

## Chapter 4

**Revelation 4:1 After THIS** {referring to what the Apostle John had finished writing concerning the leadership of the church of Laodicea} **I** {Apostle John} **looked, and, behold, a DOOR was OPENED** {with the key of David in the hand of the latter day messenger} **IN HEAVEN** {this heaven represents the sky above the swelled to heaven super volcano's immense mouth full of a lake of lava}: **and the FIRST VOICE** {of the ending of the sixth plagued angel that the Apostle John first heard in Revelation 1:10,15} **which I HEARD** {heard the voice speaking from the great white throne situated in heaven above the swelled to heaven super volcano's immense mouth/temple within new Jerusalem} **was as it were of a TRUMPET** {trumpet/thunder and many waters of raining great hailstones} **TALKING** {before the great white throne} **with me; which said, COME UP HITHER** {not physically but in the spirit/ghost}, **and I** {ending of the sixth plagued angel} **will SHOW THEE** {Apostle John on the Isle of Patmos around 90AD} **THINGS WHICH MUST BE** {must happen in the last generation, new heaven and new Earth, and time of the judgment} **HEREAFTER** {hereafter, refers to the future of the Apostle John's generation of 90AD}.

The Apostle John finished writing in the first three chapters of the Book of Revelation what the ending of the sixth plagued angel said with the voice of Yahshua/Jesus

to the seven churches of Asia Minor in 90AD, as replayed by the seventh plagues angel during the judgment. Thereafter in Revelation 4:1, the Apostle John then looked up and saw an open door high in the sky (heaven). The Apostle John then heard from within the open door in the sky the same trumpet-sounding voice of the ending of the sixth plagues angel. From Revelation, chapter 4, the ending of the sixth plagues angel showed the Apostle John what is inside the door, so that he could write the things he saw and heard happening within the door, as written from the beginning of chapter 4 through to the end of chapter 22 in the Book of Revelation. As the Apostle John was shown and heard the visions and oracles within the door in heaven, it is equated with the time in the last generation when the latter day living messenger writes the meaning of the mysterious visions and oracles that were seen and heard within the door in heaven, as written in the Book of Revelation.

Heaven represents the sky above the swelled to heaven super volcano's immense mouth, that is full of a lake of fire. Upon this high mountain (new mount Zion) within new Jerusalem is where the seventh plagues angel is sitting and reigning as a great light emanating from the lake of fire during the judgment. In the latter days, the door in heaven has been opened with the key that is in the hand of the latter day messenger. What the Apostle John was shown within the door in heaven is the time when the

seventh plagued angel is reigning on his throne and revealing what happened earlier in the judgment when the last scroll (scroll of life) was about to be unsealed and revealed to replay the last generation, new heaven and new Earth, and time of the judgment. When the seven-sealed rolled-up scroll of life began to be unsealed, opened, and reviewed, its visions and oracles replay the things that existed and happened from the time the latter day messenger began to understand the dawning light from beneath the first seal. At this present time of our lives, all things exist and are happening because the seventh plagued angel is presently replaying this last generation during the judgment according to the visions and oracles written on the scroll of life.

\*\*\*\*\*

***Revelation 4:2 And immediately I was IN THE SPIRIT*** {the Apostle John is physically on the Isle of Patmos in 90AD while writing what his ghost/spirit is seeing while inside the door of heaven/sky}; ***and, behold, a THRONE*** {this great white throne is reigning over the kingdom of latter day Babylon} ***WAS SET*** {showing the Apostle John in 90AD what had already happened in the previous replay of the last generation} ***in HEAVEN*** {heaven refers to the sky above the swelled to heaven super volcano's immense mouth full of a lake of fire}, and ***ONE*** {the risen seventh plagued angel who represents what is written on the last small part and first small part of the scroll of life}

***SAT*** {ruling over the kingdom of latter day Babylon} ***ON THE THRONE*** {the two witness' visions and oracles written on the seventh plagued angel are reigning on the great white throne of intense light above the super volcano's immense mouth full of a lake of fire}.

