

Chapter 1

Revelation 1:10 *I* {Apostle John} **was in the Spirit** {his spirit/mind thinking on Jesus' and God's words} **on the LORD'S DAY** {as the seventh day was ending and the Lord's/Jesus' day/Sunday was beginning at the time of even}, **and heard behind me a GREAT VOICE as of a TRUMPET** {representing the great sound of thunder, which happens when the super volcano swells to heaven and explodes magma into the sky},

The Apostle John was on the isle of Patmos. He was thinking (hence in the spirit) on Yahshua's (Jesus') and God's words at the ending of the Sabbath, as the Lords' day (being Sunday/first day of the week) was beginning. Then he heard behind him a great voice that sounded like a trumpet. This very loud trumpet represents the great sound of thunder, that happens when the swelled to heaven super volcano explodes magma into the sky.

Revelation 1:11 *Saying, I* {being the seventh plagued angel that is equated with the first small part and last small part of the scroll of life} **am ALPHA** {the Alpha/first letter of the alphabet} **and OMEGA** {the Omega/last letter of the alphabet}, **the FIRST** {the scroll of life's first small part, equated with even/dawn} **and the LAST** {the scroll of life's last small part, equated with even/twilight/dusk}: **and, What THOU** {Apostle John} **seest, write in a BOOK** {hence the Book of Revelation}, **and send it unto the SEVEN CHURCHES which are in Asia; unto Ephesus, and unto Smyrna, and unto Pergamos, and unto Thyatira, and unto Sardis, and unto Philadelphia, and unto Laodicea.**

A book/scroll was, as it were, written by the two witnesses (Michael and Gabriel) concerning the events they saw and heard happen in each generation. Each scroll covered the ministry and message of a patriarch, judge, or prophet/messenger. The last scroll/scroll of life

will contain the written visions and oracles of the two witnesses (Michael and Gabriel) concerning all things that they saw happen from the time the latter day messenger unsealed the first of seven seals through to the judgment period and on. In the last generation, a new Daily truth message began to dawn from beneath the first seal of the rolled-up scroll of life. At that time, the union of nations that reigned as the fifth kingdom had ended. From the time the fifth kingdom ended through to the end of latter day Babylon's first reigning period as the number six kingdom, the two witnesses will have witnessed the things that existed and happened as written beneath the scroll of life's six of seven seals. At the end of latter day Babylon's first of three reigning periods, a new message resurrected to life as new Daily truth dawning from beneath the seventh seal.

Written beneath the seventh seal are seven angels each having a trumpet. On these seven angels with trumpets are written visions and oracles of things that existed and happened as witnessed by the two witnesses. From the end of latter day Babylon's reign as the sixth kingdom through to the end of latter day Babylon's reign as the seventh kingdom, all things that existed and happened as witnessed by the two witnesses are written on six of the seven angels with trumpets beneath the seventh seal. At the end of latter day Babylon's second reigning period, new Daily truth again resurrected to life when the new message dawned from the seventh angel with trumpet. From the end of the reign of latter day Babylon's kingdom as the seventh kingdom through to the end of latter day Babylon's reign as the eighth kingdom, all things that existed and happened as witnessed by the two witnesses are written on six of the seven lights of the seventh angel with trumpet. Three and a half ($3\frac{1}{2}$) days before latter day Babylon's third reigning period as the number eight kingdom ends, the super volcano in the USA will briefly awaken to erupt smoke and ash before going dormant. Hence during the next $3\frac{1}{2}$ days, the Daily present truth (two witnesses' written visions and

oracles) revealed by the latter day living messenger will have been totally rejected by the USA and nations, which is referred to as the two witnesses' visions and oracles written on the scroll of life lying dead in the street. At the end of the three and a half (3½) days, a huge stone will be ejected into the outer limits of the atmosphere. As the stone descends with great speed, it will glow as a bright star to impact near the mountain of the super volcano in the USA. The stone's impact causes a great earthquake. The earthquake is the stone's key that opens the bottomless pit (super volcano). From the time of the stone's impact, smoke and ash will erupt continually for five months from the opened super volcano's mouth. At that time, the two witnesses' written visions and oracles resurrect to life. The events that happen after the time the great star (being the stone cut out of the mountain) impacts the USA are recorded by the two witnesses at the beginning of the seventh angel's seventh light (on this seventh light is written seven plagued angels). During the time when smoke and ash are issuing for five months from the opened super volcano in the USA, the two witnesses will have witnessed the events that are happening throughout that time as recorded on six of seven plagued angels.

When the USA's immense super volcano swells high-up and explodes magma into the sky and fills its immense 40-mile wide opened mouth with a lake of fire/lava, from that time the two witnesses (Michael and Gabriel) will be writing on the seventh plagued angel all things that are happening and will happen through to the judgment and on. Accordingly, the seventh plagued angel will contain the visions and oracles of the redeemed entering the fiery light of the ensign of new Jerusalem (within the lava filled USA), the events when the world is covered in lava by the overflowing and expanding lake of fire, the events of a new Earth, and all events happening during the judgment and on. The first witness Michael wrote the visions and oracles that reveal all the things he witnessed,

as written on the first side/outside of the scroll of life's last small part (referred to as the seventh plagued angel). Whereas the last witness Gabriel wrote the visions and oracles that reveal all the things he witnessed, as written on the last side/inside of the scroll of life's last small part (referred to as the seventh plagued angel).

Throughout the judgment, the two witnesses' visions and oracles written on each scroll will be opened to replay the things that existed and happened in each generation. For 1,000 years of the judgment, the visions and oracles written on scrolls will replay what happened in each past generation. At the end of these 1,000 years of judgment, the last scroll/scroll of life is reviewed for 100 years to replay what happened in the last generation and through the judgment.

Everything happening and being revealed during the judgment is also witnessed by the two witnesses (Michael and Gabriel) and written by Michael (first witness) on the first side of the scroll of life's last small part (seventh plagued angel) and by Gabriel (last witness) on the last small part (seventh plagued angel) of the scroll of life's other side. This means the scroll of life's seventh plagued angel will contain all the visions and oracles that are written on all the scrolls and last scroll/scroll of life. All the scrolls are again reviewed when the last small part (represented by the seventh plagued angel) of the scroll of life begins to reveal its written visions and oracles during the judgment. Hence the seventh plagued angel has all the letters of words of what the first witness and last witness had seen and heard as recorded on both sides of all the scrolls.

The last small part (represented by the seventh plagued angel) of the scroll of life's first side mixes with the first small part of the scroll of life's last side, just as the ending of an evening at dusk mixes with the beginning of dawning sunlight. Also, the first small part of the scroll of life's first side mixes with the last small part (seventh plagued angel) of the scroll of life's last side. Accordingly, the seventh plagued angel is alpha and omega, being the written words

of visions and oracles written on the first small part and last small part of the scroll of life's first side and last side.

The Apostle John was told by the seventh plagued angel to immediately write in a book (scroll) the things he was shown and send it to the seven churches in Asia minor. Hence John wrote the Book of Revelation that contains what John was shown and heard and permitted to write by the seventh plagued angel while on the isle of Patmos around 90AD.

Revelation 1:12 And I turned to see the voice that spake with me. And being turned, I saw SEVEN GOLDEN CANDLESTICKS

{representing the seven churches of Asia Minor as witnessed by the first witness'/bright moon's silvery light/visions at dusk and the last witness'/morning star's/sun's coppery light/visions at dawn, which mixed together create the gold of these seven candlesticks that represent seven churches of Asia Minor};

The Apostle John turned to see who was speaking with the voice of a great trumpet. He sees seven golden candlesticks that represent the seven churches that had existed in Asia Minor around 90 A.D. From the first small part and last small part of the scroll of life's two sides, the seventh plagued angel reveals during the judgment what is written on both sides of each scroll. One of these scrolls' visions and oracles reveals the things that existed and happened during the time when the seven churches of Asia minor existed. After 1,000 years of the judgment had passed, the seventh plagued angel then had all the visions and oracles written on both sides of each scroll. On each scroll's first side and last side, the two witnesses wrote visions and oracles of things that existed and happened in each generation. When each scroll was revealed during the judgment, each generation was replayed just as it had once existed.

The seven candlesticks are made of gold because gold represents the

combined visions of the two witnesses concerning the things and events they both saw existing and happening during the time seven churches of Asia Minor existed. On each of the seven candlesticks is written the first witness'/Michael's written visions (that are equated with spiritual silvery moonlight of the spiritual bright star/moon) and the last witness'/Gabriel's visions (equated with spiritual coppery sunlight of the spiritual morning star/sun). Accordingly, spiritual silver visions are written/mixed with spiritual copper visions on the last small part of the scroll of life to create the gold of these seven candlesticks.

Revelation 1:13 And in the MIDST {middle} ***of the SEVEN CANDLESTICKS*** {representing seven churches that existed in Asia Minor} ***one LIKE*** {resembling} ***unto the SON OF MAN*** {looks like a human, being the seventh plagued angel written on each side of the last small part of the last scroll/scroll of life}, ***CLOTHED with a GARMENT*** {the garment represents the light/visions written on the last small part of the scroll of life's first side and last side. This garment also represents the intensely bright white light emanating from the overflowing spreading lake of fire in the immense mouth of the high and lifted-up to heaven super volcano. The light descending from the seventh plagued angel's two fiery eyes of light is equated with the visions of the two witnesses written on the last small part of the scroll of life} ***down to the FOOT, and girt about the PAPS*** {chest} ***with a GOLDEN GIRDLE*** {the gold is made by the spiritual moon's silver light/visions of what the first witness saw happen in the evenings of each generation mixing with the spiritual sun's coppery light/visions of what the last witness saw happen during the daylight of each generation. At present during the judgment, all visions of the two witnesses are written on the seventh plagued angel; hence the seventh plagued angel is wearing the high priest's golden girdle in Revelation 15:6}.

It states in Revelation 1:13 that the seventh plagues angel is clothed with a garment. This garment represents the visions and oracles that are written on the last small part of the scroll of life. The two fiery eyes of light of the seventh plagues angel represent the two witnesses' (Michael and Gabriel) written visions and oracles revealed during the judgment from the last small part of the scroll of life's first side and last side simultaneously. This white garment also represents the time when great hailstones are raining down through the intense light, which is emanating from the immense lake of lava/fire overflowing from the mouth of the high and lifted-up to heaven super volcano.

In the past type, the high priest had a curious linen girdle wrapped around his priestly garments. This linen girdle was embroidered with the colors of gold, blue, purple, and red. The blue embroidery represents the spiritual moon's silver-blue light/visions of the first witness, while the red embroidery represents the spiritual sun's coppery-red light/visions pertaining to the last witness. The purple embroidery represents the mixing of the spiritual silvery-blue moon's light/visions mixed with the spiritual coppery-red sun's light/visions. Gold embroidery on the curious girdle has the same meaning as the purple embroidery, since this gold is created by mixing the silver bright star's light/visions with the coppery morning star's light/visions on the seventh plagues angel.

The seventh plagues angel has two fiery eyes of light. The right eye represents the spiritual moon's light/visions written on the first side of the scroll of life by Michael, while his left eye represents the spiritual sun's light/visions written on the last side of the scroll of life by Gabriel. The seventh plagues angel's body, arms, and legs are created by the intense light emanating high above the high and lifted-up super volcano's immense 40-mile wide mouth full of an overflowing lake of fire/lava. At that same time, great hailstones are raining down through the intense white light. These hailstones are

equated with the gem stones on the high priest's breastplate and with the foundations of new Jerusalem. On the high priest's girdle was fastened the breast plate of gem stones, just as the seventh plagued angel has a girdle made of gold.

Revelation 1:14 His {seventh plagued angel's} **HEAD and his HAIRS were WHITE LIKE WOOL, as WHITE as SNOW** {the white brightness represents the intense light emanating from the lake of flowing lava in the high and lifted-up super volcano's immense mouth. This light is also equated with all the light/visions and oracles written on each side of each scroll. On each scroll, Michael and Gabriel recorded all the things that existed and happened in each generation. During the judgment that is presently happening, all these visions are now being revealed from the scroll of life's last small part/seventh plagued angel}; **and HIS** {seventh plagued angel's} **EYES were as a FLAME OF FIRE** {the right eye is equated with the time when fiery lava is in the mouth of the super volcano as witnessed by the first witness/Michael and written by Michael on the first side of the scroll of life's last small part/seventh plagued angel; the left eye is also equated with the time when the same fiery lava is in the mouth of the super volcano but as witnessed by the last witness/Gabriel and written on the seventh plagued angel/last small part of the scroll of life's last side};

It states in Revelation 1:14 that the seventh plagued angel's head and hair are as white as wool and snow. This brightness of the seventh plagued angel's head represents all the visions written on all the scrolls and the last scroll/scroll of life. Michael and Gabriel began writing on the seventh plagued angel from the time the super volcano swelled to heaven and exploded magma into the sky.

The intense brightness emanating from the overflowing lake of lava in the immense mouth of the high and lifted-up to heaven super

volcano is equated with the the seventh plagued angel's head and hairs being white like wool and snow. The seventh plagued angel's two fiery eyes of light represent the intense brightness emanating from the lake of lava, as recorded by the two witnesses on the two sides of the scroll of life, hence the two eyes of fire.

At the time when the super volcano's mouth is full of a lake of fire, the spiritual sun's (last witness') light (visions) and the spiritual moon's (first witness') light (visions) written on the seventh plagued angel will be seven times as bright (see Isaiah 30:26), since the seventh plagued angel will at that time contain all the light (visions) on seven parts (beneath seven seals) of the scroll of life's first side and last side.

Isaiah 30:26 *Moreover the light of the MOON* {representing the first witness' written vision when it replays the time when the super volcano swelled to heaven and exploded magma into the sky} *shall be as the light of the sun, and the light of the SUN* {representing the last witness' written vision when it replays the time when the super volcano swelled to heaven and exploded magma into the sky} *shall be sevenfold, as the light of SEVEN DAYS* {since the scroll of life's seven parts are likened to seven days}, *in the Day* {when lava explodes from the swelled to heaven super volcano in the USA} *that the LORD* {seventh plagued angel rising as a great light with lava from the exploded super volcano} *bindeth up the breach of his people, and healeth the stroke of their WOUND* {inflicted by the latter day Babylonian beast/kingdom}.

Revelation 1:15 *And HIS* {seventh plagued angel's} ***FEET*** {his right foot represents lava that has flowed down to run through the land from the lake of lava overflowing from the immense mouth of the high and lifted-up super volcano, as witnessed by Michael and written on the scroll of life's first side. His left foot also represents

lava that has flowed down to run through the land from the lake of lava overflowing from the immense mouth of the high and lifted-up super volcano, but as witnessed by Gabriel and written on the scroll of life's last side} *like unto FINE BRASS* {being copper}, *as if they burned in a FURNACE* {referring to lava running throughout the land from the overflowing mouth of the super volcano in the USA}; *and HIS* {seventh plagues angel's} *VOICE as the SOUND of MANY WATERS* {the sound of many waters of great hailstones raining on the land as lava continually overflows from the high and lifted-up to heaven super volcano}.

The seventh plagues angel's feet are the color of burning copper. Copper is equated with the color of twilight glow during the ending of the spiritual seventh day. The time of twilight glow of the spiritual seventh day refers to the last small part (referred to as the seventh plagues angel) written beneath the seventh seal of the scroll of life. Also the burning copper-color of his right foot is equated with the color of lava that has overflowed from the high and lifted-up immense mouth of the super volcano, as written by the first witness/Michael. The seventh plagues angel's left foot burning as the color of copper also represents the same lava overflowing from the high and lifted-up lava erupting super volcano's mouth, but as written on the by the last witness/Gabriel.

The seventh plagues angel's voice of many waters sounds like great hailstones raining from the sky. These hailstones begin raining on the USA's land after the seventh plagues angel rose as a great light with magma from the opened immense 40-mile wide mouth of the swelled to heaven super volcano. At that time, oracles were written on the seventh plagues angel that reveal the sound of great hailstones raining on the USA's land. Hence the seventh plagues angel is speaking to the Apostle John around 90 AD with a voice that sounds like raining great hailstones.

Revelation 1:16 *And HE* {seventh plagues angel} *had in his RIGHT HAND* {his right hand represents the visions written on the last small part of the scroll of life's first side, that also mixes with the visions written on the first small part of the scroll of life's last side} **SEVEN STARS** {these seven stars are the seven lights/visions of the seven candlesticks}: *and out of HIS* {seventh plagues angel's} **MOUTH** {the seventh plagues angel's mouth reveals the oracles written on the last small part of the scroll of life's first side and last side} *went a SHARP TWO EDGED SWORD* {during the judgment, the seventh plagues angel's mouth reveals what was seen and heard by the first witness/first edge of the sword and by the last witness/second edge of the same sword}: *and HIS* {seventh plagues angel's} **COUNTENANCE** {face} *was as the SUN SHINETH in his STRENGTH* {this seventh plagues angel's face of light represents all the written visions on all the scrolls that are all written on the last small part/seventh plagues angel of the scroll of life}.

In the seventh plagues angel's right hand are seven stars. Each of these seven stars are upon each of the seven golden candlesticks. Each candlestick is equated with parts of a scroll, on which is written the visions and oracles that witnessed the things that were happening during the time when the seven churches of Asia Minor existed. The seven stars represent the visions written on seven parts of a scroll. During the judgment, after all visions and oracles written on all the scrolls were revealed for the first time, they were all revealed again from the last small part (equated with the seventh plagues angel) of the scroll of life's first side and last side. During the judgment, the seventh plagues angel revealed the visions of seven stars concerning the seven golden candlesticks to the Apostle John on the Isle of Patmos around 90 AD, which was actually a replay of what Yahshua (Jesus) had originally revealed to John on Patmos around 90 AD.

The seventh plagued angel appeared to the Apostle John to reveal what had already been revealed earlier in the judgment from one of the scrolls. Each scroll had already been consecutively opened to reveal its visions and oracles during the initial 1,000 years of the judgment. As each scroll's visions and oracles were being revealed, each generation was being replayed. The replay of each generation was written on the last small part (represented by the seventh plagued angel) of the scroll of life. When that last small part on the last scroll (scroll of life) began to be revealed, it began revealing everything that happened from the time the super volcano swelled to heaven and exploded magma into the sky. Accordingly, what happened during the initial 1,000 years of the judgment was also written on the last small part of the scroll of life. Therefore when this last small part is being revealed, it replays what happened during the initial 1,000 years of the judgment. At the same time, the two witnesses continually write on the last small part the things that are happening and being revealed during the replay of what had happened and been revealed during the 1,000 years, which any new writings of the two witnesses must also be revealed. This replay of the replay is also written on the last small part, which this new writing must also be revealed and so on.

The seven stars are being shown from the seventh plagued angel's "right" hand. This reveals that these seven stars are being revealed from the last small part of the scroll of life's first side. This last small part also mixes with what is written on the first small part of the scroll of life's last side, just as the last small part of the scroll of life's last side mixes with the first small part of the scroll of life's first side. As the ending of the seventh day of genesis contains everything that was created in the previous six days, so the last small part of the scroll of life's first side contains all the visions and oracles that are written on all seven parts (beneath seven seals) of the scroll of life's first side and last side. Therefore, the first witness (Michael) wrote

on the last small part of the scroll of life's first side while the last witness (Gabriel) wrote on the last small part of the scroll of life's last side the time when the seven churches in Asia Minor were replayed from a scroll earlier in the judgment, which is then replayed by the seventh plagues angel later in the judgment.

Revelation 1:17 And when I {Apostle John} ***saw HIM*** {seventh plagues angel}, ***I fell at his feet as dead. And HE*** {he/seventh plagues angel representing the combined visions and oracles of the two witnesses/Michael and Gabriel written on each side of the scroll of life's last small part/seventh plagues angel} ***laid his RIGHT HAND*** {in which is held the seven stars} ***upon me, saying unto me, Fear not; I*** {seventh plagues angel} ***am the FIRST*** {first witness' visions and oracles} ***and the LAST*** {last witness' visions and oracles}.

In Revelation 1:17 the seventh plagues angel placed its right hand, holding the seven stars, upon the Apostle John after he had fainted. Then the angel revived him and said "I am the first and the last." The first and last refers to the written visions and oracles on the first small part and last small part of the scroll of life's first side and last side. When the opening of all the scrolls happened during the judgment, Michael and Gabriel wrote on each side of the scroll of life's last small part (represented by the seventh plagues angel) all the written visions and oracles being reviewed from all the scrolls that recorded the things that existed and happened in each generation. Since the seventh plagues angel contains all visions and oracles that reveal the things that existed and happened in all generations, it means that the seventh plagues angel reveals both witnesses' visions and oracles simultaneously. Hence the seventh plagues angel is the first witness and the last witness combined, just as blue and red combined create purple, and silver and copper combined create a gold.

Revelation 1:18 I {seventh plagued angel} **am HE** {he is the two witnesses' visions and oracles} **that LIVETH** {when the Daily truth resurrected to life at the stone's impact in the USA} **and was DEAD** {written vision showing the time when the two written witnesses' predictions will have died for 3½ when Revelation 11:7 will have been fulfilled during the latter day sign of Jonah}; **and, behold, I am alive for EVERMORE** {the Daily truth of two witnesses stays alive forever when the latter day resurrection will have been fulfilled in Revelation 11:11}, **Amen; and have the KEYS of HELL** {the seventh plagued angel has the spiritual keys/visions showing how the bottomless pit of hell/super volcano was opened} **and of DEATH** {having the written vision/spiritual key that shows how the graves/deaths of the redeemed will have been opened/awoken at the bright star's/stone's impact in the USA}.

The seventh plagued angel has the visions of the two witnesses that show how, during the remaining 3½ days of the 2300-day period, the two witnesses' (being the two sides of the scroll of life) predictions will have been lying dead (totally rejected) until after these 3½ days when the super volcano in the USA erupted smoke and ash continually for 5 months. From that time when smoke and ash erupted from the super volcano in the USA, the seventh plagued angel's written visions and oracles will be living forevermore.

At the time the impacted star causes the super volcano to continually erupt with smoke and ash for 5 months before magma erupts, the two witnesses' visions and oracles will have witnessed the latter day resurrection of the redeemed that had died in every generation. The seventh plagued angel has the keys of hell and death because the seventh plagued angel has all the visions and oracles of events that were recorded in each scroll and the last scroll/scroll of life. Hence the seventh plagued angel has the visions (keys) that recorded the

latter day resurrection of the redeemed from death and hell (bottomless pit/super volcano) at the time the super volcano erupted smoke and ash.

Revelation 9:1 *And the fifth angel sounded, and I saw a STAR {representing a falling stone cut out of the mountain/super volcano} fall from heaven unto the earth: and to HIM{star} was given the KEY {referring to the star's impact/ earthquake} of the BOTTOMLESS PIT {being a super volcano in the USA}.*

Revelation 1:19 **WRITE** {the Apostle John is being instructed to immediately start writing} **the THINGS which THOU** {referring to the Apostle John} **HAST SEEN** {referring to the visions he saw in Revelation 1:10-20}, **and the THINGS which ARE** {to write the things that are, which John was presently being shown concerning the seven churches}, **and the THINGS which shall be HEREAFTER** {to also write the other visions and oracles that John will be shown from the beginning of chapter 4 through to the end of chapter 22};

In Revelation 1:19, the Apostle John was told by the seventh plagued angel to begin writing what he had just seen – things which thou hast seen – hence, the verses John wrote from verse 10 through verse 20 in Revelation, chapter 1. Then he was also told to write about the things that exist in 90 AD – things which are. These things “which are” were written by the Apostle John in chapters 2 and 3 regarding the seven churches of Asia minor. Thereafter, John wrote the visions and oracles that reveal what happens in the last generation – things which shall be hereafter – as written by John from the beginning of chapter 4 through to the end of chapter 22.

All written visions in chapter 2 through to the end of chapter 22, in the Book of Revelation, were immediately written by the Apostle

John as he saw and heard them. In chapters 2 and 3 in the Book of Revelation, the Apostle John is the living messenger who sent his new message to the seven churches of Asia Minor. From the beginning of chapter 4 through to the end of chapter 22, John is playing the part of the latter day messenger. Accordingly, as John was shown visions and oracles that he wrote from chapter 4 through to the end of chapter 22, it is equated with the time in the latter days when the latter day living messenger is being shown the meaning of the visions and oracles written on the scroll of life's first side and last side before the star (stone) impacts the USA.

Revelation 1:20 The MYSTERY of the SEVEN STARS {being the visions written on seven parts of a scroll} ***which thou sawest in MY*** {seventh plagued angel's} ***RIGHT HAND*** {the right hand represents the written visions and oracles of the first witness that also mix with the last witness' visions and oracles}, ***and the seven golden candlesticks. The SEVEN STARS*** {seven visions} ***are the ANGELS*** {personifying messages/visions that reveal the leadership/angels/messengers of the seven churches} ***of the SEVEN CHURCHES*** {being the seven churches that existed in the time when the Apostle John wrote the Book of Revelation}: ***and the SEVEN CANDLESTICKS*** {representing seven parts of a scroll on which is written the visions/seven stars/lights pertaining to the seven churches of Asia Minor} ***which thou sawest are the SEVEN CHURCHES*** {being the seven churches that existed in Asia minor when John wrote the Book of Revelation}.

The verse in Revelation 1:20 was revealed from the last small part (represented by the seventh plagued angel) of the scroll of life. The scroll of life is the last scroll that began to be revealed after the initial 1,000 years of the judgment had expired when all the other scrolls had been revealed during these 1,000 years. The visions and

oracles of all consecutively revealed scrolls were written on the last small part of the scroll of life. As the last small part of the scroll of life is being revealed, it shows what is constantly being written on the last small part of the scroll of life from the time the swelled to heaven super volcano exploded magma into the sky. Accordingly from the last small part of the scroll of life was replayed each generation after the initial 1,000 years of the judgment, just as each generation was revealed from each scroll during the initial 1,000 years of the judgment.

As each generation from Genesis through the last generation was being replayed from the last small part of the scroll of life, the seventh plagued angel replayed to the patriarchs, prophets, and messiahs of the same words that the two witnesses (Michael and Gabriel) had originally spoke to the patriarchs, prophets, and messiahs. When the seventh plagued angel appeared before the Apostle John in 90 AD, the seventh plagued angel was then replaying that generation (after all former generations had been replayed) according to the visions and oracles written in a scroll. The seventh plagued angel was replaying to the Apostle John the same words that Yahshua (Jesus) originally said to the Apostle John on the Isle of Patmos in 90 AD concerning the seven stars/lights pertaining to the leadership of the seven churches of Asia Minor. These members of the seven churches are equated with the seven golden candlesticks that receive their light (star) from the angel (messenger/leadership) of each church.

The last generation that we are presently living in is being replayed from the last small part (represented by the seventh plagued angel) of the last scroll (scroll of life) after 1,000 years of the judgment. The Apostle John was told to write what will happen after 90 AD. Accordingly after many generations had passed after 90 AD, from chapter 4 in the Book of Revelation is revealed what happens in the last generation, as written in the last scroll (scroll of life).
