

Chapter 15

Revelation 15:1 And I saw another SIGN in heaven, GREAT {huge/awesome} ***and MARVELLOUS*** {amazing}, ***SEVEN ANGELS*** {which are the fulfillment of the seven angels' trumpets/warnings} ***HAVING the SEVEN LAST PLAGUES; for in THEM*** {seven plagued angels} ***is filled up the wrath of God*** {seventh plagued angel}.

The Apostle John saw another vision (sign) in heaven that was huge and amazing. Each of seven angels (visions) revealed a plague, which is attributed to God's (seventh plagued angel's) wrath. These seven plagued angels are the personification of the plagues that are loosed when the seventh plagued angel rises as a great light with fire from the swelled to heaven bottomless pit (super volcano). These plagues are fulfilled initially on the false prophet (USA). They are written on the seventh light and seventh thunder of the seventh angel with trumpet on the scroll of life. This vision in Revelation 15:1 happens when the super volcano swells to heaven and explodes magma into the sky.

Revelation 15:2 And I saw as it were a SEA of GLASS {representing great hailstones that form in heaven and then rain from above and around the lifted-up to heaven

super volcano's mouth filling with a lake of fire} ***mingled with FIRE*** {this fire is created by lake of lava in the immense 40-mile wide mouth of the lifted-up to heaven super volcano}: ***and THEM*** {first group of priests and second group of elders/144,000} ***that had gotten the VICTORY over the BEAST*** {kingdom/beast of latter day Babylon that reigned as the sixth kingdom and as the seventh kingdom}, ***and over his IMAGE*** {same kingdom/beast that reigned again, but as the eighth kingdom}, ***and over his MARK*** {spiritual wine cup/ideals full of wine that pertains to the business as usual democratic capitalistic way of thinking, which is contrary to what the two witnesses' written visions and oracles are envisioning for the world's future}, ***and over the NUMBER*** { number six/sixth kingdom that will have reigned three separate times} ***of his NAME*** {latter day Babylon}, ***stand on the SEA of GLASS*** {sea of glass/hailstones that form in heaven/sky as the floor area where the seventh plagues angel's great white throne of judgment sits in the middle}, ***having the HARPS*** {representing written visions and oracles of the two witnesses} ***of GOD*** {the visions and oracles are written on the seventh plagues angel/God, who represents the last small part of the scroll of life}.

The Apostle John saw a sea of glass mingled with an orange-red glow of fire. The sea of glass is the transparent temple-floor that sits over the lifted-up to heaven

mountain of the super volcano. Accordingly, the sea of glass is equated with the great hailstones that form above and around the lifted-up to heaven super volcano's mountain, upon which is the 40-mile wide mouth filling with a lake of fire. In the middle of this sea of glass is where the throne of judgment is located. The throne represents the intense light emanating from the fiery furnace of the lake of fire filling the high mountain's mouth. On this throne of intense light sits the reigning visions and oracles of the seventh plagues angel, who represents the last small part of the scroll of life. Only the first group of priests and second group of elders are permitted to stand on the sea of glass of the spiritual temple after they have entered the fiery ensign emanating from above and around new Jerusalem.

A lake of fire will be filling the immense 40-mile wide mouth of the super volcano. At the same time, great hailstones will be forming over the high mountain, as they rain around the immense mouth of the super volcano. Accordingly, as the great hailstones are created in heaven (sky), beneath these hailstones in heaven can be seen the lake of fire below in the immense mouth of the swelled to heaven super volcano. This is the reason why the sea of glass is glowing with the color of fire, as stated in Revelation 15:2. In one day when the seventh plagues angel rises from the swelled to heaven bottomless pit, all seven plagues angels will be pouring out their plagues on

the USA and the US capital, which ruled the latter day Babylonian beast (kingdom) that reigned as the number six kingdom three separate times.

The saints (priests and elders) will have gotten the victory over the seven-headed ten-horned dragon/beast (which reigned during its first and second of three reigning periods) and victory over its image, being the same seven-headed ten-horned beast's third reigning period.

Accordingly, they had gotten victory over its number of six. Its number is six because it is the same number six (6th) kingdom (union of nations) that will have reigned as the 6th kingdom during three separate periods; hence, 6, 6, and 6. The temple's saints are the first group of priests and second group of elders. These saints were victorious over its name of confusion/Babylon, which refers to any confused belief or ideal that is contrary to what the two witnesses' written visions and oracles prophesy concerning this old world's demise.

The first group and second group of redeemed are already standing on the sea of glass, having already gotten the victory over the beast (the seventh reigning kingdom) and its image (the eighth reigning kingdom). These saints of all generations had overcome confusion by believing the two witnesses' present truth message revealed by a living messenger in each generation. Accordingly, when the first group and second group of redeemed had entered the ensign and received their position on the sea of glass as

priests and elders, they now have their figurative golden harps during the judgment. These golden harps represent the two witnesses' combined visions and oracles mixing together on the last small part of the scroll of life. This last small part is equated with the time of even when dawn is mixing with dusk. At the time of even, the gold is created by mixing at dusk silver moonlight visions of the first witness (of what Michael wrote on the first side of each scroll and last scroll/scroll of life) with the dawning coppery sunlight visions of the last witness (of what Gabriel wrote on the last side of each scroll and last scroll/scroll of life). Since the gold crowns are the foreheads of the priests and elders, it means that they had received the golden crowns when they understood what is written on the seventh plagues angel. The seventh plagues angel represents the last small part of the scroll of life. On this last small part (equated with the time of even when dawn and dusk mix together) are written all the visions and oracles of the two witnesses (Michael and Gabriel).

The judgment is presently happening, in which the seventh plagues angel is presently replaying what happened in the last generation; hence the replayed lives we are presently living just as we had already lived them.

Revelation 15:3 And THEY {priests and elders} sing the SONG {the song/message of the everlasting gospel} of

MOSES {representing the latter day living messenger who proclaimed his message during the spiritual Goshen period, during the first spiritual wilderness journey, and during the second spiritual wilderness journey} **the servant of God** {seventh plagued angel}, **and the SONG** {the song/message written on six of seven thunders of the seventh angel with trumpet} **of the LAMB** {song/message of the latter day living messenger during the remaining 3½ years/1260 days of the 2300-day period}, **saying, Great and marvelous are thy works, Lord God Almighty** {seventh plagued angel reigning above the high and almighty super volcano during the judgment}; **just and true are thy ways, thou KING** {reigning seventh plagued angel} **of SAINTS** {these saints are priests/first group of redeemed and elders/second group of redeemed}.

The song of latter day Moses pertains to his message that was proclaimed in spiritual Goshen from beneath six seals. The same song (message) was proclaimed during the first spiritual wilderness journey, as written on six angels with trumpets. During the second spiritual wilderness journey, the same song (message) is revealed by latter day Moses from six of seven thunders of the seventh angel with trumpet.

Latter day Moses' priests (of the first group of redeemed) and latter day elders (of the 144,000/second group of redeemed) will have learned how to sing the song in Revelation 15:3 pertaining to the Lamb (message of latter

day Moses/Yahshua) before the super volcano explodes. Latter day Yahshua's final 3½-year ministry is equated with a past messenger's (old Yahshua's/Jesus') ministry (Lamb) about 2000 years ago. As Yahshua gathered apostles and disciples before his message (Lamb) was killed after 3½ years, so latter day Yahshua will again gather his apostles (priests) and his disciples (latter day elders that are of the 144,000) during the time when the two witnesses are prophesying to the USA's states and other nations for 1260 days. Yahshua's 3½ years of prophesying of his message ended (died/totally rejected) after an earthquake and temporary darkness happened without bringing an end to the reign of the rebellious people while old Yahshua was on the cross. This is equated with the time when after the two witnesses' visions and oracles written on the scroll of life have prophesied for 1260 days, they will be lying dead (totally rejected) after the sign of Jonah fails to bring an end to the reign of the latter day rebellious people ruling in the land. Old Yahshua resurrected after an angel descended to release him from death while he was lying dead for 3½ days, just as the two witnesses' predictions written on the scroll of life rise from death to life when after 3½ days the super volcano explodes with a great sound of thunder and great earthquake, as smoke and ash erupt continually for five months in the USA.

In the past type, many saints rose to life at Yahshua's

resurrection. In the latter days at the explosion of the super volcano, all the saints (messiahs, patriarchs, apostles, and disciples) of every generation that died or were translated will rise (or manifest) to life and health when the two witnesses' written visions and oracles of the four riders and their white, red, black, and pale horses stand on their feet from total failure (death) in overcoming latter day Babylon's visions for the world's future. Then these resurrected to life visions and oracles of the two witnesses begin being fulfilled from the time when the super volcano explodes.

In the past type, during old Pentecost, the apostles and disciples were gathered in an upper room. They had all learned to sing (proclaim) the song pertaining to the then present messiah's message (Lamb). In our day, during the 50 days of new Pentecost, the messiahs, patriarchs, apostles, and disciples of all generations will learn the song (message of the everlasting gospel) that they will proclaim to gather the great multitude.

Revelation 15:4 Who shall not fear THEE {when the seventh plagues angel rises as a great light of magma from the swelled to heaven immense 40-mile wide mouth of the bottomless pit/super volcano}, ***O LORD*** {seventh plagues angel}, ***and glorify thy NAME*** {seventh plagues angel}? ***for thou only art HOLY*** {pure light of an immense lake of fire/lava}: ***for ALL NATIONS*** {of the righteous and rebellious} ***shall COME*** {during the

judgment} **and *WORSHIP BEFORE THEE*** {reigning seventh plagues angel on a great white throne of intense light}; **for *THY*** {seventh plagues angel's} ***JUDGMENTS*** {the judgments concerning how the latter day nations were plagues and ended from the time the super volcano was opened, as recorded on the seventh plagues angel when the books (scrolls) had been opened during the initial 1,000 years of the judgment and then at the end of these 1,000 years the last scroll (scroll of life) was opened} **are made *MANIFEST*** {made manifest when revealed during the judgment}.

The seventh plagues angel rises up as a great light of a lake of lava filling the immense 40-mile wide mouth upon lifted-up to heaven bottomless pit (super volcano). Who shall not fear this terrifying sight of a filling lake of fire as it overflows and spreads from the swelled to heaven super volcano's immense 40-mile wide mouth. The swelled to heaven great mountain overflowing with a lake of fire will be surrounded by an immense fiery whirlwind with terrible lightnings, thunderings, and deafening voices of raining great hailstones.

During the judgment, all overcomers will view the visions and oracles of the seventh plagues angel's rising and confess that the ways of God (seventh plagues angel) are just and true; hence, straight up and down. The rebellious people viewing the judgment will also confess and bow down to the seventh plagues angel, that will be revealing

all written visions and oracles during the judgment (see Revelation 15:4). Some time after the initial 1,000 years of the judgment, the visions and oracles written on the seventh plagues angel have been opened to all that are viewing what is being revealed during the judgment. At the beginning of the judgment, all rebellious people from every generation and every nation have manifested in the spirit (ghost) outside new Jerusalem to view the judgment. At the same time, all righteous people that entered the ensign are inside new Jerusalem. Some time after 1,000 years of the judgment had passed, the last scroll/scroll of life was revealing the time when the seventh plagues angel rose as a great light with magma to pass judgment on rebellious nations and peoples that refused the everlasting gospel and did not enter the ensign. All rebellious nations and peoples were judged worthy of receiving the plagues that were loosed on them when a lake of fire overflowed and spread to cover the world. The judgment period has been continuing for more than 1,000 years. Some time after the initial 1,000 years of the judgment period, the seventh plagues angel has replayed many times over the things that existed and happened from the first generation of Genesis through to the last generation, end of the world, the new heaven and new Earth, and what has been happening during the judgment. Presently, the seventh plagues angel's written visions and oracles are replaying what existed and happened during the lives we are living in this last generation, including the

world and universe.

Revelation 15:5 *And after that I looked, and, behold, the TEMPLE* {representing the time when the lake of fire is filling the immense 40-mile wide mouth/spiritual temple of the swelled to heaven super volcano} *of the TABERNACLE* {representing the former covering/tabernacle of erupted smoke and ash that had covered the temple/house/mouth of the super volcano} *of the TESTIMONY* {equated with the old ark of the testimony/throne in the holy of holies of the tabernacle} *in HEAVEN* {heaven refers of the sky over the swelled to mountain/new Zion of the super volcano} **was OPENED** {as the lake of fire fills the immense mouth/temple of the swelled to heaven super volcano, it is then visible/open because a lake of magma will be filling the immense mouth upon the swelled to heaven mountain instead of smoke and ash erupting when the super volcano was lower to the ground and covered by thick smoke and hot ash}:

In Revelation 15:5 the temple refers to the immense mouth upon the mountain of the super volcano. When the low to the ground super volcano's immense mouth (equated with the temple) erupts smoke and ash for five months, then this spiritual temple (immense mouth of the super volcano) is covered by thick darkness by erupting smoke and ash. After five months of smoke and ash, the

super volcano swells to heaven (sky) and explodes, as a lake of magma begins filling the immense 40-mile wide mouth of the now lifted-up to heaven mountain of the super volcano. At that time when smoke and ash are no longer erupting, the lifted-up to heaven immense 40-mile wide mouth (representing the temple) filling with a lake of fire will become visible. From that time, the temple (super volcano's mouth filling with a lake of lava) will be open (visible). The great light (ensign) above the lifted-up to heaven super volcano is equated with the Shekinah glory that manifested on the Ark of the testimony. The Ark of the testimony contained all the written law. Just as some time after after 1,000 years of the judgment when all scrolls had been revealed, the seventh plagued angel thereafter contained all the written visions and oracles that are written on all the scrolls and last scroll/scroll of life that were revealed during the judgment.

The seventh plagued angel represents the last small part of the scroll of life. The two witnesses (Michael and Gabriel) initially began writing on this last small part from the time the seventh plagued angel began rising as a great light from the swelled to heaven super volcano. Accordingly, all things that existed and happened from the time the seventh plagued angel rose from the swelled to heaven bottomless pit, the world ending in a spreading lake of fire, the new heaven and new Earth, and the opening of all the scrolls during the judgment are all written on the last small part

(represented by the seventh plagued angel) of the last scroll (scroll of life).

Revelation 15:6 And the SEVEN ANGELS {after six plagued angels had finished tormenting when smoke and ash were erupting, the rising of the seventh plagued angel causes all seven plagued angels to happen at the same time as they now bring death, just as all things created after six days of Genesis could all be seen at one time when the seventh day began} ***came out of the TEMPLE*** {representing the opened/visible immense mouth filling with a lake of fire upon the swelled to heaven super volcano in the fallen USA}, ***having the SEVEN PLAGUES, CLOTHED in PURE and WHITE LINEN*** {the white linen is equated with the light of the seventh plagued angel at the time when a bright light/ensign is rising above the immense and high mouth filling with a lake of fire}, ***and having their BREASTS*** {the right breast of spiritual silvery rays/visions of moonlight at dusk of the first witness mixed with the left breast of spiritual coppery rays/visions of sunlight at dawn of the last witness/last side of the scroll of life} ***girded with GOLDEN GIRDLES*** {this gold is created by mixing the silver visions of the first witness with the coppery visions of the last witness during even; Even, when dusk mixes with dawn, represents the last small part of the scroll of life}.

Six plagued angels of torment were consecutively fulfilled

while smoke and ash were issuing from the super volcano for five months. Then the super volcano swelled to heaven and explode magma into the sky, causing a great sound of thunder and a massive earthquake such as never happened. After the massive earthquake, the immense 40-mile wide mouth of the lifted-up to heaven super volcano fills with magma. A huge fiery whirlwind forms around the high mountain of the super volcano. From this huge fiery whirlwind spawns many thousands of smaller whirlwinds. Great hailstones will form above the immense and high 40-mile wide mouth as it fills with a lake of lava. Huge hailstones will be raining around the immense and high mountain of the super volcano.

The rising of the seventh plagued angel from the lifted-up to heaven bottomless pit (super volcano) causes all seven plagued angels to bring death to the nations and peoples that rejected the everlasting gospel. All seven plagued angels bring death at the same time, just as all things created in six consecutive days of Genesis could all be seen at the same when the seventh day began. All seven plagued angels represent certain visions and oracles of things that happen when the swelled to heaven super volcano's immense mouth is filling with a lake of fire. Accordingly, the seven plagued angels will be exiting the lifted-up immense 40-mile wide mouth while wearing their pure white garments. These white garments represent the intense light of the written visions of the seventh

plagued angel. These visions written on the seventh plagued angel are equated with the intensely bright pure (holy) light over the immense 40-mile wide lava filling mouth upon the swelled to heaven super volcano.

Revelation 15:7 And ONE {being the six-winged beast with the face of an eagle} ***of the FOUR BEASTS gave unto the SEVEN ANGELS SEVEN GOLDEN VIALS*** {golden vials are equated with the first witness'/spiritual moon's silvery visions/light mixed with the last witness'/spiritual sun's coppery visions/light written on the seventh plagued angel} ***full of the WRATH of God*** {seventh plagued angel rising with anger as a great light with fire from the swelled to heaven bottomless pit}, ***who liveth forever and ever.***

At the rising of the seventh plagued angel from the swelled to heaven bottomless pit, the six-winged beast with the face of an eagle represents the swelled to heaven super volcano's explosion, that is like a rising bright star (intense light of the king of kings/seventh plagued angel) riding his white horse and armed with a bow. Accordingly, it is this beast (horse with the face of an eagle) of the four beasts (four horses) that gave the ability for the seven plagued angels to now ascend out of the swelled to heaven opened high and immense mouth, as it fills with a lake of fire. This is the reason why this beast with the face of an

eagle is seen in Revelation 15:7 giving each of seven plagued angels a golden vial.

The golden vials represent the two witnesses' visions and oracles written on each of seven plagued angels when these seven plagued angels are all written on the seventh plagued angel. These visions and oracles pertain to things that had happened from the time the super volcano swelled to heaven and exploded magma into the sky. The first witness' visions are equated with the spiritual moon's silvery light at dusk, while the last witness' visions are equated with the spiritual sun's coppery light at dawn. When the spiritual silvery light is mixed with the spiritual coppery light on each of seven plagued angels, it creates the gold of the vials. The visions and oracles written by the two witnesses on the seven plagued angels represent the anger of the seventh plagued angel (God). All seven plagued angels happen when the seventh plagued angel is rising as a great light with fire from the lifted-up to heaven bottomless pit. These seven plagued angels are the anger of the seventh plagued angel that lives forever. All seven plagued angels are written on the seventh plagued angel, just as all things created and existed during seven days of Genesis were all seen at the same time on the seventh day of Genesis.

The seventh plagued angel (who lives forever) represents the last small part of the scroll of life. From the time the super volcano swelled to heaven and exploded magma

into the sky, everything that existed and happened from that point were written as visions and oracles by Michael and Gabriel on the last small part (represented by the seventh plagues angel) of the scroll of life. Accordingly all the visions and oracles happening during seven plagues angels fulfilled at the same time, the redeemed gathered into the ensign, the world dissolved in the expanding lake of fire, then the new Earth and new heaven beginning and continuing while at the same time the judgment began and continued are all written on the seventh plagues angel.

For the initial 1,000 years of the judgment, all scrolls (except the last scroll/scroll of life) were revealed. The for several years after the 1,000 years, the last scroll (scroll of life) began to be revealed. The last small part of the scroll of life takes 100 years to reveal the many things happening from the time all the redeemed entered the ensign and then the lake of fire overflowing and quickly spreading to cover the world. Each scroll containing the written visions and oracles of what existed and happened in each generation was revealed consecutively. The revealing of all visions and oracles of each scroll replayed each generation just as it had existed. As each generation was replayed, each generation was written on the last small part (seventh plagues angel) of the last scroll/scroll of life.

When the last small part (equated with the seventh

plagued angel) of the scroll of life began to be revealed some time after the initial 1,000 years of the judgment, it revealed everything that happened from the time the swelled to heaven super volcano exploded causing a great earthquake such as never happened, and the world dissolved in the expanding lake of fire. Then the last small part of the scroll of life revealed the time when the new Earth and new heaven had begun at the same time the judgment happened. The last small part (equated with the seventh plagued angel) of the last scroll (scroll of life) then showed the time when during the judgment the visions and oracles were revealed from each scroll as each generation was replayed. The last small part of the last scroll (scroll of life) then revealed the time when the last small part of the scroll of life was being revealed to again show everything that happened from the time the swelled to heaven super volcano exploded causing a great earthquake such as never happened, and the world dissolved in a spreading lake of fire and so on. Accordingly, the seventh plagued angel (God/last small part of the scroll of life) lives forever.

Revelation 15:8 And the TEMPLE {representing the lifted to heaven super volcano's immense 40-mile wide mouth filling with a lake of fire} ***was FILLED with SMOKE*** {at the end of five months of smoke and ash having erupted} ***from the GLORY*** {the gloriously intense

light rising higher as the lake of fire fills the high and immense 40-mile wide mouth of the super volcano} ***of GOD*** {God/creator is the seventh plagued angel because his written visions and oracles have been replaying/recreating each generation from Genesis through the last generation some time after the initial 1,000 years of the judgment}, ***and from his POWER*** {his power is equated with the swelled to heaven great rock/mountain that fills with a lake of fire and overflows and covers the world}; ***and NO MAN was able to ENTER into the TEMPLE*** {opened super volcano}, ***TILL the SEVEN PLAGUES of the SEVEN ANGELS were FULFILLED*** {fulfilled in one day upon the fallen USA}.

After five months of erupting smoke and ash, the temple (immense mouth of the swelled to heaven super volcano) opens when the super volcano swells to heaven and explodes magma into the sky. From that time the temple (being the immense mouth filling with a lake of fire will be open continually.

On the old Day of Atonement, no priests (representing the first group of redeemed) or elders (representing the second group of redeemed) could be in the temple when the high priest (representing the first witness' visions and oracles) was in the temple filling his censor with hot coals and placing sweet incense thereon and then entering the holy of hollies (see Leviticus 16:17). A cloud of smoke would

issue from the golden altar (full of burning coals of fire) and his censor and fill the temple to veil the high priest from the awesome glory (light) emanating from God's (seventh plagues angel's) presence on the Ark of the Testament (see Leviticus 16:12, 13).

In the latter day new time of Atonement, erupting smoke and ash are filling the temple (mouth of the super volcano) during five months of smoke and ash erupting from the super volcano. At the end of these five months of smoke and ash, the super volcano swells to heaven and explodes magma into the sky. A glorious and pure (holy) light will be mixing with the smoke and ash above the lake of fire filling the immense mouth upon the lifted-up to heaven super volcano. From the time the lake of fire begins filling the high and immense 40-mile wide mouth, all seven plagues angels are fulfilled one after another on the same day. No person will be able to enter the glorious light while it is mixing with smoke and ash and each of the seven plagues angels are being fulfilled on the great (big/awesome) day of God almighty.

Leviticus 16:17 And there shall be NO MAN IN THE TABERNACLE {just as none can enter the glorious light mixed with smoke until each of the seven plagues angels have been fulfilled} *of the congregation when HE* {high priest equated with the visions and oracles of the first witness/spiritual moon's light} *goeth IN* {the temple} *to make an atonement in the HOLY PLACE* {equated with

the time when smoke and hot ash issue for five months from the super volcano}, *until HE* {high priest} *COME OUT* {representing the time when all seven plagued angels have come out on the same day when the seventh plagued angel is rising as a glorious light while the lake of fire is filling the immense mouth upon the swelled to heaven super volcano}, *and have made an ATONEMENT* {the atonement is for the three groups of overcomers} *for himself, and for his household, and for all the congregation of Israel.*

Leviticus 16:12 *And HE* {high priest representing the first witness' visions and oracles} *shall take a censer full of BURNING COALS OF FIRE* {representing the time after smoke and ash have erupted for five months from the super volcano} *from off the ALTAR* {the golden altar represents the super volcano} *before the LORD* {Lord/seventh plagued angel rising as a glorious light upon the mercy seat of the Ark of the Testament in the Holy of Hollies of the temple}, *and his hands full of SWEET INCENSE* {the rising of the seventh plagued angel is sweet/joyous to the people that have been prophesying of the everlasting gospel and patiently waiting for his rising while smoke and ash were erupting for five months} *beaten small, and BRING IT WITHIN THE VAIL* {into the Holiest room of the temple}:

Leviticus 16:13 *And he shall put the incense upon the fire before the LORD* {the Lord/seventh plagued angel

represents the mixing of the two witnesses/two arch angels written visions and oracles on the last small part of the scroll of life}, *that the CLOUD* {equated with the cloud of smoke over the lifted-up to heaven super volcano after five months of smoke and ash} *of the incense may cover the MERCY SEAT* {where the reigning seventh plagued angel reigns as a great and glorious light/great white throne over latter day Babylon's fallen kingdom} *that is upon the testimony, that HE* {first witness' written visions and oracles} *DIE NOT* {when the high priest enters the holy of hollies, it is equated with the written visions that reveal the time when the seventh plagued angel is rising as a great light emanating from the immense 40-mile wide mouth filling with a lake of fire upon the lifted-up to heaven super volcano}:
