Ark of his (God the father's/visions and oracles written on the last small part) Testament (of what the first witness had seen happen) was seen. This golden Ark represents the combined visions and oracles of the two witnesses (equated with the two cherubs upon the Ark's mercy seat) that are written by the first witness (God the father/last small part) on the seventh plagued angel. In this Ark of the testament (representing the visions and oracles written on the last small part of the seventh part of the scroll of life's first side) are the visions and oracles written beneath four seals (equated with the tablet of stone with four commandments engraved on it) and last witness' visions and oracles written beneath six seals (equated with the tablet of stone with six commandments engraved on it). Also within this Ark is the spiritual golden pot of manna, which is equated with the visions and oracles written on the seventh angel with trumpet. There is also one spiritual rod in this Ark, which represents the visions and oracles written on the last small part by the first witness (Aaron type/bright moon/god the father/last small part). Also within the Ark of the testament is the book/scroll of the law, that is equated with the visions and oracles written on the initial six angels with trumpets.

Lightnings (equated with written visions), voices (equated

with the written interpretation of visions and oracles), and thunderings (equated with written oracles) are written in an unnatural order. The natural order is lightnings, thunderings, and voices (rain). The reason is that when the seventh angel with trumpet begins to sound, the kingdoms of this world do not become the kingdoms of God. After six plagues are fulfilled, then the seventh plagues angel will sound his great trumpet as the swelled to heaven super volcano, full of a lake of fire, explodes with a massive earthquake-causing eruption such as never happened, as the lake of fire begins to overflow and spread throughout the land. From that time, the kingdoms of this world become the kingdoms of the risen Rock/Abaddon, who is God the father when being revealed by the visions and oracles written by the first witness (last small part), but God the son when being revealed by the visions and oracles written by the last witness (first small part).
