

Chapter 15

Revelation 15:1 And I saw another SIGN in heaven, GREAT {awesome} and MARVELLOUS {amazing}, SEVEN ANGELS {which are the fulfillment of the seven angels' trumpets/warnings} HAVING the SEVEN LAST PLAGUES; for in THEM {seven plagued angels} is filled up the wrath of God {seventh plagued angel}.

The Apostle John saw another vision (sign) in heaven that was huge and amazing. Each of seven angels (visions) revealed a plague, which is attributed to God's (seventh plagued angel's) wrath. These seven plagued angels are the personification of the plagues that are loosed when the seventh plagued angel rises as magma from the swelled to heaven bottomless pit (super volcano). These plagues are fulfilled initially on the false prophet (USA), which are written on the seventh light and seventh thunder of the seventh angel with trumpet on the scroll of life. This vision in Revelation 15:1 happens when the super volcano swells to heaven and explodes magma into the sky.

Revelation 15:2 And I saw as it were a SEA of GLASS {representing great hailstones raining above and around the high and lifted-up lava erupting super volcano} mingled with FIRE {this fire is created by lava overflowing from the immense 40-mile wide mouth of the

high and lifted-up super volcano}: ***and THEM*** {first group of priests and second group of elders/144,000} ***that had gotten the VICTORY over the BEAST*** {kingdom/beast of latter day Babylon that reigned as the sixth and seventh kingdoms}, ***and over his IMAGE*** {same kingdom/beast that reigned again, but as the eighth kingdom}, ***and over his MARK*** {spiritual wine cup/ideals that are contrary to the two witnesses' visions and oracles}, ***and over the NUMBER*** {number six/sixth kingdom that will have reigned three separate times} ***of his NAME*** {latter day Babylon}, ***stand on the SEA of GLASS*** {upon this sea of glass/hailstones in heaven/sky is the floor area where the seventh plagued angel's throne of judgment sits in the middle}, ***having the HARPS*** {representing visions and oracles of the two witnesses} ***of GOD*** {seventh plagued angel}.

The Apostle John saw a sea of glass mingled with an orange-red glow of fire. The sea of glass is the transparent temple-floor that sits over the high and lifted-up lava erupting super volcano. Accordingly, the sea of glass is equated with the great hailstones that will be forming above where the immense 40-mile wide mouth of the high and lifted-up lava erupting super volcano is located. In the middle of this sea of glass is where the judgment throne of the seventh plagued angel is sitting during the judgment. Only the first group of priests and second group of elders are permitted to stand on the sea of glass of the spiritual

temple after they have entered the fiery ensign.

Magma will fill the immense 40-mile wide mouth of the super volcano. This lake of fire (lava) will continually spread as lava continuously overflows from the mouth of the high and lifted-up super volcano. At the same time, great hailstones will be raining down around the immense mouth of the super volcano. Accordingly, as the great hailstones are created in heaven (sky), beneath these hailstones in heaven can be seen the lake of fire below. This is the reason why the sea of glass is glowing with the color of fire, as stated in Revelation 15:2. In one day when the seventh plagued angel rises from the swelled to heaven bottomless pit, all seven plagued angels will be pouring out their plagues on the USA and the US capital, which ruled the latter day Babylonian beast (kingdom).

The saints (priests and elders) will have gotten the victory over the seven-headed ten-horned dragon/beast (which reigned during its first and second of three reigning periods) and victory over its image, being the same seven-headed ten-horned beast's third reigning period. Accordingly, they had gotten victory over its number of six. Its number is six because it is the same number six (6th) kingdom (union of nations) that will have reigned as the 6th kingdom during three separate periods; hence, 6, 6, and 6. The saints who are of the first group of priests and second group of elders are victorious over its name of confusion/Babylon, which refers to any confused belief or

ideal that is contrary to what the two witnesses written visions and oracles prophesy concerning this old world's future.

