

Chapter 4

Revelation 4:1 After **THIS** {referring to what the Apostle John had finished writing concerning the leadership of the church of Laodicea} **I** {Apostle John} **looked, and, behold, a DOOR was OPENED** {with the key of David in the hand of the latter day messenger} **IN HEAVEN** {this heaven represents the sky above the high and lifted-up to heaven super volcano's mouth overflowing with a lake of lava}: **and the FIRST VOICE** {that the Apostle John heard in Revelation 1:10,15} **which I HEARD** {heard the voice speaking from the great white throne situated in heaven above the high and lifted-up super volcano's mountain/temple within new Jerusalem} **was as it were of a TRUMPET** {being of the seventh plagued angel whose voice sounds like a trumpet/thunder and many waters of falling great hailstones} **TALKING** {from the great white throne} **with me; which said, COME UP HITHER** {not physically but in the spirit/mind}, **and I** {seventh plagued angel} **will SHOW THEE** {Apostle John} **THINGS WHICH MUST BE** {must happen in the last generation and time of the judgment} **HEREAFTER** {hereafter, refers to the future of the Apostle John's generation of 90 AD}.

The Apostle John finished writing in the first three chapters of the Book of Revelation what Yahshua/Jesus had said to the seven churches of Asia Minor in 90 AD, as

replayed by the seventh plagues angel during the judgment. Thereafter in Revelation 4:1, the Apostle John then looked up and saw an open door high in the sky (heaven). The Apostle John then heard from within the open door in the sky the same trumpet-sounding voice of the seventh plagues angel. From Revelation, Chapter 4, the seventh plagues angel showed the Apostle John what is inside the door. Thereby he could write the things he saw and heard happening within the door, as written from the beginning of chapter 4 through to the end of chapter 22 in the Book of Revelation. As the Apostle John was shown and heard the visions and oracles within the door in heaven, it is equated with the time in the last generation when the latter day living messenger writes the meaning of the mysterious visions and oracles written in the Book of Revelation.

Heaven represents the sky around the high and lifted-up super volcano's mouth that is overflowing with a lake of fire. Upon this high mountain (new Mount Zion) is where the seventh plagues angel is sitting and reigning during the judgment within new Jerusalem. In the latter days, the door in heaven has been opened with the key that is in the hand of the latter day messenger. Within the door in heaven is shown the time when the seventh plagues angel is revealing what happened earlier in the judgment when the last scroll/scroll of life was about to be unsealed and revealed. When the seven-sealed rolled-up scroll of life

began to be unsealed, opened, and reviewed, its visions and oracles replay the things that existed and happened from the time the latter day messenger began to understand the dawning light from beneath the first seal. At this present time of our lives, all things exist and are happening because the seventh plagued angel is presently replaying our generation during the judgment according to the visions and oracles written on the scroll of life.

Revelation 4:2 And immediately I was IN THE SPIRIT {the Apostle John is seeing the visions with his mind's eye}; ***and, behold, a THRONE*** {this great white throne is reigning over the lava covered dissolved kingdom of latter day Babylon} ***WAS SET*** {showing the Apostle John in 90 AD what had already happened in the previous replay of the last generation} ***in HEAVEN*** {heaven refers to the sky above the high and lifted-up super volcano's mountain overflowing with a lake of fire from its immense mouth}, ***and ONE*** {the seventh plagued angel representing what is written on the last small part of the scroll of life} ***SAT*** {ruling over the lava covered dissolved kingdom of latter day Babylon} ***ON THE THRONE*** {the two witness' visions and oracles written on the seventh plagued angel are reigning on the great white throne of intense light above the lava erupting mouth of the super volcano}.

In the generation of 90 AD, the Apostle John was shown

in Revelation 4:2 what had already happened during the judgment in a previous replay of all generations. The lives we are presently living and all things happening in our generation (which is the last generation that ends in an overflowing spreading lake of fire) are being replayed from the written visions and oracles that are presently being revealed during this present replay of all generations (from Genesis through the last generation).

In Revelation 4:2, the Apostle John was shown in the spirit (eye) of his mind a throne being set, according to what had happened in the previous replay of all generations. On this throne is sitting the seventh plagued angel. The seventh plagued angel represents all the visions and oracles written by the two witnesses on the last small part of the scroll of life. These visions and oracles are sitting as the seventh plagued angel on a great white throne of intense light emanating from the high and lifted-up super volcano, overflowing with a lake of fire that spread to cover the world. The seventh plagued angel is reigning over the lava covered world, in which is the lava covered dissolved kingdom of latter day Babylon that had ruled over all nations in the last generation.

The throne is equated with the Ark of the Covenant within the old temple's holy of hollies. The first witness and last witness are represented by the two ark angels on the mercy seat of the golden Ark of the Covenant. On the day of atonement, an intensely bright light (Shekinah glory)

would manifest between the two ark angels on the golden Ark's seat (throne), which is equated with the seventh plagued angel's visions and oracles reigning over the lava covered dissolved kingdom of latter day Babylon. Over the intense white light issuing from the high and lifted-up lava erupting super volcano's mountain (equated with the old temple on Mount Zion within old Jerusalem) is where this great white throne is situated.

Revelation 4:3 And HE {seventh plagued angel representing the last small part of the scroll of life} ***that SAT*** {sat on the great white throne of intense light emanating from the overflowing lake of lava from the immense 40-mile wide mouth of the super volcano} ***was to look upon like a JASPER*** {red glow of lava} ***and a SARDINE STONE*** {yellow glow of lava}: ***and there was a RAINBOW*** {representing the aurora of different colors that are created when raining great hailstones around the mountain of the super volcano cause the intense white light emanating from the super volcano to be divided into colors of the rainbow} ***round about the THRONE*** {the immense, glorious throne of intense light reigning over the dissolved kingdom of latter day Babylon}, ***insight like unto an EMERALD*** {a green aurora emanating around and above the overflowing lake of fire from the high and lifted-up to heaven super volcano}.

The description of the one (seventh plagued angel) sitting on the reigning throne is of a yellow color and red color, which describes the lake of fire/lava. Emanating above the intense white light from the super volcano's lava erupting immense 40-mile wide mouth will be an aurora of colors likened to the colors of a rainbow. The reason why there are colors is that great hailstones will be raining down on the land when lava is erupting. These great hailstones act as prisms dividing the intensely bright white light into the colors of a rainbow that have a green glow like an emerald. These lights around the high and lifted-up throne are equated with the foundations of new Jerusalem. The great hailstones are equated with the sea of glass before and round about the throne within new Jerusalem.

Ezekiel 1:4 And I looked, and, behold, a *WHIRLWIND* {being a huge fiery tornado created around the super volcano's immense mouth overflowing with a lake of fire} *came out of the NORTH* {equated with old Babylon in the north}, a *GREAT CLOUD* {of huge hailstones}, and a *FIRE* {of the fiery whirlwind} *INFOLDING ITSELF* {describing how the fire stays with the spinning winds of an immense fiery tornado} and a *BRIGHTNESS* {being the ensign of intense white light emanating from around the fiery whirlwind/new Jerusalem, in which is the high and lifted-up to heaven super volcano's mountain overflowing with a lake of fire} *was about IT* {the huge fiery tornado}, and *out of the MIDST* {in the middle of

this huge fiery tornado is the overflowing lava filled immense 40-mile wide mouth of the high and lifted-up to heaven super volcano} *thereof as the COLOUR OF AMBER* {yellow sardine gemstone referring to the color of lava}, *out of the midst of the FIRE* {that accompanies lava}.

Ezekiel 1:28 *As the appearance of the BOW* {rainbow caused by raining great hailstones dividing the intense white light, emanating from the overflowing lake of fire, into the colors of the rainbow} *that is in the cloud in the day of rain, so was the appearance of the brightness ROUND ABOUT* {round about the immense fiery whirlwind}. *This was the appearance of the likeness of the glory of the LORD* {being the seventh plagued angel's visions and oracles written by Michael and Gabriel}. *And when I saw IT* {immense fiery whirlwind around the high and lifted-up to heaven super volcano's immense mouth overflowing with a lake of lava}, *I fell upon my face, and I heard a voice of ONE* {seventh plagued angel speaking with the voice of Gabriel} *that spake.*

Revelation 4:4 *And ROUND ABOUT* {round about the throne is equated with the area in the inner court of Moses' old temple} *the THRONE* {where the seventh plagued angel is sitting equated with the Ark of the Covenant in the holy of hollies of the old temple} *were FOUR and*

TWENTY SEATS {reigning over latter day Babylon's lava covered dissolved kingdom}: **and upon the seats I saw FOUR and TWENTY ELDERS SITTING** {representing the 144,000 elders officiating in the inner court/area of the mountain of the new temple/mountain of the high and lifted-up to heaven super volcano}, **CLOTHED in WHITE RAIMENT** {white raiment represents the seventh plagues angel's light when it is seven times as bright, having all the light/visions of the two witnesses that are written on the scroll of life's seven seals/parts}; **and they had on their heads CROWNS** {these crowns reveal they are kings, as stated in Revelation 5:10, ruling over the lava covered dissolved nations of latter day Babylon/confusion} **OF GOLD** {this gold represents the spiritual moon's silver light/visions of the first witness mixed with the spiritual sun's coppery light/visions of the last witness on the first small part and last small part of the scroll of life's first side and last side}.

The vision in Revelation 4:4 shows the 144,000 (represented by 24 elders/second group of redeemed) that had been reigning for over 1,100 years from the time they entered the ensign of the fiery tornado (new Jerusalem), which is around the intense white light emanating from the high and lifted-up super volcano's huge mouth full of an overflowing lake of fire/lava. For over 1,100 years, the 24 elders (representing the 144,000) will have been sitting

and reigning with the seventh plagued angel on thrones over latter day Babylon's lava covered dissolved kingdom. The 144,000 are dressed in white robes because they will know all the light/visions (equated with white robes) that are written on the last small part and first small part of the scroll of life's first side and last side.

After 1,100 years of the judgment had passed, the seventh plagued angel began to reveal what is written on the last small part of the scroll of life's first side and last side. Written on the last small part of the scroll of life are all the visions and oracles that are written on each scroll. On these scrolls is recorded what happened in each generation. When the first scroll through the last scroll (scroll of life) were revealed during the initial 1,100 years of the judgment, each generation was replayed from Genesis through the last generation while being written on the last small part of the scroll of life. After 1,100 years of the judgment, the last small part (represented by the seventh plagued angel) of the scroll of life began to be reveal to replay all generations. The replay of all generations from the last small part of the scroll of life was also written on the last small part of the scroll of life, which also had to be revealed to again replay all generations and so on. Accordingly, from Revelation, Chapter 4 was shown to the Apostle John in the generation of 90 AD concerning what happened in the previous replay of the last generation after all past generations were

replayed.

The 24 elders (144,000) are seen wearing their reigning crowns of gold, because they will have overcome during the hour of temptation to reign as kings over the dissolved lava covered kingdom of latter day Babylon. Their crowns are made of gold to reveal that they overcame latter day Babylon's visions by placing on their minds the present new truth of the spiritual moon's (first witness') silvery light (visions) and the spiritual sun's (last witness') coppery light (visions), that are mixed together on the last small part of the scroll of life to create the gold of their crowns.

Revelation 4:5 And OUT OF THE THRONE {equated with the old Ark of the Covenant on which sits the reigning seventh plagues angel's visions and oracles} ***proceeded LIGHTNINGS*** {lightnings happening over the high and lifted-up to heaven super volcano's immense mouth overflowing with a lake of lava. These lightnings are also equated with written visions/lightnings written on the seventh plagues angel} ***and THUNDERINGS*** {thunderings happening over the high and lifted-up to heaven super volcano's immense mouth overflowing with a lake of lava, equated with oracles/thunders written on the seventh plagues angel} ***and VOICES*** {voices/rain of great hailstones caused by the intense heat emanating

from the immense 40-mile wide mouth overflowing with a lake of fire from the high and lifted-up super volcano, equated with the fulfillment of the seventh plagued angel's visions/lightnings and oracles/thunders}: *and there were SEVEN LAMPS* {representing visions and oracles equated with the seven lamps on the candlestick within the old temple} *of FIRE* {these seven lamps of fire/light represent seven parts/seven seals of the scroll of life all written on the scroll of life's last small part/seventh plagued angel} *burning before the THRONE* {equated with the Ark of the Covenant}, *which are the* {same messages as the} *SEVEN SPIRITS* {the seven spirits represent the words, equated with olive oil, written on the scroll of life, that when revealed are as seven burning lights} *of God* {seventh plagued angel}.

In Revelation 4:5, lightnings proceeded out of the seventh plagued angel's throne of intense white light, just as intense lightnings happen above the immense mouth overflowing with a lake of fire from the high and lifted-up to heaven super volcano. These lightnings are also equated with visions/lightnings written on the seventh plagued angel by Michael and Gabriel.

Thunderings are heard out of the great white throne of intense light, which sits as an intensely bright light over the immense mouth overflowing with a lake of fire from the high and lifted-up to heaven super volcano. The thunderings are equated with the oracles written on the

seventh plagued angel by Michael and Gabriel.

Voices are heard issuing from the great white throne representing the sound of great hailstones raining down around the great white throne in heaven. These voices of hailstones represent the fulfillment of the lightnings (visions) and thunderings (oracles) as written on the seventh plagued angel.

In Revelation 4:5, lightnings, thunderings, and voices are written in their correct natural order. This means the seventh plagued angel is revealing in chronological order visions (lightnings), oracles (thunders), and voices (fulfillment of visions and oracles) of things that happened as written in Chapter 4.

Seven lamps of fire are burning before the throne of God (seventh plagued angel). These seven lamps of fire are equated with the visions that are written by Michael and Gabriel on the seventh plagued angel. The seven lamps of fire are equated with the seven lamps on the candlestick that was situated in the holy place of the old temple that Moses constructed. The seven lamps of fire are the seven spirits. The reason is that the seven spirits are of God's (seventh plagued angel's) written words that when revealed are as seven lights. When the written words in the scroll of life were not revealed by the latter day living messenger, they were as olive oil in the seven unlit lamps. Though when the written words were revealed, it is

equated with lighting the olive oil in the seven lamps so their light can reveal the written visions.

Revelation 4:6 And BEFORE THE THRONE {the throne represents the intense light emanating from the high and lifted-up super volcano's immense mouth overflowing with a spreading lake of fire} ***there was a SEA OF GLASS*** {the sea of glass represents raining great hailstones from heaven, which are equated with new Jerusalem's walls. Within these raining great hailstones is the high mountain of the super volcano, on which sits the great white throne. This intensely bright throne represents the seventh plagued angel's visions and oracles} ***like unto crystal*** {transparent ice crystals/great hailstones forming high in the sky/heaven around the mouth of the high and lifted-up super volcano's mountain}...

On the wide and high mountain (upon which is the immense mouth overflowing with lava) is a floor and wall of a sea of glass that is clear as crystal. This wall and floor of a sea of glass represents great hailstones, which are created in heaven and rain upon and around the great mountain of the super volcano. These great hailstones are created high up in the sky (heaven) because of the great heat generated from the huge lake of fire overflowing from the immense 40-mile wide mouth of the high and lifted-up mountain of the super volcano. In the middle of

this wall and floor of a sea of glass is the vision of the seventh plagued angel, who has been sitting on a great white throne of intense light from the first time the super volcano swelled to heaven and exploded magma into the sky. During each replay of all generations, the seventh plagued angel is shown when he rose as a great light with magma from the high and lifted-up to heaven super volcano to rule as king of kings and lord of lords over the kingdom of latter day. Here in Revelation Chapter 4, the seventh plagued angel is about to reveal to the Apostle John in 90 AD what had happened in the previous replay of the last generation when the written visions and oracles on the last scroll (scroll of life) were revealed to replay the last generation and through the time of the judgment.

Revelation 4:6...And in the MIDST {midst, equated with the holy place of the old temple} *of the THRONE* {the great white throne is equated with the Ark of the Covenant in the holy of holies of Moses' old temple}, *and ROUND ABOUT the THRONE, were FOUR BEASTS* {the four beasts in the midst of the great white throne represent the first group of redeemed of the first witness' written visions and oracles. The four beasts round about the same throne also represent the first group of redeemed but are of the last witness' visions and oracles. The four beasts are equated with the four priests that officiated in the midst of the holy place of old Jerusalem's temple or around it

within the temple's inner court where the 24 elders officiated} **full of EYES BEFORE** {these four beasts will have received the many eyes pertaining to the scroll of life's visions as witnessed by the spiritual moonlight/eyes of the bright star/first witness/Michael} **and BEHIND** {these beasts will have also received the many eyes pertaining to the same scroll of life's visions but as witnessed by the spiritual sunlight/eyes of the morning star/last witness/Gabriel}.

The vision in Revelation 4:6 reveals four beasts that can be among the throne and around it. Accordingly, this scene is equated with the four priests that officiated in Moses' temple and in old Jerusalem's temple. The four priests were permitted to enter the temple's holy place and be among (in the midst of) the Ark of the Covenant, which is in the temple's holy of holies. The four priests could also be around the temple in its inner court, whereas the elders could only enter the inner court.

When the first latter day group of overcomers enter the ensign of intense light radiating from the super volcano's mouth full of an overflowing lake of fire, they will be permitted to stand close to (in the midst of) the throne. Whereas the second group of redeemed (represented by 24 elders) can only be around the throne after they have entered the glorious light of the ensign.

The four beasts have many eyes because when the seventh

plagued angel revealed his visions and oracles during the judgment, the two groups of four beasts had seen all the visions of the two witnesses revealed from all the scrolls and last scroll/scroll of life earlier in the judgment. The eyes in front of the four beasts' heads represent the visions of the first witness written on the first side of all the scrolls. The eyes behind the heads of the four beasts represent the visions of the last witness written on the last side of all the scrolls.

Revelation 4:7 And the FIRST BEAST {written beneath the second seal} ***was like a LION*** {personifying anarchy}, ***and the SECOND BEAST*** {written beneath the fourth seal} ***like a CALF*** {calf/Seraph personifying fiery whirlwinds}, ***and the THIRD BEAST*** {written beneath the third seal} ***had a FACE AS A MAN*** {referred to as locusts, which personify famine caused by smoke and ash, and then flowing lava}, ***and the FOURTH BEAST*** {written beneath the first seal} ***was like a FLYING EAGLE*** {the eagle personifies the star that flies high in the sky from the super volcano's mountain and descends to open the bottomless pit/super volcano. The eagle also represents the rising light of the seventh plagued angel with exploding magma as great hailstones follow}.

The first beast with the body of a horse and a face of a lion represents anarchy. Anarchy begins when the star's impact causes a super volcano to erupt with smoke and ash for five months in the USA. At that time, the USA's governing infrastructure will begin collapsing. The sword of anarchy will be plaguing the land, as illustrated by the blood-red horse and its rider in Revelation 6:3, 4. At the end of five months of erupting smoke and ash, the super volcano's mountain will swell high-up into the sky and explode coals of fire into the atmosphere, as magma continually erupts to fill and overflow from the huge 40-mile wide mouth of the high and lifted-up to heaven super volcano. When lava begins to flow to all remaining nations, anarchy will then be ruling in their land, as illustrated by the fire, smoke, and brimstone (magma) issuing out of the lions' heads (a lion's head personifies anarchy) in Revelation 9:17. This lion's face is illustrated in Revelation 6:4 by the red horse with the face of a lion. The rider of the blood-covered horse has a rider with a great sword, which represents a time of anarchy.

Revelation 6:4 *And there went out another horse that was red: and power was given to HIM {representing the star's impact} that sat thereon to take PEACE {during a time of anarchy} from the earth {land}, and that THEY {USA's states and cities that rejected the latter day messenger's message and the everlasting gospel} should kill one another: and there was given unto HIM {rider/star that*

opened the super volcano} *a GREAT SWORD* {of anarchy}.

Revelation 9:17 *And thus I saw the HORSES* {these horses represent the hot air flying from flowing lava} *in the vision, and THEM* {representing flowing lava/spiritual riders of the spiritual horses} *that sat on them, having breastplates of fire, and of jacinth, and brimstone: and the heads of the horses were as the HEADS OF LIONS* {same head on a beast that represents anarchy}; *and out of their mouths issued FIRE and SMOKE and BRIMSTONE* {fire, smoke and brimstone cause anarchy when the super volcano is erupting in the fallen USA}.

The second beast listed in Revelation 4:7 has a body of a horse with a calf's face (face of Seraph) or ox's face (face of Cherub). This face represents death by whirlwinds (tornadoes) of fire within the land of the fallen USA. These whirlwinds are spawned from the huge fiery whirlwind around the immense super volcano's lava erupting mountain. Whirlwinds of fire are likened to Cherubs (face of an ox) according to the first witness' visions, but Seraphs (face of calf) according to the last witness' visions. As a bull or ox tosses and turns things, so the fiery whirlwinds will toss, turn, and drive out the inhabitants from the fallen USA. One of three parts of each of the USA's states and cities will be killed by fiery whirlwinds, having rejected the latter day living messenger's warnings and the everlasting gospel. This

calf's face is equated with the pale horse in Revelation 6:8, whose name is death/Abaddon.

Revelation 6:8 *And I looked, and behold a PALE HORSE {equated with the effects of the opened super volcano}: and HIS {seventh plagued angel's} NAME that sat on HIM {pale horse with the face of a calf/Seraph} was Death {Abaddon}, and HELL {flowing lava from the bottomless pit of hell/magma} followed with HIM {rising of the seventh plagued angel from the bottomless pit}. And power was given unto THEM {rising of the seventh plagued angel as a great light with magma} over the fourth part of the earth, to kill with SWORD {representing anarchy/face of a lion}, and with HUNGER {face of a man/locust}, and with DEATH {face of a calf/fiery Seraph}, and with the BEASTS {four beasts} of the EARTH {land of the USA}.*

Isaiah 22:18 *He will surely violently turn and toss thee {with fiery whirlwinds represented by the face of a calf or ox} like a ball into a large country: there shalt thou die, and there the chariots of thy glory shall be the shame of thy lord's house.*

The third beast, which the Apostle John saw, with the face of a man (referring to the face of a locust) represents famine. The torment of famine first arrives to the USA when the falling star opens the bottomless pit, which causes smoke and ash to erupt for five months. Dust,

smoke, and hot ash will erupt from the opened super volcano to darken the sun, moon, and stars over the USA (see Revelation 9:2; 6:12, 13). With no sunlight, agriculture will quickly perish in the land, while hot sticky ash falls upon the land to consume agriculture. As locusts eat vegetation, so smoke and ash will cover the sun's light causing agriculture to fail. Thereafter, the rising of the seventh plagued angel from the high and lifted-up to heaven bottomless pit brings death by the plague of famine. Accordingly, smoke, hot ash and then flowing lava are represented by the face of a locust, whose face is like the face of a human. Hence, famine is equated with the beast with the face of a man/locust in Revelation 4:7, which is illustrated by the black horse and its rider in Revelation 6:5, 6 and by the locusts in Revelation 9:3 that have, as it were, faces of men (locusts) in Revelation 9:7.

Revelation 9:1 *And the fifth angel sounded, and I saw a STAR {stone cut out of the mountain} fall from heaven unto the earth: and to HIM {falling star} was given the KEY {representing the star's impact/earthquake/key} of the BOTTOMLESS PIT {super volcano part of which is beneath Yellowstone National Park}.*

9:2 *And HE {star} opened the BOTTOMLESS PIT {super volcano}; and there arose a smoke out of the pit, as the SMOKE of a great furnace; and the SUN and the AIR were DARKENED by reason of the smoke of the pit.*

Revelation 9:3 *And there came out of the smoke LOCUSTS upon the earth {these spiritual locusts represent hot ash erupting with the smoke; with no sunlight and hot sticky ash falling on the land, agriculture will quickly perish as illustrated by locusts}: and unto THEM {locusts} WAS GIVEN POWER {to cause stings of hunger pains}, as the scorpions of the earth have power.*

Revelation 9:7 *And the shapes of the {figurative} LOCUSTS {illustrating hot ash} were like unto horses prepared unto battle; and on their heads were as it were crowns like gold, and their faces were as the FACES OF MEN {referring to the face of a locust which resembles a human face}.*

The fourth beast listed in Revelation 4:7 has the face of a flying eagle. This face of an eagle represents the bright glowing wind that carries an ejected glowing star (stone cut out of the mountain) from the mountain high into the sky, as it falls to impact the USA and open the bottomless pit. When the star explodes from the mountain high up into Earth's atmosphere like an arrow, it causing a massive shock wave of thunder, as stated in Revelation 6:1. The falling star through the planet's atmosphere is represented as a rider on a white horse descending like an arrow in Revelation 6:2, being illustrated in the Bible as riding on a white horse with the face of an eagle (representing the glowing wind/white horse around the star/rider) as it falls to Earth. When the seventh plagues angel rises as a great

light with exploding magma into the atmosphere, he is then equated with riding the white horse.

The latter day overcomers of their old beliefs will not be hurt by the star's rising from the bottomless pit (see Revelation 9:4; Ezekiel 9:6).

Revelation 9:4 *And it was commanded THEM {figurative locusts/hot ash and smoke} that they should not hurt the GRASS {representing the third/final latter day group of redeemed} of the earth, neither any GREEN THING {representing the second latter day group of redeemed}, neither ANY TREE {representing the first latter day group of redeemed}; but only THOSE MEN {rebellious states and nations} which have NOT the SEAL {seal/mark} of God {knowledge and belief in the seventh plagued angel} in their FOREHEADS {being the front part of their mind}.*

Ezekiel 9:6 *Slay utterly {with plagues ascending from the opened bottomless pit} old and young, both maids, and little children, and women: but come not near ANY MAN {referring to people who are of the three latter day groups of redeemed} upon whom is the MARK {having accepted the latter day messenger's message and the everlasting gospel}; and begin at my SANCTUARY {which in our day represents the area around the super volcano. In the past type, King Nebuchadnezzar's army entered old Jerusalem and began to first cleanse with the sword the rebellious*

priests and elders within the old sanctuary/temple of the rebellious city old Jerusalem}. *Then they began at the ANCIENT MEN* {referring to rebellious elders that officiated in the inner court of the old temple/sanctuary. These elders are equated with false disciples among the true believers of the first and second latter day groups of redeemed} *which were BEFORE* {hence in the inner court of} *the HOUSE* {temple/sanctuary}.

Revelation 4:8 And the FOUR BEASTS {representing the first group of redeemed} ***had each of them SIX WINGS*** {these six wings reveal that the first group of redeemed are written as believers of the living messenger's message during the initial six of seven parts/seals, six of seven angels with trumpets, six of seven lights of the seventh angel with trumpet, and six of seven plagued angels} ***about him; and THEY*** {wings} ***were FULL OF EYES*** {representing visions} ***WITHIN*** {the wings have spiritual eyes that refer to rays of light/visions that they saw when the first witness' and last witness' visions written were revealed from the last small part of the scroll of life. The wings have many eyes, just as there are many visions written on the last small part of the scroll of life}: ***and they rest not DAY*** {representing daylight/visions of the morning star/last witness} ***and NIGHT*** {evening light/visions of the bright star/moon/first witness}, ***saying*** {as replayed each time},

HOLY {the first Holy concerns the time when the seventh plagues angel's visions and oracles first sat and reigned upon the holy/pure lava of the high and lifted-up super volcano's immense mouth as the judgment began}, **HOLY** {this second Holy refers to the time when during the judgment a replay of all generations revealed the time when the seventh plagues angel sat over the erupting holy/pure lava overflowing from the immense mouth of the high and lifted-up to heaven super volcano}, **HOLY** {the third Holy refers to the time when during the judgment the seventh plagues angel will again be revealed rising as a great light with exploding magma from the high and lifted-up super volcano to again reveal the time when the seventh plagues angel sat over the Holy/pure lava of the lake of fire in the immense mouth of the high and lifted-up super volcano}, **Lord God** {the seventh plagues angel is the Lord and God because his visions and oracles are Lording over the lava covered dissolved kingdom of latter day Babylon while as God recreates over and over and over all generations including what is happening continually during the time of the judgment} **Almighty** {representing the almighty seventh plagues angel that is equated with the almighty high and lifted-up to heaven super volcano, that fills the whole world in a lake of lava }, **which WAS** {WAS reigning when earlier during the judgment a previous replay of all generations revealed the time when the seventh plagues angel reigned from above the lake of lava, which filled and overflowed

from the immense mouth of the high and lifted-up to heaven super volcano as it expanded to cover and dissolve latter day Babylon's kingdom and the world}, **and IS** {this verse in the Book of Revelation is showing the time when the seventh plagues angel IS reigning over the dissolved kingdom of latter day Babylon}, **and IS TO COME** {when the seventh plagues angel again replays all generations, he is again to come and rise as a great light with exploding magma from the swelled to heaven bottomless pit to reign over the kingdom of latter day Babylon}.

The first group of redeemed is represented by the four beasts (equated with the four priests who ministered in old Moses' temple) that have six wings. These six wings represent the passing of time of the initial six seals, six angels with trumpets, six lights of the seventh angel with trumpet, and six plagues angels of the seventh light of the seventh angel with trumpet.

After the initial 1,100 years had passed during the judgment, the six-winged beasts in Revelation 4:8 are saying (during each replay of the judgment) Holy, Holy, Holy during the day and night. Daylight represents the visions of the morning star/sun of the last witness, while the nightlight represents visions of the bright star/moon equated with the first witness. The four beasts say Holy, Holy Holy to the Lord (being the seventh plagues angel ruling over all lords of latter day Babylon's dissolved

kingdom during the judgment), who is also God (that recreates all generations over and over and over), and is also the Almighty (because the seventh plagues angel is equated with the almighty high and lifted-up to heaven super volcano, whose immense mouth full of a lake of fire overflows and expands to fill the whole world in a lake of lava). The previous replay of all generations revealed the Lord God Almighty when he “was” sitting on the great white throne of light emanating from the super volcano's immense 40-mile wide mouth. The the Lord God Almighty “is” still sitting on the great white throne during the judgment, and “is to come” and sit on the great white throne in the next replay of all generations. The generation that we are living in is the last generation, which is being replayed during the judgment. During this last generation, the seventh plagues angel will again come and rise as a great light with exploding magma from swelled to heaven super volcano.

The first Holy represents the time of what happened earlier in the judgment. At that time, a replay of all generations finally showed the last generation when the seventh plagues angel “was” sitting upon the holy/pure temple of the lake of lava, overflowing from the immense mouth of the high and lifted-up to heaven super volcano.

The second Holy refers to the time of Revelation 4:8 when the seventh plagues angel “is” sitting and reigning over the dissolved kingdom of latter day Babylon. The seventh

plagued angel's visions and oracles are sitting and reigning on the great white throne from the time magma erupted and filled the immense mouth of the high and lifted-up to the sky super volcano.

The third Holy represents the time of what will happen later in the judgment. At that time, a replay of all generations will again show the last generation when the seventh plagued angel "is to come" and rise as a great light with exploding magma from the swelled to heaven super volcano's immense mouth. Then the seventh plagued angel will have come to sit on a great white throne to reign over latter day Babylon's kingdom, just as he had already done during each replay of all generations.

During the judgment, the seventh plagued angel (representing the last small part of the scroll of life) is revealing all the visions and oracles written on it from the time lava erupted from the swelled to heaven super volcano and through the judgment. Accordingly, when all the scrolls and last scroll/scroll of life were revealed during the initial 1,100 years of the judgment, everything that was revealed during these 1,100 years was written on the seventh plagued angel by Michael and Gabriel. The seventh plagued angel is referred to as the Almighty (huge) because he is equated with the immense high and lifted-up to heaven super volcano, that becomes an almighty mountain when it fills the whole world in a lake of flowing fire.

The seventh plagued angel is the Almighty God because he contains all the written visions and oracles of what existed and happened in each generation and what has happened and will happen during the judgment, as written on the last small part of the scroll of life. This means as the last small part (this last small part is represented by the seventh plagued angel) of the scroll of life is being presently revealed during the judgment, it replays all generations and the time of the judgment. The replay of all generations during the judgment is being newly written on the last small part of the scroll of life as each generation is being replayed, which the new writings must also be revealed. As each generation is replayed during the judgment, the replay is being written anew on the last small part of the scroll of life. Each newly written part on the last small part of the scroll of life must be revealed. As each part is being revealed, it is being written anew on the last small part of the scroll of life. Then the new written part must be revealed, which is also written anew and so on. Accordingly, the seventh plagued angel is referred to as the God that lives forever, because he recreates over and over what happened from Genesis to the last generation, the new heaven and new Earth, and through the continuing judgment.

Revelation 4:9 And when THOSE BEASTS GIVE GLORY and HONOUR and THANKS {during the

judgment} *to HIM* {seventh plagued angel that represents the last small part of the scroll of life} *that sat on the THRONE* {great white throne of intense light reigning over the lava covered dissolved kingdom of latter day Babylon}, *who liveth for EVER* {lives forever according to the first witness' continually written visions and oracles on the last small part of the scroll of life} *and EVER* {lives forever according to the last witness' continually written visions and oracles on the last small part of the scroll of life},

During the judgment, the four six-winged beasts (first group of redeemed) gave thanks to the seventh plagued angel's written visions and oracles that “were,” “are,” and “will be” sitting and reigning on the great white throne of intense light over the lava covered dissolved kingdom of latter day Babylon. The seventh plagued angel represents the last small part of the scroll of life. On this last small part of the scroll of life, Michael (first witness) and Gabriel (last witness) began writing all things that happened from the time the super volcano swelled high-up into the atmosphere and exploded magma into the sky and covered the world in an overflowing lake of lava, which overflowed and spread from the immense mouth of the high and lifted-up to heaven super volcano within the USA.

After the world was covered in a lake of fire, Michael and Gabriel also wrote on the last small part of the scroll of

life the visions and oracles of things that happened and are continually happening in the new heaven (atmosphere) and new Earth from the beginning of the judgment. At the same time when the new heaven and new Earth were created, the initial 1,100 years of the judgment began. At the beginning of these 1,100 years, the first of many books/scrolls began to be unsealed and revealed. This first scroll's written visions and oracles replayed what had happened in the first generation of Genesis. During the initial 1,000 years of the judgment, the many scrolls were revealed to replay all former generations. At the end of these 1,000 years, the opening of the last scroll (scroll of life) began to replay the the things that happened in the last generation and on. At the end of these 1,100 years of the judgment, all the visions and oracles written on the last small part (represented by the seventh plagued angel) of the scroll of life began to be revealed.

The last small part of the scroll of life began to reveal what had happened at the ending of the last generation. The ending of the last generation began from the time the seventh plagued angel rose as a great light with exploding magma from the swelled to heaven super volcano within the USA. From that time, the seventh plagued angel is sitting and reigning on the great white throne of intense light above the high and lifted-up super volcano, which spread as a lake of fire to cover the whole world. Then the last small part of the scroll of life replayed the time when

the new heaven and new Earth began. At that same time, the last small part of the scroll of life began to reveal what happened during the initial 1,100 of the judgment.

Accordingly, all generations were replayed consecutively according to the visions and oracles written on the last small part of the scroll of life.

As the seventh plagued angel (representing the last small part of the scroll of life) is revealing what is written on the last small part of the scroll of life, Michael and Gabriel are continually writing on the last small part of the scroll of life what is happening and being revealed during the judgment and what is happening in the new heaven and new Earth. These new writings must also be revealed during the continuing judgment. As these new writings are revealed to show the seventh plagued angel replaying all generations, the new Earth, and the judgment period, these replays are written anew on the last small part of the scroll of life. Thereafter, these newly written visions and oracles must also be revealed to replay all generations, the new earth, and the time of the judgment. These replays are also written anew to be revealed and so on. Accordingly, the seventh plagued angel is the God that lives for ever and ever, revealing over and over everything that happened from Genesis through the never ending judgment.

There exists a real world where only good exists, and there are no evil thoughts or actions. Plants, animals and people, do not prey on one another. The real world

continually evolves, where presently it is a paradise where people live naturally forever with no man-made things. What happened in Eden of Genesis is what happened in the real world. The real world is in jeopardy of becoming like our world of good and evil. Therefore, Michael and Gabriel dreamed into existence what a world of good and evil ways would be like. The judgment that is presently happening replays each generation many times over from the beginning to the end of this world and through the judgment. This is necessary to educate telepathically the perfect people living in the real world concerning the ways and things that happen in our world of good and evil. After many replays of all generations of our world of good and evil are revealed telepathically to all people living in the real world, the male Lucifer (likeness and image of Adam of Genesis) and female Lucifer (likeness and image of Eve of Genesis) living in the real world will understand that after a certain amount of years of the real world they will die because of eating the fruit of good and evil, just as Adam and Eve died because they ate the fruit of good and evil. Also they will realize that the perfect world where they live will become like this dreamed world, where people lie, cheat, steal, kill, maim, injure, have illnesses, birth defects, change the natural into unnatural, etc, and finally die. After many replays of our world are shown telepathically to the people living in the real world, a terrible feeling of sadness and despair will fall upon the male Lucifer and female Lucifer, whereby

they no longer want to eat and drink, as their perfect bodies wither away and die.

The perfect humans that are of the male Lucifer and female Lucifer will also experience a terrible feeling of sadness and despair when they also realize that their parents are to die. When the male Lucifer and female Lucifer have died, their people will also be of such sadness and despair that they will not have the appetite to eat or drink, as they wither away and die. Once the source (male Lucifer and female Lucifer) of evil thoughts is dead, evil thoughts are no longer being transmitted from the male Lucifer and female Lucifer. From that time, the judgment being dreamed into existence by Michael and Gabriel will end. Thereafter, only the dreamed new heaven and new Earth will exist in the minds of Michael and Gabriel. All living in the dreamed new heaven and new Earth are the image of Michael, Gabriel and their people living in the real world.

Revelation 4:10 The FOUR and TWENTY ELDERS
{that represent the 144,000} ***FALL DOWN BEFORE HIM*** {seventh plagues angel representing the last small part of the scroll of life} ***that sat on the THRONE***
{reigning throne over the lava covered dissolved kingdom of latter day Babylon}, ***and worship HIM*** {seventh

plagued angel} *that liveth for ever and ever, and CAST THEIR CROWNS* {reigning crowns of life over the dissolved kingdom of latter day Babylon} *before the THRONE* {where the seventh plagued angel is still sitting and reigning during the judgment}, *saying,*

The vision in Revelation 4:10 was shown to the Apostle John around 90 AD. John was shown what had happened in a previous replay of all generations when the last scroll (scroll of life) was about to be opened to replay the last generation and what had been happening during the new Earth and time of the judgment. Just before the last scroll was about to be revealed from the visions and oracles written on the seventh plagued angel, the 24 elders (representing the 144,000) are shown bowing down and worshiping before the seventh plagued angel, that lives for ever and ever.

The 24 elders cast their reigning golden crowns of life before the throne, saying that the seventh plagued angel is worthy of glory, honor, and power. The golden crowns of life reveal that these elders are living and reigning over the dissolved kingdom of latter day Babylon. The gold is created by the first witness' silver visions of the bright star's/moon's silvery light mixing with the last witness' coppery visions of the morning star's coppery light during twilight glow at even/dusk, which (even/dusk) is equated with the last small part (represented by the seventh

plagued angel) of the scroll of life.

The seventh plagued angel's visions and oracles are reigning on a great white throne of intense light over the dissolved kingdom of latter day Babylon. Each time the last small part of the scroll of life replays all generations and the new Earth and time of the judgment, Michael and Gabriel write continually on the last small part what had just been revealed. Thereafter the newly written part must also be revealed to replay all generations, the new Earth, and the time of the judgment. This replay is also written anew by Michael and Gabriel on the last small part of the scroll of life, which also must be revealed to again replay all generations and the new Earth and time of the judgment. Michael and Gabriel are writing continually on the last small part (represented by the seventh plagued angel) what is happening. Thereafter these continual writings must be continually revealed. Accordingly, the seventh plagued angel lives forever and ever.

Revelation 4:11 THOU {seventh plagued angel} ***art worthy, O Lord*** {seventh plagued angel}, ***to RECEIVE GLORY and HONOUR and POWER: for THOU*** {seventh plagued angel} ***hast CREATED ALL THINGS*** {the seventh plagued angel's visions and oracles recreate all things that existed and happened in each generation, the new Earth, and the time of the judgment}, ***and for thy pleasure THEY*** {all things that existed in every generation, the new heaven and Earth, and what has been

happening during the judgment} **ARE** {"are" created when the seventh plagued angel is presently replaying consecutively all generations, then replayed the new Earth with the time of the judgment} **and WERE CREATED** {all things "were" created in the previous replay of all generations, followed by the previous replayed new Earth with the time of the judgment}.

Revelation 4:11 was shown to the Apostle John around 90 AD of what had happened in a previous replay of all generations. At the time when John saw as written in Revelation 11:4, the seventh plagued angel was about to reveal the visions and oracles that are written on the last scroll (scroll of life) to replay the last generation, then the new Earth with the time of the judgment. The Apostle John's generation around 90 AD was presently being replayed by the seventh plagued angel, according to the visions and oracles written on a scroll that recorded what happened in that generation. After the Apostle John's generation passed, the seventh plagued angel thereafter replayed consecutively each generation from the visions and oracles that are written on each scroll. After all past generations were replayed, the seventh plagued angel is presently replaying the last generation according to the visions and oracles written on the last scroll (scroll of life). The lives we are presently living and all things happening or will happen are being replayed from the scroll of life by the seventh plagued angel.
