

Chapter 15

Revelation 15:1 And I saw another SIGN in heaven, GREAT {huge/awesome} ***and MARVELLOUS*** {amazing}, ***SEVEN ANGELS*** {which are the fulfillment of the seven angels' trumpets/warnings} ***HAVING the SEVEN LAST PLAGUES; for in THEM*** {seven plagued angels} ***is filled up the wrath of God*** {Abaddon/the Rock}.

The Apostle John saw another vision (sign) in heaven that was huge and amazing. Each of the seven angels (visions) revealed a plague, which is attributed to God's (Abaddon's/the Rock's) wrath. These seven plagued angels are the personification of the plagues they pour out when the super volcano explodes with a massive earthquake-causing eruption, as smoke and ash begin to erupt. These plagues are fulfilled initially on the false prophet (USA) because the super volcano is within the USA. The initial six of the seven plagued angels represent six parts of the seventh part of the seventh light of the seventh angel with trumpet.

Revelation 15:2 And I saw as it were a SEA of GLASS {being the place where the judgment is happening on the huge sheet of hail/sea of glass in heaven above and around the top of the lifted-up to heaven super volcano's immense

mouth above which the judgment is happening} ***mingled with FIRE*** {this fire is the lake of lava in the immense mouth of the lifted-up to heaven super volcano}: ***and THEM*** {first group of priests and second group of elders/144,000} ***that had gotten the VICTORY over the BEAST*** {kingdom/beast of latter day Babylon that reigned as the sixth kingdom and as the seventh kingdom}, ***and over his IMAGE*** {same kingdom/beast that reigned again, but as the eighth kingdom}, ***and over his MARK*** {mark of his deals/spiritual wine cup full of spiritual wine, that pertains to what the beast envisions for the world's future, which is contrary to what the two witnesses' written visions and oracles are envisioning for the world's future}, ***and over the NUMBER*** {number six/sixth kingdom that will have reigned three separate times} ***of his NAME*** {latter day Babylon}, ***stand on the SEA of GLASS*** {sea of glass/great sheet of hail that formed in

the clouds of heaven/sky as the top floor of new Jerusalem}, ***having the HARPS*** {representing written visions and oracles of the two witnesses} ***of GOD*** {last small part/God the father/Michael/King David type}.

The Apostle John saw a sea of glass mingled with an orange-red glow of fire. The sea of glass is the transparent top floor of new Jerusalem. Within new Jerusalem is the lifted-up to heaven mountain of the swelled to heaven super volcano. This sea of glass is equated with a huge sheet of hail that formed above and around the lifted-up to

heaven super volcano's mountain, upon which is the immense mouth, that is still filled with a lake of fire during the judgment. In the middle of this sea of glass upon the clouds is where the throne of judgment is situated. The throne represents the intense light emanating from the fiery furnace of the lake of fire in the high mountain's immense mouth. On this throne of intense light sits the reigning visions and oracles of God the father, who represents the last small part of the seventh part of the scroll of life's first side. During the judgment, only the first group of priests and second group of elders are standing as saints on the sea of glass of the spiritual temple. These saints (priests and elders) had entered the fiery ensign emanating from above and around new Jerusalem before the judgment began.

After the world was covered by a lake of fire, the new heaven and new Earth began. At the same time when the new heaven and new Earth began, the judgment had begun. The judgment is happening upon the sea of glass that is as a sheet of hail of the clouds above the old heaven and old Earth. The sea of glass seems as if it is mixed with fire because the intense glow of the lake of fire below is radiating through the sea of glass that is above, as described in Revelation 15:2.

The saints (priests and elders) will have gotten the victory over the seven-headed ten-horned dragon/beast (which reigned during its first and second of three reigning

periods) and victory over its image, being the same seven-headed ten-horned beast that ruled during its third reigning period. Accordingly, they had gotten victory over its number of six. Its number is six because it is the same number six (6th) kingdom (union of nations) that will have reigned as the 6th kingdom during three separate periods; hence, 6, 6, and 6. The temple's saints are the first group of priests and second group of elders. These saints were victorious over its name of confusion/Babylon, which refers to any confused belief or ideal that is contrary to what the two witnesses' written visions and oracles prophesy concerning this old world's demise.