The first group and second group of redeemed are already standing on the sea of glass, having already gotten the victory over the beast (seventh reigning kingdom) and its image (eighth reigning kingdom). These saints of all generations had overcome confusion by believing the two witnesses' present truth message revealed by a living messenger in each generation. Accordingly, when the first group and second group of redeemed had entered the ensign and received their position on the sea of glass as priests and elders, they now have their figurative golden harps during the judgment. These golden harps represent the two witnesses' combined visions and oracles. Hence the gold color of the harps, which is created by mixing silver moonlight visions of the first witness (of what Michael wrote on the first side of each scroll and last scroll/scroll of life) with coppery sunlight visions of the last witness (of what Gabriel wrote on the last side of each scroll and last scroll/scroll of life). The judgment is presently happening, in which the seventh plagued angel is presently replaying what happened in the last generation; hence the replayed lives we are presently living just as we had already lived it.

Revelation 15:3 *And THEY* {priests and elders} *sing the SONG* {the song/message according to what is written beneath six seals, the song of their experience written on six angels with trumpets, the song of their experience written on six of seven thunders of the seventh angel with trumpet} *of MOSES* {representing the living messenger in each generation who proclaimed his message during the spiritual Goshen period, during the first spiritual wilderness journey, and during the second spiritual wilderness journey} *the servant of God* {seventh plagued angel}, *and the SONG* {the song/message written on six of seven thunders of the seventh angel with trumpet} *of the LAMB* {song/message of the living messenger during the remaining 3½ years/1260 days of the 2300-day period}, *saying, Great and marvelous are thy works, Lord God Almighty* {seventh plagued angel reigning upon the high and lifted-up lava erupting super volcano}; *just and true are thy ways, thou KING* {reigning seventh plagued angel} *of SAINTS* {priests/first group of redeemed and elders/second group of redeemed}.

The song of latter day Moses pertains to his message that was proclaimed in spiritual Goshen from beneath six seals. The same song (message) was proclaimed during the first spiritual wilderness journey, as written on six angels with trumpets. During the second spiritual wilderness journey, the same song (message) is revealed by latter day Moses from six of seven thunders of the

seventh angel with trumpet.

Latter day Moses' priests (of the first group of redeemed) and latter day elders (of the 144,000/second group of redeemed) will have learned how to sing the song in Revelation 15:3 pertaining to the Lamb (message of latter day Moses/Yahshua) before the star's impact. Latter day Yahshua's final 3½-year ministry is equated with a past messenger's (old Yahshua's/Jesus') ministry (Lamb) about 2000 years ago. As Yahshua gathered apostles and disciples before his message (Lamb) was killed after 3½ years, so latter day Yahshua will again gather his apostles (priests) and his disciples (latter day elders that are of the 144,000) during the time when the two witnesses are prophesying to the USA's states and other nations for 1260 days. Yahshua's 3½ years of prophesying of his message ended (died/totally rejected) after an earthquake and temporary darkness happened without bringing an end to the reign of the rebellious people while Yahshua was on the cross. This is equated with the time when after the two witnesses' visions and oracles written on the scroll of life have prophesied for 1260 days, they will be lying dead (totally rejected) after the sign of Jonah fails to bring an end to the reign of the latter day rebellious people reigning in the land. Old Yahshua resurrected after an angel descended to release him from death while he was lying dead for 3½ days, just as the two witnesses' predictions written on the scroll of life rise from death to life when

3½ days after a star's impact then causes the super volcano to erupt smoke and ash continually for five months in the USA. In the past type, many saints rose to life at Yahshua's resurrection. In the latter days, all the saints (messiahs, patriarchs, apostles, and disciples) and all the dead of every generation will resurrect to life and health when the two witnesses' visions and oracles of the four riders and their white, red, black, and pale horses rise from failure (death) to begin being fulfilled after the star's impact. In the past type, during old Pentecost, the apostles and disciples were gathered in an upper room. They had all learned to sing (proclaim) the song pertaining to the then present messiah's message (Lamb). In our day, during the 50 days of new Pentecost, the messiahs, patriarchs, apostles, and disciples of all generations will learn the song (message) that will be proclaimed to gather the great multitude.

Revelation 15:4 Who shall not fear THEE {seventh plagued angel rising as a great light of magma from the swelled to heaven immense 40-mile wide mouth of the bottomless pit/super volcano}, ***O LORD*** {seventh plagued angel}, ***and glorify thy NAME*** {seventh plagued angel}? ***for thou only art HOLY*** {pure light of overflowing fire/lava}: ***for ALL NATIONS*** {of the righteous and rebellious} ***shall COME*** {during the judgment} ***and WORSHIP BEFORE THEE*** {reigning seventh plagued angel}; ***for THY*** {seventh plagued angel's}

JUDGMENTS {as recorded on the seventh plagued angel when all the books/scrolls and last scroll/scroll of life will have been opened during the judgment} ***are made MANIFEST*** {when the seventh plagued angel's judgments are being revealed near the end of the 1,100 years of the judgment}.