When the Apostle John was writing the Book of Revelation on the Isle of Patmos, his generation was then presently being replayed because the seventh plagued angel was revealing the visions and oracles that are written on a scroll. In the generation of 90AD, the Apostle John was being shown from Revelation 4:2 what had already happened during the judgment in a previous replay of the last generation. The lives we are presently living and all things happening in our generation (which is the last generation that ends in an overflowing spreading lake of fire) are being replayed from the last scroll's {scroll of life's} written visions and oracles, that are presently being revealed during the judgment to replay the last generation. Before the last generation began to be replayed during the judgment, all past generations were replayed from Genesis through to the beginning of the last generation. The things that happened in each generation in the first timeline are written as visions and oracles on each scroll. Accordingly, the first scroll replays the first generation, each of the other scrolls replays every other generation, while the last scroll (scroll of life) replays the last generation, new heaven and new earth, and the time of

the judgment.

In Revelation 4:2, the Apostle John was physically on the Isle of Patmos in 90AD while at the same time writing what his spirit (ghost) was seeing within the door of heaven (sky). The Apostle John saw a throne being set, which is what had already happened when the last generation was about to be replayed. On this throne is sitting the risen seventh plagued angel as a great light from the swelled to heaven bottomless pit full of a lake of fire. The seventh plagued angel represents all the visions and oracles written by the two witnesses on the first small part and last small part of the scroll of life. These visions and oracles are sitting as the seventh plagued angel on a great white throne of intense light emanating from the lifted-up to heaven super volcano, full of a lake of fire that spread to cover the world. The risen seventh plagued angel is reigning over the kingdom of latter day Babylon, which had ruled over all nations in the last generation. The throne is equated with the Ark of the Covenant within the old temple's holy of hollies. The first witness (Michael) and last witness (Gabriel) are represented by the two ark angels on the mercy seat of the golden Ark of the Covenant. On the day of atonement, much incense was placed on the altar's burning coals to create a lot of smoke before an intensely bright light (risen seventh plagued angel/Shekinah glory) would manifest between the two ark angels on the golden Ark's seat (throne), which is

equated with the seventh plagued angel's visions and oracles reigning on his throne over the kingdom of latter day Babylon. The intense white light, radiating above the lake of fire that has filled the swelled to heaven super volcano's immense mouth (equated with the old temple on mount Zion within old Jerusalem), represents this great white throne.

\*\*\*\*\*

***Revelation 4:3 And HE*** {risen seventh plagued angel representing the first small part and last small part of the scroll of life} ***that SAT*** {sat on the great white throne of intense light emanating from the lake of lava in the immense 40-mile wide mouth of the swelled to heaven super volcano} ***was to look upon like a JASPER*** {red glow of lava} ***and a SARDINE STONE*** {yellow glow of lava}: ***and there was a RAINBOW*** {representing the aurora of different colors that are created when raining great hailstones around the mountain of the swelled to heaven super volcano cause the intense white light emanating from the high super volcano to be divided into colors of the rainbow} ***round about the THRONE*** {the immense, glorious throne of intense light reigning over the kingdom of latter day Babylon}, ***insight like unto an EMERALD*** {a green aurora emanating around and above the bright light emanating from the lake of fire within the lifted-up to heaven super volcano}.

The description of the one (seventh plagued angel) sitting on the reigning throne is of a yellow color and red color, which describes the lake of fire/lava in the immense mouth of the swelled to heaven super volcano. Emanating above the intense white light from the swelled to heaven super volcano's immense 40-mile wide mouth full of a lake of fire is an aurora of colors likened to the colors of a rainbow. The reason why there are colors is that great hailstones will be raining down on the land when a lake of fire has filled the immense mouth of the swelled to heaven super volcano. These great hailstones act as prisms dividing the intensely bright white light into the colors of a rainbow that have a green glow like an emerald. These colors of lights around the throne of intense white light in heaven are equated with the foundations of new Jerusalem. The great hailstones are equated with the sea of glass before and round about the throne within new Jerusalem.