The first group and second group of redeemed are already standing on the sea of glass, having already gotten the victory over the beast (the seventh reigning kingdom) and its image (the eighth reigning kingdom). These saints of all generations had overcome confusion by believing the two witnesses' present truth message revealed by a living messenger in each generation. Accordingly, when the first group and second group of redeemed had entered the ensign of new Jerusalem and received their position on the sea of glass as priests and elders, they now have their figurative golden harps during the judgment. These golden harps represent the two witnesses' combined visions and oracles mixing together on the last small part of the seventh part of the scroll of life's first side and on the first small part of the seventh part of the scroll of life's other

side. The last small part is equated with the ending of the seventh evening at the sun's dawn when the moon is just below the westerly horizon. The first small part is equated with the beginning (morning) of the seventh day's sunlight at dawn when the sun is just below the easterly horizon. At that time of dawn when the moon's silvery light is mixing with the morning sun's coppery light, the gold of the harps is created. Since the gold crowns are the foreheads of the priests and elders, it means that they had received the golden crowns when they understood what is written on the first small part (son of God) and last small part (God the father). Accordingly the one like the son of man is the first and last, beginning and end, bright star (moon) and morning star (sun), the first witness and last witness, David type (father, who sang psalms on his harp) and a type of his offspring (Solomon, the son of David), who (offspring/son) received all things of his father and built the temple in Jerusalem.

Revelation 15:3 And THEY {priests and elders} ***sing the SONG*** {the song/message of the everlasting gospel} ***of MOSES*** {representing the latter day living messenger who proclaimed his message during the spiritual Goshen period, during the first spiritual wilderness journey, and during the second spiritual wilderness journey} ***the servant of God*** {one like the son of man/first and last/two witnesses}, ***and the SONG*** {the song/message} ***of the***

LAMB {being the visions and oracles written on the first small part of the seventh part of the scroll of life's other side}, **saying, Great and marvelous are thy works, Lord God Almighty** {being the visions and oracles written on the last small part that also recorded/witnessed the visions and oracles written on the first small part}; **just and true are thy ways, thou KING** {referring to the visions and oracles written on the first small part that also recorded/witnessed the visions and oracles written on the last small part} **of SAINTS** {these saints are priests/first group of redeemed and elders/second group of redeemed}.

The song of latter day Moses pertains to his message that was proclaimed in spiritual Goshen from beneath six seals. The song (message) was also proclaimed during the first spiritual wilderness journey, as written on six angels with trumpets. During the second spiritual wilderness journey, the song (message) is revealed by latter day Moses from six of seven thunders of the seventh angel with trumpet.

Latter day Moses' priests (of the first group of redeemed) and latter day elders (of the 144,000/second group of redeemed) will have learned how to sing the song in Revelation 15:3 pertaining to the Lamb (visions and oracles written on the first small part/son of God) before the super volcano explodes. Latter day Yahshua's final 3½-year ministry is typified by a past messenger's (old

Yahshua's/Jesus') message (Lamb) about 2000 years ago. As old Yahshua and his apostles gathered disciples before his message (Lamb) was killed at the end of 3½ years, so latter day Yahshua with his apostles (priests) will also gather his disciples (latter day elders that are of the 144,000) during the time when the two witnesses are prophesying to the USA's states and other nations for 1260 days. Old Yahshua's 3½ years of prophesying of his message ended (died/totally rejected) after an earthquake and temporary darkness happened without bringing an end to the reign of the rebellious people while old Yahshua was on the cross. This is equated with the time when after the two witnesses' visions and oracles written on the scroll of life have prophesied for 1260 days, they will be lying dead (totally rejected) after the sign of Jonah fails to bring an end to the reign of the latter day rebellious people ruling in the land. In the past type, an angel descended at the same time an earthquake hit the land, as old Yahshua was resurrected to life. As a bright angel descended with a great earthquake to resurrect old Yahshua (as well as many other saints that were dead) after he had lain dead for 3½ days, so the two witnesses' visions and oracles being revealed in heaven by the Lamb during the judgment will descend from heaven where the judgment is happening to resurrect from death to life the two witnesses' seemingly failed prophecies at the end of the sign of Jonah. The latter day resurrection happens 3½ days after the two witnesses' have prophesied for 1260 days. At the end of these 3½

days, the super volcano explodes with a great sound of thunder and great earthquake (but does not erupt smoke and ash continually), as the resurrection of all the righteous and rebellious dead of all generations rise to life and health.

In the past type, many saints rose to life at Yahshua's resurrection. In the latter days when the super volcano explodes at the end of the 3½ days of the sign of Jonah, all the saints (messiahs, patriarchs, apostles, and disciples) of every generation that died or were translated will rise (or manifest) to life and health when the two witnesses' written visions and oracles of the four riders and their white, red, black, and pale horses stand on their feet from total failure (death) in overcoming latter day Babylon's visions for the world's future.

In the past type, the apostles and disciple were taught a new song (message) by Yahshua (Jesus) during old Pentecost. At the beginning of the 50th evening (Pentecost), the apostles and disciples were gathered in an upper room and received the power of the Holy Spirit to proclaim the gospel to all nations. In our day, during the 50 days of new Pentecost, the messiahs, patriarchs, apostles, and disciples of all generations will learn the song (message of the everlasting gospel) of latter day new Yahshua. Then on the 50th evening (new Pentecost), they will receive the power of the Holy Ghost so they can proclaim the everlasting gospel to all nations, kindreds,

tongues, and people to convert a great multitude.

Revelation 15:4 Who shall not fear THEE {when the one like the son of man rises as a great light of a lake of fire from the swelled to heaven immense 40-mile wide mouth of the super volcano}, ***O LORD*** {one like the son of man}, ***and glorify thy NAME*** {Abaddon/the Rock}? ***for thou only art HOLY*** {purity of an immense lake of fire/lava}: ***for ALL NATIONS*** {of the righteous and rebellious} ***shall COME*** {during the judgment} ***and WORSHIP BEFORE THEE*** {reigning Abaddon/the Rock on a great white throne of intense light}; ***for THY*** {Abaddon's/the Rock's} ***JUDGMENTS*** {the judgments concerning how the latter day nations were plagued and ended from the time the super volcano began erupting smoke and ash, as recorded on the seventh plagues angel when the books (scrolls) had been opened during the initial 1,000 years of the judgment and then at the end of these 1,000 years the last scroll (scroll of life) was opened} ***are made MANIFEST*** {made manifest when revealed during the judgment}.

Abaddon the Rock rises up as a lake of fire from the bottomless pit, filling the immense 40-mile wide mouth upon the lifted-up to heaven super volcano. Who shall not fear this terrifying sight of a filled lake of fire when it overflows and spreads from the swelled to heaven super volcano's immense 40-mile wide mouth. Before the lake of fire overflows from the swelled to heaven great

mountain, it will be surrounded by an immense fiery whirlwind with terrible lightnings, thunderings, and voices of raining great hailstones.

During the judgment, all overcomers will view the visions and oracles of the one like the son of man rising from the bottomless pit and confess that the ways of God (one like the son of man) are just and true. The rebellious people viewing the judgment will also confess and bow down to the one (God the father/visions and oracles written on the last small part) sitting on the throne and the Lamb (God's son/visions and oracles written on the first small part), that will be revealing all written visions and oracles during the judgment (see Revelation 15:4). Some time after the initial 1,000 years of the judgment, the visions and oracles written on the last small part and first small part have been the judgment what had happened in every generation to the end of the world, new heaven and new Earth, and what has happened during the judgment. At the beginning of the judgment, all rebellious people from every generation and every nation have manifested in the spirit (ghost) outside new Jerusalem to view the judgment. At the same time, all righteous people that entered the ensign are inside new Jerusalem. Some time after 1,000 years of the judgment had passed, the last scroll/scroll of life was revealing the time when Abaddon/the Rock rose as a lake of fire to pass judgment on rebellious nations and people that refused to believe the everlasting gospel and chose to remain outside

the ensign of new Jerusalem. All rebellious nations and people were judged worthy of receiving the plagues that were loosed on them when a lake of fire overflowed and spread to cover the world.

The judgment period has been continuing for more than 1,000 years. Some time after the initial 1,000 years of the judgment period, the one like the son of man has replayed many times over the things that existed and happened from the first generation of Genesis through to the last generation, end of the world, the new heaven and new Earth, and what has been happening during the judgment. Presently, the one like the son of man's written visions and oracles are replaying what existed and happened during the lives we are living in this last generation, including the world and universe.

Revelation 15:5 And after that I looked, and, behold, the TEMPLE {representing the time when the lake of fire has filled the immense 40-mile wide mouth/spiritual temple of the swelled to heaven super volcano and is no longer erupting smoke and ash} ***of the TABERNACLE*** {representing the former covering/tabernacle of erupted smoke and ash that had covered the temple/house/mouth of the super volcano} ***of the TESTIMONY*** {equated with the old ark of the testimony/throne in the holy of hollies of the figurative tabernacle} ***in HEAVEN*** {heaven refers of

the sea of glass that is above and around the top of the swelled to heaven mountain/new Zion of the super volcano} **was OPENED** {when the lake of fire has filled the immense mouth/temple of the swelled to heaven super volcano, it is then visible/open because an intense light (Shekinah) of the ensign will be radiating out of the immense mouth upon the swelled to heaven mountain instead of the covering of thick smoke and hot sticky ash, that had erupted for five months}:

In Revelation 15:5 the temple refers to the immense mouth upon the mountain of the super volcano. When the swelling to heaven super volcano's immense mouth (equated with the temple) is erupting smoke and ash for five months, then this spiritual temple (immense mouth of the swelling to heaven super volcano) is covered by the thick darkness caused by erupting smoke and ash for five months. At the end of five months of erupting smoke and ash, the super volcano will have swelled to heaven (sky). At that time when smoke and ash are no longer erupting, the lifted-up to heaven immense 40-mile wide mouth (representing the temple) filled with a lake of fire will become visible. From that time, the swelled to heaven temple (super volcano's immense and high mouth filled with a lake of lava) will be open (visible). The intense light (ensign) radiating above the lifted-up to heaven super volcano is equated with the Shekinah glory that manifested on the Ark of the testament. The old Ark of the

testimony contained history of the Israelites and all their written laws. Just as some time after after 1,000 years of the judgment when all scrolls had been revealed, the one like the son of man thereafter contains all the written visions and oracles that are written on all the scrolls and last scroll/scroll of life that were revealed during the judgment.

The one like the son of man represents the visions and oracles written on the last small part (first witness) of the seventh part of the scroll of life's first side and the visions and oracles written on the first small part (last witness) of the seventh part of the scroll of life's other side. The two witnesses (Michael/God the father and Gabriel/son of God) initially began writing on the last small part and first small part from the time Abaddon/the Rock had risen from the bottomless pit and was sitting on his throne of intense light (Shekinah/ensign of new Jerusalem). Accordingly, all things that existed and happened from the time Abaddon/the Rock had risen from the bottomless pit to reign as the swelled to heaven super volcano, the world ending in a spreading lake of fire, the new heaven and new Earth, and the opening of all the scrolls during the judgment and on are all written on the last small part (God the father/first witness) and first small part (son of God/last witness).

Revelation 15:6 And the SEVEN ANGELS {seven plagued angels} ***came out of the TEMPLE*** {representing

the immense mouth filling with a lake of fire when smoke and ash are erupting}, *having the SEVEN PLAGUES, CLOTHED in PURE and WHITE LINEN* {the white linen is equated with the visions and oracles written on the one like the son of man/first and last/beginning and end/bright star and morning star/first witness and last witness}, *and having their BREASTS* {the right breast of spiritual silvery rays/visions of moonlight at dusk of the first witness mixed with the left breast of spiritual coppery rays/visions of morning sunlight at dawn of the last witness} *girded with GOLDEN GIRDLES* {this gold is created by mixing the silver visions of the first witness with the coppery visions of the last witness during dawn; when the ending of the seventh evening's moonlight mixes with the beginning/morning sunlight}.

Six plagued angels of torment will have been consecutively fulfilled while smoke and ash are issuing for five months from the swelling to heaven super volcano. After these five months, all the redeemed will enter the intense light of new Jerusalem when it is surrounding the swelled to heaven super volcano (full of a lake of fire). Thereafter the swelled to heaven super volcano explodes with a deafening sound of thunder and a massive earthquake such as never happened, as the seventh plagued angel begins being fulfilled. At the massive earthquake, the immense 40-mile wide mouth of the lifted-up to heaven super volcano, filled with a lake of

fire, begins to overflow and spread throughout the USA and world. Many thousands of whirlwinds (chariots) of fire manifest with the flowing rivers of fire. Coals of fire and great hailstones will be hurled upon the land that the rivers of fire flow through.

The fulfillment of the seventh plagued angel causes all seven plagued angels to bring death to the nations and peoples that rejected the everlasting gospel and remained outside the ensign of new Jerusalem. At the time when the seventh plagued angel begins, all seven plagued angels are being fulfilled, just as all things created in six consecutive days of Genesis could all be seen at the same when the seventh day began.

All seven plagued angels have white linen garments. This reveals that they are being replayed from the bright visions and oracles written on the one like the son of man, who represents the visions and oracles written on the first small part (Lamb/son of God) that also recorded (witnessed) the visions and oracles that are written on the last small part (God the father). These white garments represent the intense light of the written visions of the one like the son of man. These visions written on the one like the son of man are equated with the intensely bright pure (holy) light (Shekinah) radiating from the high and immense 40-mile wide mouth upon the swelled to heaven super volcano (full of a lake of fire).

Revelation 15:7 And ONE {being the six-winged beast with the face of an eagle} ***of the FOUR BEASTS gave unto the SEVEN ANGELS SEVEN GOLDEN VIALS*** {golden vials are equated with the first witness'/spiritual moon's silvery visions/light mixed with the last witness'/spiritual morning sun's coppery visions/light written on the one like the son of man} ***full of the WRATH of God*** {Abaddon/the Rock/God the father/last small part}, ***who liveth forever and ever.***

The rising of Abaddon/the Rock (super volcano) from the bottomless pit happens when the super volcano explodes with a great earthquake-causing eruption, as the great trumpet is blown (being the deafening sound of thunder). At the bright flash of the explosion, the six-winged beast (white horse) with the face of an eagle begins being fulfilled, as its rider (the rising bright star/the king) rides his white horse from the bottomless pit armed with a bow and arrows. Accordingly, it is this beast (horse with the face of an eagle) of the four beasts (four horses) that gives the ability for each of the seven plagued angels to ascend out of the bottomless pit of the super volcano, as it fills with a lake of fire while erupting smoke and ash for five months. This is the reason why this beast with the face of an eagle is seen in Revelation 15:7 giving each of seven plagued angels a golden vial. The golden vials represent the two witnesses' visions and oracles that replay the time

when each of the seven plagued angels were fulfilled.

During the judgment, the one like the son of man (first and last, beginning and end) reveals the visions and oracles written on the last small part (God the father who lives forever) and first small part (God's son who lives forever). The reason why they live forever is that the visions and oracles written on the last small part and first small part replay all things that have happened from Genesis, the new heaven and new Earth, and through the Judgment. While the things of the past are being replayed, they are written anew on the last small part and first small part, which these newly written visions and oracles are revealed again to replay all things that happened from Genesis, the continuing new heaven and new Earth, and through the continuing judgment. Anything that is happening during the judgment is being written on the last small part of the seventh part of the scroll of life's first side and written on the first small part of the seventh part of the scroll of life's other side. That which is written will be revealed during the judgment, and that which is revealed is being written. Accordingly the last small part (God the father/first witness/bright star) and first small part (son of God/last witness/morning star) live forever.

Revelation 15:8 And the TEMPLE {representing the rising super volcano's immense 40-mile wide mouth

filling with a lake of fire as it erupts smoke} *was FILLED with SMOKE* {during five months of erupting smoke and ash} *from the GLORY* {the gloriously intense light rising higher as the lake of fire fills the immense 40-mile wide mouth of the rising super volcano/Abaddon/the Rock} *of GOD* {one like the son of man who rises from the bottomless pit to sit on his throne of intense light/Shekinah}, *and from his POWER* {his power is equated with the swelled to heaven great rock/mountain that fills with a lake of fire and overflows and covers the world}; *and NO MAN* {none of the redeemed} *was able to ENTER into the TEMPLE* {immense mouth of the rising super volcano}, *TILL the SEVEN PLAGUES of the SEVEN ANGELS were FULFILLED* {fulfilled initially on the USA and surrounding nations and then all nations}.

On the old Day of Atonement, no priests (representing the first group of redeemed) or elders (representing the second group of redeemed) could be in the temple when the high priest (representing the first witness' visions and oracles) was in the temple filling his censor with hot coals and placing sweet incense thereon before he entered the holy of holies (see Leviticus 16:17). A cloud of smoke would issue from the golden altar (full of burning coals of fire) and his censor and fill the temple to veil the high priest when the awesome glory (intense light/Shekinah) of God's (one like the son of man revealing the risen Abaddon's/the

Rock's) presence on the Ark of the Testament (see Leviticus 16:12, 13). This reveals that none of the redeemed are able to enter the spiritual temple (immense mouth) of the super volcano while it is erupting smoke and ash for five months. A glorious and pure (holy) light will be mixing with the smoke and ash above the lake of fire filling the immense mouth upon the lifted-up to heaven super volcano. From the time the lake of fire begins filling the high and immense 40-mile wide mouth, all seven plagued angels are fulfilled one after another on the same day. No person will be able to enter the rising glorious light while it is mixing with the erupting smoke and ash until each of the seven plagued angels have begun being fulfilled. However, from the time the super volcano explodes with a great sound of thunder, that great sound of thunder is the trumpet being blown for all the redeemed to begin traveling to the rising ensign while the super volcano is erupting smoke and ash.

In the latter day new time of Atonement, erupting smoke and ash will be filling the temple (mouth of the swelling to heaven super volcano) during the five months when smoke and ash are erupting from the swelling to heaven super volcano. At the end of these five months of erupting smoke and ash, the super volcano will have swelled to heaven, as the sixth plagued angel is ending and the seventh plagued angel is beginning when new Jerusalem (representing an immense whirlwind of fire) has

manifested around the swelled to heaven super volcano. At that time, when the intense light of the ensign is radiating from new Jerusalem, then the three groups of the redeemed will be able to enter the ensign, as the first group (priests) and second group (elders) of redeemed are able to stand on the sea of glass in the spiritual temple before the throne (equated with the Ark of the testament) of God within new Jerusalem.

Leviticus 16:17 *And there shall be NO MAN IN THE TABERNACLE* {just as none can enter the glorious light mixed with erupting smoke and ash until each of the seven plagued angels have begun being fulfilled} *of the congregation when HE* {high priest equated with the visions and oracles of the first witness/spiritual moon's light/visions} *goeth IN* {the temple} *to make an atonement in the HOLY PLACE* {equated with the time when smoke and hot ash are erupting for five months from the rising super volcano}, *until HE* {high priest} ***COME OUT*** {representing the time when all seven plagued angels have begun}, *and have made an ATONEMENT for HIMSELF* {equated with the last small part}, *and for his HOUSEHOLD* {equated with the first group/priests and second group/elders of redeemed}, *and for all the CONGREGATION* {equated with the third group of redeemed} *of Israel.*

Leviticus 16:12 *And HE* {high priest representing the first witness' visions and oracles} *shall take a censer full of*

BURNING COALS OF FIRE {representing the time when smoke and ash are erupting for five months from the swelling to heaven super volcano} *from off the ALTAR* {the golden altar represents the super volcano} *before the LORD* {one like the son of man upon the mercy seat of the Ark of the testament in the holy of hollies of the temple when he is revealing the risen Abaddon/the Rock sitting on his throne of glorious light when the seventh plagued angel begins being fulfilled}, *and his hands full of SWEET INCENSE* {the rising of Abaddon/the Rock as each of the seven plagued angels begin being fulfilled is sweet/joyous to the people that have been prophesying of the everlasting gospel and patiently waiting for his rising from the bottomless pit} *beaten small, and BRING IT WITHIN THE VAIL* {into the holiest room of the temple when the seventh plagued angel begins being fulfilled}:

Leviticus 16:13 *And he shall put the incense upon the fire before the LORD* {the Lord/represents the mixing of the two witnesses/two arch angels written visions and oracles on the last small part of the scroll of life}, *that the CLOUD* {equated with the cloud of smoke over the lifted-up to heaven super volcano after five months of smoke and ash} *of the incense may cover the MERCY SEAT* {where the one like the son of man reigns on his throne of intense glorious light over latter day Babylon's fallen kingdom} *that is upon the testimony, that HE* {first witness' written visions and oracles} *DIE NOT* {when the

high priest enters the holy of hollies, it is equated with the written visions and oracles written on the last small part revealing the time when Abaddon/the Rock/super volcano is rising as a lake of fire with intense glorious light from the bottomless pit of hellfire/magma}:
