

## Chapter 1

**Revelation 1:10** *I* {Apostle John} **was in the Spirit** {his spirit/mind thinking on Jesus' and God's words} **on the LORD'S DAY** {as the seventh day was ending and the Lord's/Jesus' day/Sunday was beginning at the time of even}, **and heard behind me a GREAT VOICE as of a TRUMPET** {representing the great sound of thunder, which happens when the super volcano swells to heaven and explodes magma into the sky},

The Apostle John was on the isle of Patmos. He was thinking (hence in the spirit) on Yahshua's (Jesus') and God's words at the ending of the Sabbath, as the Lords' day (being Sunday/first day of the week) was beginning. Then he heard behind him a great voice that sounded like a trumpet. This very loud trumpet represents the great sound of thunder, that happens when the swelled to heaven super volcano explodes magma into the sky.

\*\*\*\*\*

**Revelation 1:11** *Saying, I* {being the ending of the sixth plagued angel that is revealing the beginning of the seventh plagued angel, that is equated with the first small part and last small part of the scroll of life} **am ALPHA** {the Alpha/first letter of an alphabet} **and OMEGA** {the Omega/last letter of an alphabet}, **the FIRST** {the scroll of life's first small part, equated with dawning sunlight/even} **and the LAST** {being the scroll of life's last small part, equated with the ending of night at even}: **and, What THOU** {Apostle John} **seest, write in a BOOK** {hence the Book of Revelation}, **and send it unto the SEVEN CHURCHES which are in Asia; unto Ephesus, and unto Smyrna, and unto Pergamos, and unto Thyatira, and unto Sardis, and unto Philadelphia, and unto Laodicea.**

A book/scroll was, as it were, written by two witnesses (Michael and Gabriel) concerning all things they saw and heard happening in each generation. Each scroll covered the ministry and message of a

patriarch, judge, or prophet/messenger. The last scroll (scroll of life) contains the two witnesses' (Michael and Gabriel) written visions and oracles of things they saw and heard happen from the time the latter day messenger unsealed the first of seven seals through to the judgment period and on. In the last generation, a new Daily truth message began to dawn from beneath the first seal of the rolled-up scroll of life. At that time, the union of nations that reigned as the fifth kingdom had ended. From the time the fifth kingdom ended through to the end of latter day Babylon's first reigning period as the number six kingdom, the two witnesses had witnessed the things that existed and happened as written beneath the scroll of life's six of seven seals. At the end of latter day Babylon's first of three reigning periods, a new message resurrected to life as new Daily truth dawning from beneath the seventh seal.

Written beneath the seventh seal are seven angels each having a trumpet. On these seven angels with trumpets are written visions and oracles of things that existed and happened as witnessed by the two witnesses. From the end of latter day Babylon's reign as the sixth kingdom through to the end of latter day Babylon's reign as the seventh kingdom, all things that existed and happened in that time (as witnessed by the two witnesses) are written on six of the seven angels with trumpets beneath the seventh seal. At the end of latter day Babylon's second reigning period, new Daily truth resurrected to life when the new message dawned from the seventh angel with trumpet. From the end of the reign of latter day Babylon's kingdom as the seventh kingdom through to the end of latter day Babylon's reign as the eighth kingdom, all things that exist and happen in that time, as witnessed by the two witnesses, are written on six of the seven lights of the seventh angel with trumpet. Three and a half ( $3\frac{1}{2}$ ) days before latter day Babylon's third reigning period as the number eight kingdom ends, the super volcano in the USA will briefly awaken to erupt smoke and ash before going dormant. Hence during

the next 3½ days, the Daily present truth (two witnesses' written visions and oracles) revealed by the latter day living messenger will have been totally rejected by the USA and nations, which is referred to as the two witnesses' visions and oracles written on the scroll of life lying dead in the street. At the end of the three and a half (3½) days, the super volcano explodes coals of fire into the sky, causing a great earthquake. The earthquake is the key that opens the bottomless pit (super volcano). From the time of the earthquake, smoke and ash will erupt continually for five months from the opened super volcano's mouth. At that time, the two witnesses' written visions and oracles resurrect to life to happen as prophesied. The things that happened after the time the earthquake opened the super volcano in the USA have been recorded by the two witnesses at the beginning of the seventh angel's seventh light (on this seventh light is written seven plagued angels). During the time when smoke and ash are issuing for five months from the opened super volcano in the USA, the two witnesses will have already witnessed the things that are happening throughout that time as recorded on six of seven plagued angels.

When the USA's immense super volcano swells high-up and explodes magma into the sky and thereafter fills its immense 40-mile wide opened mouth with a lake of fire/lava, from that time the two witnesses (Michael and Gabriel) had wrote on the seventh plagued angel all things that happened through to the judgment and on. Accordingly, the seventh plagued angel already contains the written visions and oracles of the redeemed entering the fiery light of the ensign of new Jerusalem (from within the USA), the events when the world is covered in lava by the overflowing and expanding lake of fire, the events of a new Earth, and all events happening during the judgment and on. The first witness Michael wrote the visions and oracles that reveal all the things he witnessed happening in the evening, as written on the first side/outside of the scroll of life's last

small part that mixes with the first small part on the scroll of life's last side. Whereas the last witness Gabriel wrote the visions and oracles that reveal all the things he witnessed happening during daylight, as written on the last side/inside of the scroll of life's last small part that mixes with the first small part of the scroll of life's first side .

During the initial 1,000 years of the judgment, each scroll {containing the two witnesses' written visions and oracles} has been opened to replay the things that existed and happened in each generation. At the end of these 1,000 years of judgment, the last scroll/scroll of life began to be opened to replay what happened in the last generation and through the judgment. Everything happening and being revealed during the judgment is also witnessed by the two witnesses (Michael and Gabriel) and written by Michael (first witness) on the first side of the scroll of life's last small part (seventh plagues angel) and by Gabriel (last witness) on the last small part (seventh plagues angel) of the scroll of life's other side. This means the seventh plagues angel contains all the visions and oracles that are written on all the scrolls and last scroll/scroll of life. All the scrolls were again reviewed when the last small part (represented by the seventh plagues angel) of the scroll of life began to reveal its written visions and oracles during the judgment. Hence the seventh plagues angel has all the letters of words of what the first witness and last witness had seen and heard as recorded on both sides of all the scrolls.

The last small part (represented by the seventh plagues angel) of the scroll of life's first side mixes with the first small part of the scroll of life's last side, just as the ending of an evening at mixes with the beginning of sunlight at dawn. Also, the first small part of the scroll of life's first side mixes with the last small part (seventh plagues angel) of the scroll of life's last side. Accordingly, the seventh plagues angel is alpha and omega, being the written words of visions

and oracles written on the first small part and last small part of the scroll of life's first side and last side.

The Apostle John was told by the seventh plagued angel to immediately write in a book (scroll) the things he was shown and, thereafter, send it to the seven churches in Asia minor. Hence the Apostle John wrote the Book of Revelation that contains what he was shown and heard and permitted to write by the seventh plagued angel while on the isle of Patmos around 90AD.

\*\*\*\*\*

***Revelation 1:12 And I turned to see the voice that spake with me.***

***And being turned, I saw SEVEN GOLDEN CANDLESTICKS***

{representing the seven churches of Asia Minor as witnessed by the first witness'/bright moon's silvery light/visions at even and the last witness'/morning star's/sun's coppery light/visions at dawn/even, which mixed together create the gold of these seven candlesticks that represent seven churches of Asia Minor};

The Apostle John turned to see who was speaking with the voice of a great trumpet. He sees seven golden candlesticks that represent the seven churches that had existed in Asia Minor around 90A.D. The things happening in 90AD were being replayed because during the judgment a scroll was being opened by the seventh plagued angel to reveal its written visions and oracles. Many years after the initial 1,000 years of the judgment, the seventh plagued angel then had all the visions and oracles written on both sides of each scroll, as written on the first small part and last small part of the scroll of life's two sides. The seventh plagued angel is revealing during the judgment what is written on both sides of each scroll. As each scroll is being revealed by the seventh plagued angel during the judgment, each generation is replayed just as it had existed. The generation we are living in is the last generation, which is being replayed because the seventh plagued angel is presently revealing the visions and

oracles written on the last scroll (scroll of life).

The seven candlesticks (representing seven churches of Asia Minor) are made of gold. The reason is that gold represents the combined visions of the two witnesses concerning the things and events they both saw existing and happening during the time seven churches of Asia Minor existed. On each of the seven candlesticks is written the first witness'/Michael's written visions (that are equated with spiritual silvery moonlight of the spiritual bright star/moon) and the last witness'/Gabriel's visions (equated with spiritual coppery sunlight of the spiritual morning star/sun). Accordingly, spiritual silver visions are written/mixed with spiritual copper visions on the last small part of the scroll of life to create the gold of these seven candlesticks.

\*\*\*\*\*

***Revelation 1:13 And in the MIDST*** {middle} ***of the SEVEN CANDLESTICKS*** {representing seven churches that existed in Asia Minor} ***one LIKE*** {resembling} ***unto the SON OF MAN*** {looks like a human, being the ending of the sixth plagued angel that is revealing the seventh plagued angel}, ***CLOTHED with a GARMENT*** {the garment represents the light/visions written on the last small part of the scroll of life's first side and last side. This garment also represents the intensely bright white light emanating from the lake of fire in the immense mouth of the swelled to heaven super volcano. The light descending from the seventh plagued angel's two fiery eyes of light is equated with the visions of the two witnesses written on the last small part of the scroll of life} ***down to the FOOT, and girt about the PAPS*** {chest} ***with a GOLDEN GIRDLE*** {the gold is made by the spiritual moon's silver light/visions of what the first witness saw happen in the evenings of each generation mixing with the spiritual sun's coppery light/visions of what the last witness saw happen during the daylight of each

generation. From the time the seventh plagued angel had risen as a great light from the swelled to heaven super volcano, all visions and oracles of what the two witnesses are witnessing are written on the last small part of the scroll of life (seventh plagued angel); hence the seventh plagued angel is wearing the high priest's golden girdle in Revelation 15:6}.

It states in Revelation 1:13 that the ending of the sixth plagued angel that is revealing the beginning of the seventh plagued angel is clothed with a garment. This garment represents the visions and oracles that are written on the last small part of the scroll of life. The two fiery eyes of light of the seventh plagued angel represent the two witnesses' (Michael and Gabriel) written visions and oracles revealed during the judgment from the last small part of the scroll of life's first side and last side simultaneously. This white garment also represents the time when great hailstones are raining down through the intense light, which is emanating from the immense lake of lava/fire that has filled the mouth of the swelled to heaven super volcano.

In the past type, the high priest had a curious linen girdle wrapped around his priestly garments. This linen girdle was embroidered with the colors of gold, blue, purple, and red. The blue embroidery represents the spiritual moon's silver-blue light/visions of the first witness, while the red embroidery represents the spiritual sun's coppery-red light/visions pertaining to the last witness. The purple embroidery represents the mixing of the spiritual silvery-blue moon's light/visions with the spiritual coppery-red sun's light/visions. Gold embroidery on the curious girdle has the same meaning as the purple embroidery, since this gold is created by mixing the silver bright star's light/visions with the coppery morning star's light/visions on the seventh plagued angel.

The seventh plagued angel has two fiery eyes of light. The right eye

represents the spiritual moon's light/visions written on the first side of the scroll of life by Michael, while his left eye represents the spiritual sun's light/visions written on the last side of the scroll of life by Gabriel. The seventh plagued angel's body, arms, and legs are created by the intense light emanating high above the swelled to heaven super volcano's immense 40-mile wide mouth full of a lake of fire. At that same time, great hailstones are raining down through the intense white light. These hailstones are equated with the gem stones on the high priest's breastplate and with the foundations of new Jerusalem. On the high priest's girdle was fastened the breast plate of gem stones, just as the seventh plagued angel has a girdle made of gold.

\*\*\*\*\*

**Revelation 1:14 His** {ending of the sixth plagued angel that is revealing the seventh plagued angel} **HEAD and his HAIRS were WHITE LIKE WOOL, as WHITE as SNOW** {the white brightness represents the intense light emanating from the lake of fire in the swelled to heaven super volcano's immense mouth. This light of the seventh plagued angel is also equated with all the light/visions and oracles written on each side of each scroll. On each scroll, Michael and Gabriel recorded all the things that existed and happened in each generation. During the judgment that is presently happening, all these visions are now being revealed from the scroll of life's last small part/seventh plagued angel}; **and HIS** {seventh plagued angel's} **EYES were as a FLAME OF FIRE** {the right eye is equated with the time when fiery lava is in the immense mouth of the swelled to heaven super volcano as witnessed by the first witness/Michael and written by Michael on the first side of the scroll of life's last small part/seventh plagued angel; the left eye is also equated with the time when the same fiery lava is in the immense mouth of the super volcano but as witnessed by the last witness/Gabriel and written on the seventh plagued angel/last small

part of the scroll of life's last side});

It states in Revelation 1:14 that the seventh plagues angel's head and hair are as white as wool and snow. This brightness of the ending of the sixth plagues angel's head (that is revealing the seventh plagues angel's head) represents all the visions written on all the scrolls and the last scroll/scroll of life. Michael and Gabriel began writing at the ending of the sixth plagues angel from the time the seventh plagues angel was rising as a great light with a lake of fire, as it filled the swelled to heaven super volcano.

The intense brightness emanating from the lake of lava in the immense mouth of the swelled to heaven super volcano is equated with the the seventh plagues angel's head and hairs being white like wool and snow. The seventh plagues angel's two fiery eyes of light represent the intense brightness emanating from the lake of lava in the immense mouth of the swelled to heaven super volcano, as recorded by the two witnesses on the last small part of the scroll of life, hence the two eyes of fire.

At the time when the super volcano's mouth is full of a lake of fire, the spiritual sun's (last witness') light (visions) and the spiritual moon's (first witness') light (visions) written on the seventh plagues angel are seven times as bright (see Isaiah 30:26), since the seventh plagues angel will at that time contain all the light (visions) on seven parts (beneath seven seals) of the scroll of life's first side and last side.

***Isaiah 30:26*** *Moreover the light of the MOON* {representing the first witness' written visions that replay the time when the swelled to heaven a super volcano's immense mouth was full of a lake of fire} *shall be as the light of the sun, and the light of the SUN* {representing the last witness' written visions that replay the time when the swelled to heaven a super volcano's immense mouth was full of a lake of fire} *shall be sevenfold, as the light of SEVEN DAYS*

{since the scroll of life's seven parts are likened to seven days}, *in the Day* {when the seventh plagues angel has risen as a great light upon the swelled to heaven super volcano} *that the LORD* {risen seventh plagues angel} *bindeth up the breach of his PEOPLE* {when they have been gathered into new Jerusalem's ensign/light}, *and healeth the stroke of their WOUND* {inflicted by the latter day Babylonian beast/kingdom}.

\*\*\*\*\*

***Revelation 1:15 And HIS*** {ending of the sixth plagues angel that is revealing the seventh plagues angel's} ***FEET*** {his feet represent the depths of the lake of fire in the swelled to heaven bottomless pit/super volcano} ***like unto FINE BRASS*** {being copper}, ***as if they burned in a FURNACE*** {referring to the furnace in the swelled to heaven super volcano}; ***and his VOICE as the SOUND of MANY WATERS*** {the sound of many waters of great hailstones raining on the land, as a lake of fire has filled the swelled to heaven super volcano}.

The seventh plagues angel's feet are the color of burning copper. Copper is equated with the color of twilight glow during the ending of the spiritual seventh day. The time of twilight glow of the spiritual seventh day refers to the last small part (referred to as the seventh plagues angel) written beneath the seventh seal of the scroll of life. Also the burning copper-color of his right foot is equated with the color of lava that is within the swelled to heaven super volcano, as written by the first witness/Michael. The seventh plagues angel's left foot burning as the color of copper also represents the same lava within the swelled to heaven super volcano, but as written by the last witness/Gabriel.

The ending of the sixth plagues angel's voice that reveals the beginning of the seventh plagues angel's voice of many waters is the sound of great hailstones raining from the sky above and around the

swelled to heaven super volcano. These hailstones begin raining on the USA's land when the seventh plagued angel rises as a great light with magma from the immense 40-mile wide mouth of the swelled to heaven super volcano. At that time, oracles were written on the seventh plagued angel that reveal the sound of great hailstones raining around the immense mountain of the super volcano within the USA's land. Hence the ending of the sixth plagued angel (that is revealing the beginning of the seventh plagued angel) is speaking to the Apostle John around 90AD with a voice that sounds like raining great hailstones.

\*\*\*\*\*

**Revelation 1:16 And HE** {ending of the sixth plagued angel that is revealing the beginning of the seventh plagued angel} **had in his RIGHT HAND** {his right hand represents the visions written on the last small part of the scroll of life's first side, that also mixes with the visions written on the first small part of the scroll of life's last side} **SEVEN STARS** {these seven stars are the seven lights/visions of the seven candlesticks}: **and out of HIS** {ending of the sixth plagued angel that reveals the beginning of the seventh plagued angel} **MOUTH** {the seventh plagued angel's mouth reveals the oracles written on the last small part of the scroll of life's first side and last side} **went a SHARP TWO EDGED SWORD** {during the judgment, the seventh plagued angel's mouth reveals what was seen and heard by the first witness/first edge of the sword and by the last witness/second edge of the same sword}: **and HIS** {ending of the sixth plagued angel revealing the beginning of the seventh plagued angel's} **COUNTENANCE** {face} **was as the SUN SHINETH in his STRENGTH** {this seventh plagued angel's face of intense light emanating from the immense mouth of the super volcano filling with a lake of fire also represents all the visions/light written on all the scrolls that are all written on the last small part/seventh plagued

angel of the scroll of life}.

The ending of the sixth plagues angel is revealing the seven stars that are in the seventh plagues angel's right hand. Each of these seven stars (seven lights) are upon each of the seven golden candlesticks. Each candlestick is equated with parts of a scroll, on which is written the visions and oracles that witnessed the things that happened during the time when the seven churches of Asia Minor existed.

During the initial 1,000 of the judgment, the scrolls were opened to reveal what happened in all past generations. Then after the initial 1,000 years, the last scroll (scroll of life) was opened to reveal what happened in the last generation. All things being revealed from all scrolls during the judgment were being written on the last small part (equated with the seventh plagues angel) of the scroll of life.

Accordingly when the last small part of the scroll of life began to be revealed during the judgment, it replayed the time when each scroll was opened to replay what happened in each generation. When the ending of the sixth plagues angel appeared to the Apostle John in 90AD, the things happening in 90AD were being replayed according to a scroll's written visions and oracles that were being revealed by the seventh plagues angel (equated with the last small part of the scroll of life) during the judgment.

The ending of the sixth plagues angel spoke of things to the Apostle John on the Isle of Patmos around 90AD concerning the seven golden candlesticks, which was actually a replay of what Yahshua (Jesus) had originally spoke to John on Patmos around 90AD. The ending of the sixth plagues angel appeared to the Apostle John in 90AD to replay what had already been revealed earlier in the judgment from one of the scrolls. Each scroll had already been consecutively opened to reveal its visions and oracles after more than 1,000 years of the judgment had passed. What ever is being

revealed during the judgment is written on the last small part of the scroll of life, and whatever is being revealed is written on the last small part of the scroll of life that is thereafter revealed, rewritten, and re-revealed for ever and ever.

The seven stars are being shown from the “right” hand. This reveals that these seven stars are being revealed from the last small part of the scroll of life's first side, which is equated with the right hand. This last small part also mixes with what is written on the first small part of the scroll of life's last side, which is equated with the left hand. As the ending (time of even) of the seventh evening of Genesis contains everything that happened in seven days, so the last small part (equated with the time of even) of the seventh part of the scroll of life's first side contains all the visions and oracles that are written on all seven parts (beneath seven seals) of the scroll of life's first side and last side. Therefore, the first witness (Michael) wrote on the last small part of the scroll of life's first side (equated with seven evenings) while the last witness (Gabriel) wrote on the last small part of the scroll of life's last side (equated with seven days of daylight) the time when the seven churches in Asia Minor were replayed from a scroll during the initial 1,000 years of the judgment. The scroll that recorded what happened during the time the seven churches existed was then revealed by the seventh plagued angel later in the judgment. Hence the ending of the sixth plagued angel (that reveals the beginning of the seventh plagued angel) appeared before the Apostle John on the isle of Patmos around 90AD.

***Revelation 1:17*** ***And when I*** {Apostle John} ***saw HIM*** {ending of the sixth plagued angel that reveals the beginning of the seventh plagued angel}, ***I fell at his feet as dead. And HE*** {he/ending of the sixth plagued angel} ***laid his RIGHT HAND*** {in which is held the seven stars} ***upon me, saying unto me, Fear not; I*** {seventh plagued angel} ***am the FIRST*** {first witness' visions and oracles}

*and the LAST* {last witness' visions and oracles}.

In Revelation 1:17 the ending of the sixth plagued angel (that reveals the beginning of the seventh plagued angel) placed its right hand, holding the seven stars, upon the Apostle John after he had fainted. Then the angel revived him and said "I am the first and the last." The first and last refers to the written visions and oracles on the first small part and last small part of the scroll of life's first side and last side. When the opening of all the scrolls happened during the initial time of the judgment, Michael and Gabriel wrote on each side of the scroll of life's last small part (represented by the seventh plagued angel) all the written visions and oracles being revealed from all the scrolls that recorded the things that existed and happened in each generation. Since the seventh plagued angel contains all visions and oracles that reveal the things that existed and happened in all generations, it means that the seventh plagued angel reveals both witnesses' visions and oracles simultaneously. Hence the seventh plagued angel is the first witness and the last witness combined, just as blue and red combined create purple, and silver and copper combined create a gold.

\*\*\*\*\*

***Revelation 1:18 I*** {seventh plagued angel} ***am HE*** {he is the two witnesses' visions and oracles} ***that LIVETH*** {when the Daily truth resurrected to life at the opening of the super volcano in the USA} ***and was DEAD*** {written vision showing the time when the two written witnesses' predictions died for 3½ when Revelation 11:7 was fulfilled during the latter day sign of Jonah}; ***and, behold, I am alive for EVERMORE*** {the Daily truth of two witnesses stays alive forever when the latter day resurrection was fulfilled during the first timeline and will be replayed again as stated in Revelation 11:11}, ***Amen; and have the KEYS of HELL*** {the seventh plagued angel has the spiritual keys/visions showing how the bottomless pit of

hell/super volcano was opened during the first timeline} *and of DEATH* {having the written vision/spiritual key that shows how the dead resurrect at the explosion and earthquake that opened the super volcano in the USA during the first timeline and is to be replayed again}.

The seventh plagued angel has the visions of the two witnesses that show how, during the remaining 3½ days of the 2300-day period, the two witnesses' (being the two sides of the scroll of life) predictions will have been lying dead (totally rejected) until after these 3½ days when the super volcano in the USA erupted smoke and ash continually for 5 months. From that time when smoke and ash erupted from the super volcano in the USA, the seventh plagued angel's written visions and oracles will be living forevermore.

At the time the earthquake causes the super volcano to continually erupt with smoke and ash for 5 months before magma erupts, the two witnesses' visions and oracles will have witnessed the latter day resurrection of the dead to life and health that had died in every generation. The seventh plagued angel has the keys of hell and death because the seventh plagued angel has all the visions and oracles of events that were recorded on each scroll and the last scroll (scroll of life). Hence the seventh plagued angel has the visions (keys) that recorded the latter day resurrection of the overcomers and all the dead from death and hell (bottomless pit/super volcano) at the time the super volcano erupted smoke and ash during the first timeline.

*Revelation 9:1* And the fifth angel sounded, and I saw a STAR {representing a vision of the exploding super volcano that comes down as a great earthquake} fall from HEAVEN {top of the super volcano} unto the earth: and to HIM {exploding super volcano} was given the KEY {referring to the earthquake caused by the super volcano's explosion} of the BOTTOMLESS PIT {being a super volcano in the USA}.

\*\*\*\*\*

**Revelation 1:19 WRITE** {the Apostle John is being instructed to immediately start writing} **the THINGS which THOU** {referring to the Apostle John} **HAST SEEN** {referring to the visions he saw and wrote in Revelation 1:10-20}, **and the THINGS which ARE** {to write the things that are, which John was presently being shown concerning the seven churches}, **and the THINGS which shall be HEREAFTER** {to also write the other visions and oracles that John will be shown from the beginning of chapter 4 through to the end of chapter 22};

In Revelation 1:19, the Apostle John was told by the ending of the sixth plagued angel (that reveals the beginning of the seventh plagued angel) to begin writing what he had just seen – things which thou hast seen – hence, the verses John wrote from verse 10 through verse 20 in Revelation, chapter 1. Then he was also told to write about the things that exist in 90AD – things which are. These things “which are” were written by the Apostle John in chapters 2 and 3 regarding the seven churches of Asia minor. Thereafter, John wrote the visions and oracles that reveal what happens in the last generation – things which shall be hereafter – as written by John from the beginning of chapter 4 through to the end of chapter 22.

All written visions in chapter 2 through to the end of chapter 22, in the Book of Revelation, were immediately written by the Apostle John as he saw and heard them. In chapters 2 and 3 in the Book of Revelation, the Apostle John was the then living messenger who sent his new message to the seven churches of Asia Minor. From the beginning of chapter 4 through to the end of chapter 22, John is playing the part of the latter day messenger. Accordingly, as John was shown visions and oracles that he wrote from chapter 4 through to the end of chapter 22, it is equated with the time in the latter days when the latter day living messenger is being shown the meaning of

the visions and oracles written on the scroll of life's first side and last side before the super volcano explodes and erupts smoke and ash in the USA.

\*\*\*\*\*

***Revelation 1:20 The MYSTERY of the SEVEN STARS*** {being the visions written on seven parts of a scroll} ***which thou sawest in MY*** {sending of the sixth plagued angel's} ***RIGHT HAND*** {the right hand represents the written visions and oracles of the first witness that also mix with the last witness' visions and oracles}, ***and the seven golden candlesticks. The SEVEN STARS*** {seven visions} ***are the ANGELS*** {personifying messages/visions that reveal the leadership/angels/messengers of the seven churches} ***of the SEVEN CHURCHES*** {being the seven churches that existed in the time when the Apostle John wrote the Book/scroll of Revelation}: ***and the SEVEN CANDLESTICKS*** {representing seven parts of a scroll on which is written the visions/seven stars/lights pertaining to the seven churches of Asia Minor} ***which thou sawest are the SEVEN CHURCHES*** {being the seven churches that existed in Asia minor when John wrote the Book of Revelation}.

The verse in Revelation 1:20 was revealed from the last small part (represented by the seventh plagued angel) of the scroll of life. The scroll of life is the last scroll that began to be revealed after the initial 1,000 years of the judgment had expired when all the other scrolls had been revealed during these 1,000 years. As the visions and oracles written on all scrolls were consecutively revealed during the judgment to replay all generations from Genesis to the last generation and also replay what happened during the judgment, all visions and oracles of all scrolls were then written on the last small part of the scroll of life. As the last small part of the scroll of life began to be revealed, it shows what is constantly being written on the last small part of the scroll of life from the time the swelled to

heaven super volcano exploded magma into the sky through the continuing time of the judgment. Presently during the judgment, the last small part of the scroll of life is replaying again our generation.

As each generation from Genesis through the last generation was being replayed from the last small part of the scroll of life, the seventh plagues angel replayed to the patriarchs, prophets, and messiahs the same words that the two witnesses (Michael and Gabriel) had originally spoke to the patriarchs, prophets, and messiahs during the first replayed time line. When the seventh plagues angel appeared before the Apostle John in 90AD, the seventh plagues angel was then replaying that generation (after all former generations had been replayed) according to the visions and oracles written on a scroll. The seventh plagues angel was replaying to the Apostle John the same words that Yahshua (Jesus) originally said to the Apostle John on the Isle of Patmos in 90AD concerning the seven stars/lights pertaining to the leadership of the seven churches of Asia Minor. These members of the seven churches are equated with the seven golden candlesticks that receive their light (star) from the angel (messenger/leadership) of each church.

The last generation that we are presently living in is being replayed again from the last small part (represented by the seventh plagues angel) of the last scroll (scroll of life) many years after the initial 1,000 years of the judgment had passed. The Apostle John was told to write what will happen again after 90AD. Accordingly after 90AD many replayed generations had passed, then from chapter 4 in the Book of Revelation is revealed what happens in the last generation as written on the last scroll (scroll of life).