The seventh plagued angel rises up as a great light of overflowing lava from the high and lifted-up to heaven immense 40-mile wide mouth of the bottomless pit (super volcano). Who shall not fear this terrifying sight of overflowing lava from an immense 40-mile wide mouth above the high mountain of the super volcano, which is surrounded by a great fiery whirlwind with terrible lightnings, thunderings, and deafening voices of raining great hailstones.

During the judgment, all overcomers will view the visions and oracle of the seventh plagued angel's rising and confess that the ways of God (seventh plagued angel) are just and true; hence, straight up and down. The rebellious people will also confess and bow down to the seventh plagued angel that will be revealing all written visions and oracles during the judgment (see Revelation 15:4). Near the end of the 1,100 years of the judgment, the seventh plagued angel's written record will be opened to them. All rebellious people from every generation and every nation will manifest outside new Jerusalem and all righteous people will manifest inside new Jerusalem to view the

seventh plagued angel's judgment according to the visions and oracles written on the scrolls and the last scroll/scroll of life.

Revelation 15:5 *And after that I looked, and, behold, the TEMPLE* {representing the magma filled immense 40-mile wide mouth/spiritual temple of the high and lifted-up to heaven super volcano} *of the TABERNACLE* {representing the former smoke and ash that had covered the temple/house/mouth of the super volcano} *of the TESTIMONY* {equated with the old ark of the testimony/throne in the holy of hollies of the tabernacle} *in HEAVEN* {heaven refers of the sky over the high and lifted-up mountain of the lava erupting super volcano} *was OPENED* {the magma filling mouth/temple of the high and lifted-up to heaven super volcano is visible/open because magma will be erupting from on high, instead of smoke and ash erupting when the super volcano was low and covered by thick smoke and hot ash}:

In Revelation 15:5 the temple refers to the mouth of the super volcano. When the low to the ground super volcano's mouth (equated with the temple) erupts smoke and ash for five months, then this spiritual temple (mouth of the super volcano) is covered by thick darkness by erupting smoke and ash. After five months of smoke and ash, the super volcano swells to heaven (sky) and

explodes, as magma fills the immense 40-mile wide mouth of the now high and lifted-up to heaven super volcano. At that time, the smoke and ash will have dissipated as the high and lifted-up to heaven immense 40-mile wide mouth (representing the temple) overflowing with lava will become visible. From that time, the temple (super volcano's mouth overflowing with lava) will be open (visible). The great light (ensign) above the high and lifted-up super volcano is equated with the Shekinah glory that manifested on the Ark of the testimony. As the Ark of the testimony contained all the written law, so on the seventh plagues angel is written all the visions and oracles that are written on all the scrolls and last scroll/scroll of life. The seventh plagues angel represents the last small part of the scroll of life. On this last small part are written all the visions and oracles of all things that existed and happened in every generation and what is presently happening in the judgment.

Revelation 15:6 And the SEVEN ANGELS {after six plagues angels happened when smoke and ash were erupting, the rising of the seventh plagues angel causes all seven plagues angels to be fulfilled at the same time, just as all things created after six days of Genesis could all be seen at one time when the seventh day began} ***came out of the TEMPLE*** {representing the opened/visible immense mouth overflowing with lava of the high and lifted-up super volcano in the fallen USA}, ***having the***

SEVEN PLAGUES, CLOTHED in PURE and WHITE LINEN {representing the time when a bright light/ensign is seen above the immense mouth overflowing with lava of the high and lifted-up super volcano}, ***and having their BREASTS*** {the right breast of spiritual silvery rays/visions of moonlight of the first witness/first side of the scroll of life mixed with the left breast of spiritual coppery rays/visions of sunlight of the last witness/last side of the scroll of life} ***girded with GOLDEN GIRDLES*** {this gold is created by mixing the silver visions of the first witness with the coppery visions of the last witness}.

Six plagued angels were consecutively fulfilled while smoke and ash were issuing from the super volcano for five months. Then the super volcano swelled to heaven and explode magma into the sky, causing a massive earthquake such as never happened. After the massive earthquake, the immense 40-mile wide mouth of the high and lifted-up super volcano fills with magma. A huge fiery whirlwind forms around the high mountain of the super volcano, which spawns many smaller whirlwinds. Great hailstones will be raining down around the lava erupting high mountain of the super volcano.

The rising of the seventh plagued angel from the high and lifted-up to heaven bottomless pit (super volcano) causes all seven plagued angels to be fulfilled at the same time, just as all things created in six consecutive days of

Genesis could all be seen at the same when the seventh day began. All seven plagued angels represent certain visions and oracles of things that happen when the high and lifted-up super volcano's immense mouth is overflowing with lava. Accordingly, the seven plagued angels will be exiting the high and lifted-up immense 40-mile wide mouth while wearing their pure white garments, which represent the intensely bright pure light emanating from the high and lifted-up 40-mile wide mouth overflowing with lava.

Revelation 15:7 And ONE {being the six-winged beast with the face of an eagle} ***of the FOUR BEASTS gave unto the SEVEN ANGELS SEVEN GOLDEN VIALS*** {golden vials are equated with the first witness'/spiritual moon's silvery visions/light mixed with the second witness'/spiritual sun's coppery visions/light written on seven plagued angels} ***full of the WRATH of God*** {seventh plagued angel}, ***who liveth forever and ever.***

The six-winged beast with the face of an eagle represents the bright star (intense light of the king of kings/seventh plagued angel) of the rising seventh plagued angel from the high and lifted-up bottomless pit (super volcano) riding his white horse and armed with a bow. Accordingly, it is this beast (horse with the face of an eagle) of the four beasts (four horses) that gave the ability for the seven

plagued angels to ascend out of the opened lava erupting immense mouth of the high and lifted super volcano. This is the reason why this beast with the face of an eagle is seen in Revelation 15:7 giving each of seven plagued angels a golden vial.

The golden vials represent the two witnesses' visions and oracles written on each of seven plagued angels. These visions and oracles pertain to things that had happened from the time the super volcano swelled to heaven and exploded magma into the sky. The first witness' visions are equated with the spiritual moon's silvery light, while the last witness' visions are equated with the spiritual sun's coppery light at dawn. When the spiritual silvery light is mixed with the spiritual coppery light on each of seven plagued angels, it creates the gold of the vials. The visions and oracles written by the two witnesses on the seven plagued angels represent the anger of the seventh plagued angel (God). All seven plagued angels happening when the seventh plagued angel rises from the high and lifted-up bottomless pit are the anger of the seventh plagued angel that lives forever.

The seventh plagued angel (who lives forever) represents the last small part of the scroll of life. From the time the super volcano swelled to heaven and exploded magma into the sky, everything that exists and happening from that point are written as visions and oracles by Michael and Gabriel on the last small part (represented by the

seventh plagued angel) of the scroll of life. Accordingly all the visions and oracles happening during seven plagued angels fulfilled at the same time, the redeemed gathered into the ensign, the world dissolved in the expanding lake of fire, then the new Earth and new heaven beginning and continuing at the same time the judgment begins and continues are all written on the seventh plagued angel.

During the judgment, each scroll containing the written visions and oracles of what existed and happened in each generation is revealed consecutively. The revealing of all visions and oracles of each scroll replays each generation just as it had existed. As each generation is replayed, each generation is written on the last small part (seventh plagued angel) of the last scroll/scroll of life.

When the last small part of the scroll of life begins to be revealed during the judgment, it reveals everything that happened from the time the super volcano swelled to heaven and exploded magma into the sky, all seven plagued angels being fulfilled at the same time, the redeemed gathered into the ensign, the world dissolved in the expanding lake of fire, then it reveals the time when the new Earth and new heaven had begun at the same time the judgment happened. The last small part (equated with the seventh plagued angel) of the last scroll/scroll of life will then show the time when during the judgment the visions and oracles were revealed from each scroll as each

generation was replayed. The last small part of the last scroll/scroll of life will then reveal the time when the last small part of the scroll of life was being revealed to again show everything that happened from the time the super volcano swelled to heaven and exploded magma into the sky through to the time when the last small part (seventh plagued angel) of the scroll of life is revealed and so on. Accordingly, the seventh plagued angel (God) lives forever.

Revelation 15:8 And the TEMPLE {representing the high and lifted immense 40-mile wide mouth overflowing with lava of the super volcano} ***was FILLED with SMOKE*** {at the end of five months of smoke and ash erupting} ***from the GLORY*** {the gloriously intense light emanating from overflowing lava-filled immense 40-mile wide mouth of the super volcano} ***of GOD*** {creator/seventh plagued angel whose visions and oracles replay/recreate each generation}, ***and from his POWER*** {of erupting overflowing lava and tremendous heat}; ***and NO MAN*** {of the redeemed} ***was able to ENTER into the TEMPLE*** {opened super volcano}, ***TILL the SEVEN PLAGUES of the SEVEN ANGELS were FULFILLED*** {fulfilled in one day upon the fallen USA}.

After five months of erupting smoke and ash, the temple (immense mouth of the super volcano) opens when the

super volcano swells to heaven and explodes magma into the sky. From that time the temple (immense mouth overflowing with lava) will be open continually.

On the old Day of Atonement, no priests (representing the first group of redeemed) or elders (representing the second group of redeemed) could be in the temple when the high priest (representing the first witness' visions and oracles) was in the temple filling his censor with hot coals and placing sweet incense thereon and then entering the holy of holies (see Leviticus 16:17). A cloud of smoke would issue from the golden altar and his censor and fill the temple to veil the high priest from the awesome glory (light) emanating from God's (seventh plagues angel's) presence on the Ark of the Testament (see Leviticus 16:12, 13).

In the latter day new Time of Atonement, erupting smoke and ash are filling the temple (mouth of the super volcano) during five months of smoke and ash erupting from the super volcano. At the end of these five months of smoke and ash, the super volcano swells to heaven and explodes magma into the sky. A glorious and pure (holy) light will be mixing with the smoke and ash above the magma-filling immense mouth of the high and lifted-up super volcano at the time all seven plagues angels are fulfilled in the same day. No person will be able to enter the glorious light while it is mixing with smoke and ash and each of the seven plagues angels are being fulfilled in the

same day.

Leviticus 16:17 *And there shall be NO MAN IN THE TABERNACLE* {just as none of the redeemed can enter the glorious light mixed with smoke until the seven plagued angels have been fulfilled } *of the congregation when HE* {high priest equated with the visions and oracles of the first witness/spiritual moon's light} *goeth IN* {the temple} *to make an atonement in the HOLY PLACE* {equated with the time when smoke and hot ash are issuing for five months from the super volcano}, *until HE* {high priest} *COME OUT* {representing the time when all seven plagued angels come out in the same day when the seventh plagued angel has risen as a glorious light over the high and lifted-up to heaven super volcano}, *and have made an ATONEMENT* {the atonement is for the three groups of overcomers} *for himself, and for his household, and for all the congregation of Israel.*

Leviticus 16:12 *And HE* {high priest representing the first witness' visions and oracles} *shall take a censer full of BURNING COALS OF FIRE* {representing the time after smoke and ash have erupted for five months from the super volcano} *from off the ALTAR* {the golden altar represents the super volcano} *before the LORD* {Lord/seventh plagued angel sitting as a glorious light upon the mercy seat of the Ark of the Testament in the Holy of Hollies}, *and his hands full of SWEET INCENSE* {the rising of the seventh plagued angel is sweet/joyous to

the people that have been prophesying and waiting for his rising while smoke and ash were erupting for five months} *beaten small, and BRING IT WITHIN THE VAIL* {into the Holiest room of the temple}:

Leviticus 16:13 *And he shall put the incense upon the fire before the LORD* {the Lord is the two witnesses'/two arch angels' combined written visions and oracles written on the seventh plagued angel}, *that the CLOUD* {equated with the cloud of smoke over the high and lifted-up super volcano after five months of smoke and ash} *of the incense may cover the MERCY SEAT* {where the reigning seventh plagued angel sits as a great and glorious light} *that is upon the testimony, that HE* {first witness' visions and oracles} *DIE NOT* {when the high priest enters the holy of hollies, it is equated with the written visions that reveal the time when the seventh plagued angel has risen as a great light emanating from the immense 40-mile wide mouth filling with magma upon the high and lifted-up super volcano}:
