

## Chapter 1

**Revelation 1:10** *I* {Apostle John} **was in the Spirit** {his spirit/mind thinking on Jesus' and God's words} **on the LORD'S DAY** {as the seventh day was ending and the Lord's/Jesus' day/Sunday was beginning at the time of even}, **and heard behind me a GREAT VOICE, as of a TRUMPET** {trumpet/warning message},

The Apostle John was on the isle of Patmos. He was thinking (hence in the spirit) on Yahshua's and God's words at the beginning of the Lords' day (being Sunday/first day of the week) as the seventh (Sabbath) day was ending at the time of even. Then he heard behind him a great voice that sounded like a trumpet. When the great voice of a trumpet is understood, it is divided into seven audible (understandable) sounds (oracles) of seven trumpets. The great sound of the trumpet represents a great sound of thunder. This sound of thunder represents the written oracles on the seventh plagued angel.

**Revelation 1:11** *Saying, I* {being the seventh plagued angel that is equated with the first and last small part of the scroll of life} **am ALPHA** {the Alpha/first letter of the alphabet} **and OMEGA** {the Omega/last letter of the alphabet}, **the FIRST** {the scroll of life's first small part, equated with even/dawn} **and the LAST** {the scroll of life's last small part, equated with even/twilight/dusk}: **and, What THOU** {Apostle John} **seest, write in a BOOK** {hence the Book of Revelation}, **and send it unto the SEVEN CHURCHES which are in Asia; unto Ephesus, and unto Smyrna, and unto Pergamos, and unto Thyatira, and unto Sardis, and unto Philadelphia, and unto Laodicea.**

A book/scroll was, as it were, written by the two witnesses (Michael and Gabriel) concerning the events they saw and heard happen in each generation. Each scroll covered the ministry and message of a

patriarch, judge, or prophet/messenger. The last scroll/scroll of life will contain the written visions and oracles of the two witnesses (Michael and Gabriel) concerning events that they will have seen take place from the time the latter day messenger unsealed the first of seven seals through to the end of the 1,100-year judgment period. At the time when a new Daily truth message began to dawn from beneath the first seal of the rolled-up scroll of life, the union of nations reigning as the fifth kingdom had ended. From the time the fifth kingdom ended through to the end of latter day Babylon's first reigning period as the number six kingdom, the two witnesses will have witnessed the things that existed and happened as written beneath the scroll of life's six of seven seals. At the end of latter day Babylon's first of three reigning periods, new Daily truth resurrected to life when the new truth dawned from beneath the seventh seal.

Written beneath the seventh seal are seven angels each having a trumpet. These seven angels with trumpets represent written visions and oracles of things that existed and events that have already happened as witnessed by the two witnesses. From the end of latter day Babylon's reign as the sixth kingdom through to the end of latter day Babylon's reign as the seventh kingdom, all things that existed and happened as witnessed by the two witnesses are written on six of the seven angels with trumpets beneath the seventh seal. At the end of latter day Babylon's second reigning period, new Daily truth again resurrected to life when the new message dawned from the seventh angel with trumpet. From the end of the reign of latter day Babylon's kingdom as the seventh kingdom through to the end of latter day Babylon's reign as the eighth kingdom, all things that existed and happened as witnessed by the two witnesses are written on six of the seven lights of the seventh angel with trumpet. Three and a half ( $3\frac{1}{2}$ ) days before latter day Babylon's third reigning period as the number eight kingdom ends, a bright star (meteor) will impact the USA. However the impact seems to fail in causing the super volcano to

continually erupt. Hence during the next 3½ days, the Daily present truth revealed by the latter day living messenger will have been totally rejected by the USA and nations, which is referred to as the two witnesses' visions and oracles lying dead in the street. At the end of the three and a half (3½) days, smoke and ash will erupt continually for five months from the opened super volcano's mouth, which is referred to as the two witnesses' visions and oracles resurrecting to life. The events that happen after the time the star impacts the USA are recorded by the two witnesses at the beginning of the seventh angel's seventh light (on this seventh light is written seven plagued angels). During the time when smoke and ash are issuing for five months from the opened super volcano in the USA, the two witnesses will have witnessed the events that are happening throughout that time as recorded on six of seven plagued angels.

When the USA's immense super volcano swells high-up and explodes magma into the sky and fills its huge opened mouth with a lake of fire/lava, from that time the two witnesses (Michael and Gabriel) will be writing on the seventh plagued angel all things that are happening and will happen through to the end of the judgment. Accordingly, the seventh plagued angel will contain the visions and oracles of the redeemed entering the fiery light of the ensign of new Jerusalem (within the lava filled USA), the events when the world is covered in lava from the overflowing lake of lava, the events of a new Earth, and all events happening during the judgment. The first witness Michael will write all these things on the first side/outside of the scroll of life's last small part (referred to as the seventh plagued angel), while the last witness will write all these things on the last side/inside of the scroll of life's last small part (referred to as the seventh plagued angel).

Throughout 1,100 years of the judgment, the two witnesses' visions and oracles recorded (written) on each scroll, concerning the things that existed and events that happened in every past generation, will

be opened to replay each generation. The initial 1,000 years concerning what is happening in the judgment and the revealing of the visions and oracles being reviewed from the scrolls will be witnessed by the two witnesses (Michael and Gabriel) and written by Michael (first witness) on the first side of the scroll of life's last small part (seventh plagues angel) and by Gabriel (last witness) on the last small part (seventh plagues angel) of the scroll of life's other side. At the end of the initial 1,000 years of judgment, the last scroll/scroll of life will be reviewed for 100 years. Everything that will be happening in the judgment and concerning the revealed visions and oracles being reviewed from the scroll of life will be witnessed by the two witnesses and written on the first side and last side of the scroll of life's last small part/seventh plagues angel. This means the scroll of life's seventh plagues angel will contain all the visions and oracles that are written on all the scrolls and last scroll/scroll of life, which are again reviewed when the seventh plagues angel begins to reveal all the visions and oracles that were witnessed by the two witnesses. Hence the seventh plagues angel has all the letters of words of what the first witness and last witness had seen and heard as recorded on both sides of all the scrolls.

The last small part (seventh plagues angel) of the scroll of life's first side mixes with the first small part of the scroll of life's last side, just as the ending of an evening at dusk mixes with the beginning of dawning sunlight. Also, the first small part (seventh plagues angel) of the scroll of life's first side mixes with the last small part of the scroll of life's last side. Accordingly, the seventh plagues angel is alpha, being the written words of visions and oracles written on the first small part of the scroll of life's last side. At the same time, the seventh plagues angel is omega, being the written words of visions and oracles written on the last small part of the scroll of life's first side.

The Apostle John was told by the seventh plagues angel to

immediately write in a book (scroll) the things he was shown and send it to the seven churches in Asia minor. Hence John wrote the Book of Revelation that contains what John was shown and heard and permitted to write by the seventh plagued angel while on the isle of Patmos

\*\*\*\*\*

***Revelation 1:12 And I turned to see the voice that spake with me. And being turned, I saw SEVEN GOLDEN CANDLESTICKS***

{representing the seven churches of Asia Minor as witnessed by the first witness'/bright moon's silvery light/visions at dusk and the last witness'/morning star's/sun's coppery light/visions at dawn, which mixed together create the gold of these seven candlesticks that represent seven churches of Asia Minor};

The Apostle John turned to see who was speaking with the voice of a great trumpet. He sees seven golden candlesticks that represent the seven churches that had existed in Asia Minor around 90 A.D. From the last small part of the scroll of life, the seventh plagued angel reveals near the end of the judgment what is written on both sides of each scroll. One of these scrolls' visions and oracles reveals the things that existed and events that happened during the time when the seven churches of Asia minor existed. The seventh plagued angel is referred to as the Mighty God having the great voice of a trumpet. The reason is that near the end of the judgment, the seventh plagued angel will have all the visions and oracles written on both sides of each scroll. On each scroll's first side and last side, the two witnesses wrote visions and oracles of things that existed and happening in each generation.

The seven candlesticks are made of gold because gold represents the combined visions of the two witnesses concerning the same things and events they both saw existing and happening during the time seven churches of Asia Minor existed. On each of the seven

candlesticks is written the first witness'/Michael's written visions (that are equated with spiritual silvery moonlight of the bright star/moon) and the last witness'/Gabriel's visions (equated with spiritual coppery sunlight of the morning star/sun). Accordingly, spiritual silver visions are written/mixed with spiritual copper visions to create the gold of these seven candlesticks.

\*\*\*\*\*

**Revelation 1:13 And in the MIDST {middle} of the SEVEN CANDLESTICKS {representing seven churches that existed in Asia Minor} one LIKE {resembling} unto the SON OF MAN {looks like a human, being the seventh plagued angel written on the last small part of the last scroll/scroll of life}, CLOTHED with a GARMENT {the garment represents the light/visions written on the last small part of the scroll of life's first side. This garment also represents the light emanating from the lava filled mouth of the opened super volcano. The light descending from the seventh plagued angel's two fiery eyes of light is equated with the visions of the two witnesses written on the last small part of the scroll of life} down to the FOOT, and girt about the PAPS {chest} with a GOLDEN GIRDLE {the gold is made by the spiritual moon's silver light/visions of what the first witness saw happen in each generation mixing with the spiritual sun's coppery light/visions of what the last witness saw happen in each generation. All these visions of the two witnesses are written on the seventh plagued angel; hence the seventh plagued angel is wearing the high priest's golden girdle in Revelation 15:6}.**

It states in Revelation 1:13 that the seventh plagued angel is clothed with a garment. This garment represents the visions and oracles that are written on the last small part of the scroll of life. The two fiery eyes of light of the seventh plagued angel represent the two witnesses (Michael and Gabriel) visions and oracles revealed near the end of the 1,100 years of the judgment from the last small part of

the scroll of life's first side. This white garment also represents the time when great hailstones are raining down through the intense light, which is emanating from the immense lake of lava/fire flowing from the mouth of the super volcano.

In the past type, the high priest had a curious linen girdle wrapped around his priestly garments. This linen girdle was embroidered with the colors of gold, blue, purple, and red. The blue embroidery represents the spiritual moon's silver-blue light/visions of the first witness, while the red embroidery represents the spiritual sun's coppery-red light/visions pertaining to the last witness. The purple embroidery represents the mixing of the spiritual silvery-blue moon's light/visions mixed with the spiritual coppery-red sun's light/visions. Gold embroidery on the curious girdle has the same meaning as the purple embroidery, since this gold is created by mixing the silver bright star's light/visions with the coppery morning star's light/visions on the seventh plagued angel.

The seventh plagued angel has two fiery eyes of light. The right eye represents the spiritual moon's light/visions written on the first side of the scroll of life by Michael, while his left eye represents the spiritual sun's light/visions written on the last side of the scroll of life by Gabriel. The seventh plagued angel's body arms and legs are created by the intense light emanating high above the high and lifted-up super volcano's mouth full of an overflowing lake of fire/lava. At that same time, great hailstones are raining down through the intense white light. These hailstones are equated with the gem stones on the high priest's breastplate and with the foundations of new Jerusalem. On the high priest's girdle was fastened the breast plate of gem stones, just as the seventh plagued angel has a girdle made of gold.

\*\*\*\*\*

***Revelation 1:14 His {seventh plagued angel's} HEAD and his***

***HAIRS were WHITE LIKE WOOL, as WHITE as SNOW*** {the white brightness represents the light emanating from the lake of flowing lava in the super volcano's mouth. This light is also equated with all the light/visions and oracles written on each side of the scrolls, on which Michael and Gabriel recorded all the things that existed and happened in every generation. Near the end of the judgment, all these visions will be revealed from the scroll of life's last small part/seventh plagued angel}; ***and HIS*** {seventh plagued angel's} ***EYES were as a FLAME OF FIRE*** {the right eye is equated with the time when fiery lava is in the mouth of the super volcano as witnessed by the first witness/Michael and written by Michael on the first side of the scroll of life's last small part/seventh plagued angel; the left eye is also equated with the time when the same fiery lava is in the mouth of the super volcano but as witnessed by the last witness/Gabriel and written on the seventh plagued angel/last small part of the scroll of life's last side};

It states in Revelation 1:14 that the seventh plagued angel's head and hair are as white as wool and snow. This brightness of the seventh plagued angel's head represents all the visions written on all the scrolls and the last scroll's/scroll of life. Michael and Gabriel wrote on the seventh plagued angel from the time the super volcano erupted lava in the fallen USA through to the end of the judgment.

The intense brightness emanating from the overflowing lake of lava in the mouth of the super volcano is equated with the the seventh plagued angel's head and hairs being white like wool and snow. The two fiery lights of the seventh plagued angel represent the intense brightness of the lake of lava, as recorded on the two witnesses (two sides of the scroll of life), hence the two eyes of fire.

At the time when the super volcano's mouth is full of a lake of fire, the spiritual sun's (last witness') light (visions) and the spiritual moon's (first witness') light (visions) written on the seventh plagued

angel will be seven times as bright (see Isaiah 30:26), since the seventh plagued angel will at that time contain all the light (visions) on seven parts/seven seals of the scroll of life's first side.

**Isaiah 30:26** *Moreover the light of the MOON* {representing the first witness' written visions when the scroll of life's last small part/seventh plagued angel is being revealed} *shall be as the light of the sun, and the light of the SUN* {representing the last witness' written visions when the seventh plagued angel is being revealed} *shall be sevenfold, as the light of SEVEN DAYS* {since the scroll of life's seven parts are likened to seven days}, *in the Day* {when lava erupts from the super volcano in the fallen USA} *that the LORD* {the Lord/seventh plagued angel equated with the impacted star/meteor} *bindeth up the breach of his people, and healeth the stroke of their WOUND* {inflicted by the latter day Babylonian beast/kingdom}.

\*\*\*\*\*

**Revelation 1:15** *And HIS* {seventh plagued angel's} **FEET** {his right foot represents lava that has flowed down to run through the land from the high and lifted-up erupting super volcano's mouth, as witnessed by Michael and written on the scroll of life's first side. His left foot also represents lava that has flowed down to run through the land from the high and lifted-up erupting super volcano's mouth, but as witnessed by Gabriel and written on the scroll of life's last side} *like unto FINE BRASS* {being copper}, *as if they burned in a FURNACE* {referring to lava running throughout the land from the erupting super volcano in the USA}; *and HIS* {seventh plagued angel's} **VOICE** {voice of the last witness, since the last witness' living messenger unsealed, opened, and revealed the scroll of life} *as the SOUND of MANY WATERS* {the sound of many waters of great hailstones raining down on the land as lava continually erupts from the super volcano}.

The seventh plagued angel's feet are the color of burning copper. Copper is equated with the color of twilight glow during the ending of the spiritual seventh day. The time of twilight glow of the spiritual seventh day refers to the last small part (referred to as the seventh plagued angel) written beneath the seventh seal of the scroll of life. Also the burning copper-color of his right foot is equated with the color of lava that has issued down from the high and lifted-up lava erupting mouth of the super volcano, as written by the first witness/Michael. The seventh plagued angel's left foot burning as the color of copper also represents the same lava that has flowed down from the high and lifted-up lava erupting super volcano's mouth, but as written by the last witness/Gabriel.

The voice of the seventh plagued angel is of the last witness. The reason is that the last witness' living messenger unsealed the seven seals around the rolled-up scroll of life, unrolled it, and revealed the visions and oracles that are written on each side of the scroll of life before the meteor impacted the USA's land. The seventh plagued angel's voice of many waters sounds like great hailstones raining from the sky. These hailstones begin raining on the USA's land from the time the super volcano's opened mouth is erupting magma. Visions and oracles began being written on the seventh plagued angel from the time great hailstones began raining on the USA's land. Hence the seventh plagued angel is speaking to the Apostle John around 90 A.D. with a voice that sounds like raining great hailstones.

\*\*\*\*\*

***Revelation 1:16 And HE*** {seventh plagued angel} ***had in his RIGHT HAND*** {his right hand represents the moon's light/visions of the seventh plagued angel written on the scroll of life's first side} ***SEVEN STARS*** {these seven stars are the seven lights/visions of the seven candlesticks}: ***and out of HIS*** {seventh plagued angel's}

***MOUTH*** {the seventh plagues angel's mouth is equated with the time when the opened mouth of the super volcano is erupting lava} ***went a SHARP TWO EDGED SWORD*** {near the end of the judgment, the seventh plagues angel's mouth will reveal what was seen and heard by the first witness/first edge of the sword and at the same time by the last witness/second edge of the same sword when lava erupted from the opened mouth of the super volcano}: ***and HIS*** {seventh plagues angel's} ***COUNTENANCE*** {face} ***was as the SUN SHINETH in his STRENGTH*** {this seventh plagues angel's face of light represents all the written visions on all the scrolls that are all written on the last small part/seventh plagues angel of the scroll of life}.

In the seventh plagues angel's right hand are seven stars. Each of these seven stars are upon each of the seven golden candlesticks. Each candlestick is equated with parts of a scroll, on which is written the visions that witnessed the things that were happening within the seven churches of Asia Minor. The seven stars represent the visions written on seven parts of a scroll. During the judgment, the revealing of all visions and oracles written on all the scrolls are written on the last small part (equated with the seventh plagues angel) of the scroll of life's first side and last side. Accordingly, Revelation 1:16 is happening near the end of the judgment when the seventh plagues angel reveals the visions of seven stars concerning the seven golden candlesticks, just as they were revealed earlier in the judgment from one of the scrolls when all the scrolls were opened and revealed.

The seven stars are being shown from the seventh plagues angel's "right" hand. This reveals that these seven stars are according to what the first witness (Michael) wrote as he was seeing the things that existed and happening during the time of the seven churches in Asia Minor. If the seventh plagues angel's left hand showed seven stars (visions), they would pertain to the visions of the last witness.

**Revelation 1:17** *And when I* {Apostle John} *saw HIM* {seventh plagued angel}, *I fell at his feet as dead. And HE* {he/seventh plagued angel representing the combined visions and oracles of the two witnesses/Michael and Gabriel written on each side of the scroll of life's last small part/seventh plagued angel} *laid his RIGHT HAND* {in which is held the seven stars} *upon me, saying unto me, Fear not; I* {seventh plagued angel} *am the FIRST* {first witness' visions and oracles} *and the LAST* {last witness' visions and oracles}.

In Revelation 1:17 the seventh plagued angel placed its right hand, holding the seven stars, upon the Apostle John after he had fainted. Then the angel revived him and said "I am the first and the last." The first and last refers to the written visions and oracles on the first small part and last small part of the scroll of life's first side and last side. When the opening of all the scrolls happened during the judgment, Michael and Gabriel wrote on each side of the scroll of life's last small part (represented by the seventh plagued angel) all the written visions and oracles being reviewed from all the scrolls that recorded the things that existed and happened in each generation. Since the seventh plagued angel contains all visions and oracles of things that existed and happened in all generations, it means that the seventh plagued angel reveals both witnesses' visions and oracles simultaneously. Hence the seventh plagued angel is the first witness and the last witness combined, just as blue and red combined create purple, and silver and copper combined create a gold.

\*\*\*\*\*

**Revelation 1:18** *I* {seventh plagued angel} *am HE* {he is the two witnesses' visions and oracles} *that LIVETH* {when the Daily truth resurrected to life 3½ days after the rock's impact in the USA} *and*

*was DEAD* {written vision showing the time when the two written witnesses' predictions will have died for 3½ when Revelation 11:7 will have been fulfilled during the latter day sign of Jonah}; *and, behold, I am alive for EVERMORE* {the Daily truth of two witnesses stays alive forever when the latter day resurrection will have been fulfilled in Revelation 11:11}, *Amen; and have the KEYS of HELL* {the seventh plagues angel has the spiritual keys/visions showing how the bottomless pit of hell/super volcano was opened} *and of DEATH* {having the written vision/spiritual key that shows how the graves/deaths of the redeemed will have been opened/awoken 3½ days after the bright star's impact in the USA}.

The seventh plagues angel has the visions of the two witnesses that show how, during the remaining 3½ days of the 2300-day period, the two witnesses' (being the two sides of the scroll of life) predictions will have been lying dead (totally rejected) until after these 3½ days when the super volcano in the USA erupted smoke and ash continually for 5 months. From that time when smoke and ash erupted from the super volcano in the USA, the seventh plagues angel's written visions and oracles will be living forevermore.

At the time the impacted star causes the super volcano to continually erupt with smoke and ash for 5 months before magma erupts, the two witnesses' visions and oracles will have witnessed the latter day resurrection of the redeemed that had died in every generation. The seventh plagues angel has the keys of hell and death because the seventh plagues angel has all the visions and oracles of events that were recorded in each scroll and the last scroll/scroll of life. Hence the seventh plagues angel has the visions (keys) that recorded the latter day resurrection of the redeemed from death and hell (bottomless pit/super volcano) at the time the super volcano erupted smoke and ash.

*Revelation 9:1 And the fifth angel sounded, and I saw a STAR*

{representing a meteor} *fall from heaven unto the earth: and to HIM* {star} *was given the KEY* {referring to the star's impact/ earthquake} *of the BOTTOMLESS PIT* {being a super volcano in the USA}.

\*\*\*\*\*

***Revelation 1:19 WRITE*** {the Apostle John is being instructed to immediately start writing} ***the THINGS which THOU*** {referring to the Apostle John} ***HAST SEEN*** {referring to the visions he saw in Revelation 1:10-20}, ***and the THINGS which ARE*** {to write the things that John was presently seeing}, ***and the THINGS which shall be HEREAFTER*** {to also write the other visions and oracles that John will be shown};

In Revelation 1:19, the Apostle John was told by the seventh plagued angel to begin writing what he had just seen – things which thou hast seen – hence, the verses John wrote from 10 through 20 in Revelation, chapter 1. Then he was also told to write about the things he was presently seeing and hearing – things which are. These things “which are” were written by the Apostle John in chapters 2 and 3. Thereafter, John wrote the visions and oracles that he later saw and heard – things which shall be hereafter – as written by John from chapter 4 to the end of chapter 22.

All written visions in chapter 2 through to chapter 22, in the Book of Revelation, were immediately written by the Apostle John as he saw and heard them. In the Book of Revelation, the Apostle John is playing the part of the latter day messenger. This means, the things John was shown and wrote pertaining to the two witnesses' visions and oracles are equated with the time in the latter days when the latter day living messenger is being shown the meaning of the visions and oracles written on the scroll of life's first side before the star impacts the USA.

\*\*\*\*\*

***Revelation 1:20 The MYSTERY of the SEVEN STARS*** {being the visions written on seven parts of a scroll} ***which thou sawest in MY*** {seventh plagued angel's} ***RIGHT HAND*** {the right hand represents the written visions and oracles of the first witness that also mix with the last witness' visions and oracles}, ***and the seven golden candlesticks. The SEVEN STARS*** {seven visions} ***are the ANGELS*** {personifying messages/visions that reveal the leadership/angels/messengers of the seven churches} ***of the SEVEN CHURCHES*** {being the seven churches that existed in the time when the Apostle John wrote the Book of Revelation}: ***and the SEVEN CANDLESTICKS*** {representing seven parts of a scroll on which is written the visions/seven stars/lights pertaining to the seven churches of Asia Minor} ***which thou sawest are the SEVEN CHURCHES*** {being the seven churches that existed in Asia minor when John wrote the Book of Revelation}.

The verse in Revelation 1:20 happens in the time near the end of the judgment. At that time, the seventh plagued angel reveals what happened earlier in the judgment when a scroll was opened to reveal the seven stars/lights pertaining to the leadership of the seven churches of Asia Minor. These members of the seven churches are equated with the seven golden candlesticks that receive their light (star) from the angel (messenger/leadership) of each church.