***Ezekiel 1:4*** *And I looked, and, behold, a WHIRLWIND* {being a huge fiery tornado created around the super volcano's immense mouth full of a lake of fire} *came out of the NORTH* {equated with the land of old Babylon in the north}, *a GREAT CLOUD* {of huge hailstones}, *and a FIRE* {of the fiery whirlwind} *INFOLDING ITSELF* {describing how the fire stays with the spinning winds of an immense fiery tornado} *and a BRIGHTNESS* {being the ensign of intense white light emanating from around

the fiery whirlwind/new Jerusalem, in which is the lifted-up to heaven super volcano's mountain full of a lake of fire} *was about IT* {the huge fiery tornado}, *and out of the MIDST* {in the middle of this huge fiery tornado is the swelled to heaven super volcano's immense 40-mile wide mouth full of a lake of fire} *thereof as the COLOUR OF AMBER* {yellow sardine gemstone referring to the color of lava}, *out of the midst of the FIRE* {that accompanies lava}.

***Ezekiel 1:28*** *As the appearance of the BOW* {rainbow caused by raining great hailstones dividing the intense white light, emanating from the lake of fire, into the colors of the rainbow} *that is in the cloud in the day of rain, so was the appearance of the brightness ROUND ABOUT* {round about the immense fiery whirlwind}. *This was the appearance of the likeness of the glory of the LORD* {being the risen seventh plauged angel}. *And when I saw IT* {immense fiery whirlwind around the lifted-up to heaven super volcano's immense mouth full of a lake of lava}, *I fell upon my face, and I heard a voice of ONE* {ending of the sixth plauged angel that reveals the beginning of the seventh plauged angel} *that spake.*

\*\*\*\*\*

***Revelation 4:4*** *And ROUND ABOUT* {round about the throne is equated with the area in the inner court of Moses' old temple} *the THRONE* { this throne of intense white

light is equated with the Ark of the Covenant in the holy of holies of the old temple} **were FOUR and TWENTY SEATS** {reigning over latter day Babylon's kingdom}: **and upon the seats I saw FOUR and TWENTY ELDERS SITTING** {representing the 144,000 elders officiating in the inner court/area of the top of the high mountain of the new temple/immense mouth of the lifted-up to heaven super volcano}, **CLOTHED in WHITE RAIMENT** {white raiment represents the seventh plagued angel's light when it is seven times as bright, having all the light/visions that are written by the two witnesses on the scroll of life's seven seals/parts}; **and THEY HAD** {after they entered the ensign of new Jerusalem} **on their heads CROWNS** {these crowns of life reveal they are kings over the kingdom of latter day Babylon, as stated in Revelation 5:10 } **OF GOLD** {this gold represents the spiritual moon's silver light/visions of the first witness mixed with the spiritual sun's coppery light/visions of the last witness on the first small part and last small part of the scroll of life's first side and last side}.

The vision in Revelation 4:4 shows the 144,000 (represented by 24 elders/second group of redeemed) that have been reigning for more than 1,000 years from the time they entered the ensign of the fiery tornado (new Jerusalem), which is around the intense white light emanating from the lifted-up to heaven super volcano's immense mouth full of a lake of fire/lava. For over 1,000

years, the 24 elders (representing the 144,000) have been sitting and reigning with the risen seventh plagued angel on thrones over latter day Babylon's kingdom. The 144,000 are dressed in white robes because they will know all the light/visions (equated with white robes) that are written on the last small part and first small part of the scroll of life's first side and last side.

After more than 1,000 years of the judgment had passed, the seventh plagued angel began to reveal simultaneously what is written on the first small part and last small part of the scroll of life's first side and last side. Written on the first small part and last small part of the scroll of life are all the visions and oracles that are written on each scroll. On each of these scrolls is recorded what happened in each generation. When the first scroll through the last scroll (scroll of life) were opened during the initial 1,000 years of the judgment, the beginning of each generation was replayed from Genesis through the last generation, while the things being replayed were written on the first small part and last small part of the scroll of life. Some time after the initial 1,000 years of the judgment, the first small part and the last small part (represented by the seventh plagued angel) of the scroll of life began to be reveal to replay all generations. The replay of all generations from the first small part and last small part of the scroll of life was also written on the first small part and last small part of the scroll of life, which also had to

be revealed to again replay all generations and so on. Accordingly, the things written from Revelation, chapter 4 was shown to the Apostle John in the generation of 90AD concerning what happened in the previous replay of the last generation after all past generations were replayed. The 24 elders (144,000) are seen wearing their reigning crowns of gold, because they will have overcome during the hour of temptation to reign as kings over the kingdom of latter day Babylon. Their crowns are made of gold to reveal that they overcame latter day Babylon's visions by placing on their minds the new present truth of the spiritual moon's (first witness') silvery light (visions) and the spiritual sun's (last witness') coppery light (visions), that are mixed together on the first small part and last small part of the scroll of life to create the gold of their crowns.

\*\*\*\*\*

***Revelation 4:5 And OUT OF THE THRONE*** {equated with the old Ark of the Covenant on which sits the reigning seventh plagues angel's visions and oracles} ***proceeded LIGHTNINGS*** {lightnings happening over the lifted-up to heaven super volcano's immense mouth full of a lake of lava. These lightnings are also equated with written visions/lightnings written on the first small part and last small part of the scroll of life} ***and THUNDERINGS*** {thunderings happening over the lifted-

up to heaven super volcano's immense mouth full of a lake of lava, equated with oracles/thunders written on the first small part and last small part of the scroll of life} **and VOICES** {voices/raining great hailstones caused by the intense heat emanating from the swelled to heaven super volcano's immense 40-mile wide mouth full of a lake of fire from, equated with the fulfillment of the visions/lightnings and oracles/thunders written on the first small part and last small part of the scroll of life}: **and there were SEVEN LAMPS** {representing visions and oracles equated with the seven lamps on the candlestick within the old temple} **of FIRE** {these seven lamps of fire/light represent seven parts/seven seals of the scroll of life all written on the scroll of life's last small part/seventh plagued angel} **burning before the THRONE** {throne of intense light, over the super volcano's immense mouth full of a lake of fire, equated with the Ark of the Covenant}, **which are the** {same messages as the} **SEVEN SPIRITS** {the seven spirits represent the words, equated with olive oil, written on the last small part of the scroll of life, that when revealed are as seven burning lights} **of God** {seventh plagued angel who represents the last small part of the scroll of life's first side that mixes with the first small part of the scroll of life's first side}.

In Revelation 4:5, lightnings proceeded out of the risen seventh plagued angel's throne of intense white light, just as intense lightnings happen above the immense mouth

full of a lake of fire of the lifted-up to heaven super volcano. These lightnings are also equated with visions (lightnings) written by Michael on the last (ending) small part of the scroll of life that mix with the visions written by Gabriel on the first (beginning) small part of the scroll of life's first side, just as the ending of the seventh evening at even mixes with the beginning daylight at dawn. This last small part and first small part are equated with the seventh plagued angel.

Thunderings are heard out of the great white throne of intense light when the swelled to heaven super volcano's mouth is full of a lake of fire. At that time, the seventh plagued angel has risen as a bright star's light over the swelled to heaven super volcano's mouth full of a lake of fire. These thunderings are also equated with the oracles written on the seventh plagued angel (equated with the first small part and last small part of the scroll of life) by Michael and Gabriel.

Voices are heard issuing from the great white throne of intense light. These voices are the sound of great hailstones raining down around the great white throne of intense light in heaven. These voices of great hailstones also represent the fulfillment of the lightnings (visions) and thunderings (oracles) as written on the last small part and first small part of the scroll of life.

In Revelation 4:5, lightnings, thunderings, and voices are written in their correct natural order. This means the seventh plauged angel is revealing in chronological order visions (lightnings), oracles (thunders), and voices (fulfillment of visions and oracles) of things that happened as written in Chapter 4.

Seven lamps of fire are burning before the throne of God (risen seventh plauged angel). These seven lamps of fire are equated with the visions that are written by Michael and Gabriel on the seventh plauged angel. The seven lamps of fire are equated with the seven lamps on the candlestick that was situated in the holy place of the old temple that Moses constructed. The seven lamps of fire are the seven spirits. The reason is that the seven spirits are of God's (seventh plauged angel's) written words that when revealed are as seven lights. When the words written on the scroll of life were not being revealed by the latter day living messenger, they were as olive oil in the seven unlit lamps. Though when the written words were revealed, it is equated with lighting the olive oil in the seven lamps so their light can reveal the written visions.

\*\*\*\*\*

***Revelation 4:6 And BEFORE THE THRONE*** {the throne represents the intense light emanating from the lifted-up to heaven super volcano's immense mouth full of a lake of fire} ***there was a SEA OF GLASS*** {the sea of

glass represents a sheet of great hailstones continually forming in the sky (heaven). Great hailstones rain upon the land and become the foundations, walls, and top floor of new Jerusalem. Within new Jerusalem is the high mountain of the super volcano full of a lake of fire, on which sits the great white throne of the risen seventh plagued angel. This intensely bright throne of light represents the seventh plagued angel's visions and oracles} *like unto CRYSTAL* {transparent ice crystals/a sheet of great hailstones continually forming high in the sky (heaven) above and around the immense mouth of the lifted-up to heaven super volcano's mountain}...

Above the wide and swelled to heaven mountain (upon which is the immense mouth full of a lake of fire) is a continually forming sea of glass that is clear as crystal. This sea of glass represents an immense sheet of great hailstones, which are created in heaven (sky) above and around the swelled to heaven super volcano's immense mouth full of a lake of fire. This continually forming great sheet of hailstones in heaven rain upon and around the great mountain of the super volcano full of a lake of fire. An immense sheet of great hailstones is created high in the sky (heaven) because of the tremendous heat radiating from the huge lake of fire overflowing from the immense 40-mile wide mouth of the lifted-up to heaven mountain of the super volcano. Upon the middle of this sheet of sea of glass is the vision of the risen seventh plagued angel

siting on his throne of intense white light. In the first timeline of all generations, when the super volcano swelled to heaven and exploded magma into the sky and became filled with a lake of fire, then the seventh plagued angel had risen from the swelled to heaven bottomless pit to be sitting on his great white throne of intense light. During each replay of all generations, the seventh plagued angel is shown rising from the swelled to heaven bottomless pit as a lake of fire with his throne of intense white light, sitting and ruling as King of kings and Lord of lords over the kingdom of latter day Babylon.

In Revelation Chapter 4, the ending of the sixth plagued angel is about to reveal to the Apostle John in 90AD what had happened in the previous replay of the last generation when the visions and oracles written on the last scroll (scroll of life) were revealed to replay the last generation and through the time of the judgment.

\*\*\*\*\*

***Revelation 4:6...And in the MIDST*** {the midst is equated with the holy place of the old temple} ***of the THRONE*** {the great white throne is equated with the Ark of the Covenant in the holy of hollies of Moses' old temple}, ***and ROUND ABOUT the THRONE, were FOUR BEASTS*** {the four beasts in the midst of the great white throne represent the first group of redeemed of the first witness' written visions and oracles. The four beasts round

about the same throne also represent the first group of redeemed but are of the last witness' visions and oracles. The four beasts are equated with the four priests that officiated in the midst of the holy place of old Jerusalem's temple or around it within the temple's inner court where the 24 elders officiated} **full of EYES BEFORE** {these four beasts represent the first group of redeemed that received the many eyes pertaining to the seventh plagued angel's visions, thereby knowing the things that will happen in the future of the new heaven and new Earth and time of the judgment that are replayed over and over} **and BEHIND** {these beasts will have also received the many eyes pertaining to the seventh plagued angel's visions, thereby knowing the things that have already happened in every generation that are replayed over and over during the judgment}.

The vision in Revelation 4:6 reveals four beasts that can be among the throne and around it. Accordingly, this scene is equated with the four priests that officiated in Moses' temple and in old Jerusalem's temple. The four priests were permitted to enter the temple's holy place and be among (in the midst of) the Ark of the Covenant, which was in the temple's holy of holies. The four priests could also be around the temple in its inner court, whereas the elders could only enter the inner court.

When the first group of apostles enter new Jerusalem's

ensign of intense light radiating from the swelled to heaven super volcano's mouth full of a lake of fire, they will be permitted to stand close to (in the midst of) the great white throne of intense light. Hence they represent the first group of redeemed that learn the written visions and oracles of the seventh plagues angel before the second group of redeemed. Whereas the second group of disciples (represented by 24 elders) can be only around the four beasts (that are equated with the old four priests of Moses' temple) after they have entered the glorious light of the ensign. These elders (disciples) of the latter day temple (being the immense mouth of the super volcano) learn the seventh plagues angel's visions from the four beasts (apostles).

The four beasts have many eyes because when the seventh plagues angel revealed his visions and oracles during the judgment, the four beasts (representing all latter day apostles) were first to see all the visions of the two witnesses revealed from all the scrolls and last scroll (scroll of life). The eyes in front of the four beasts' heads mean they have already seen what happened in the future of a new heaven and new Earth, that are replayed over and over by the seventh plagues angel's visions. The eyes behind the heads of the four beasts' heads mean they already know what happened in the past when all generations are replayed over and over by the seventh plagues angel's visions.

\*\*\*\*\*

***Revelation 4:7 And the FIRST BEAST*** {written beneath the second seal} ***was like a LION*** {personifying anarchy}, ***and the SECOND BEAST*** {written beneath the fourth seal} ***like a CALF*** {calf/Seraph personifying fiery whirlwinds}, ***and the THIRD BEAST*** {written beneath the third seal} ***had a FACE AS A MAN*** {referred to as locusts, which personify famine caused by erupting smoke and ash, and then by an overflowing and spreading lake of lava}, ***and the FOURTH BEAST*** {written beneath the first seal} ***was like a FLYING EAGLE*** {the eagle personifies the exploding debris into the sky from the super volcano's mountain top, as a great earthquake descends to open the bottomless pit/super volcano. The eagle also represents the rising light of the seventh plagued angel with exploding magma into the sky as great hailstones/flying eagles follow}.

The first beast with the body of a horse and a face of a lion represents anarchy. Anarchy begins when the super volcano's top explodes and erupts with smoke and ash for five months in the USA. During these five months of erupting smoke and ash, the USA's governing infrastructure will begin collapsing. The sword of anarchy will be progressively tormenting the USA's land during that time, as illustrated by the blood-red horse and its rider in Revelation 6:3, 4. At the end of five months of erupting

smoke and ash, the super volcano's mountain will swell into the sky and explode coals of fire into the atmosphere, as a lake of fire begins filling the immense mouth of the swelled to heaven super volcano. When the lake of fire overflows and begins spreading in the USA's land, anarchy will then be ruling in the USA. When the lake of fire spreads to all nations, anarchy will then be ruling in the nations of the world, as illustrated by the fire, smoke, and brimstone (lava) issuing out of the lions' heads (a lion's head personifies anarchy) in Revelation 9:17. This lion's face is illustrated in Revelation 6:4 by the red horse with the face of a lion. The blood-covered white horse has a rider with a great sword, which represents a time of anarchy.

***Revelation 6:4*** *And there went out another horse that was red: and power was given to HIM {representing the effects of the erupting super volcano} that sat thereon to take PEACE {during a time of anarchy} from the earth {land}, and that THEY {peoples, kindreds, tongues and people of nations, beginning with the USA} should kill one another: and there was given unto HIM {rider of the red horse of anarchy} a GREAT SWORD {a great sword of full blown anarchy begins when the swelled to heaven super volcano full of a lake of fire overflows and spreads through the USA and all nations, kindreds, tongues, and people}.*

**Revelation 9:17** *And thus I saw the HORSES {these horses represent intense heat of the lake of fire} in the vision, and THEM {representing flowing lava/spiritual riders of the spiritual horses} that sat on them, having breastplates of fire, and of jacinth, and brimstone: and the heads of the horses were as the HEADS OF LIONS {same head on a beast that represents anarchy}; and out of their MOUTHS {representing the immense mouth of the super volcano} issued FIRE and SMOKE and BRIMSTONE {fire, smoke and brimstone issuing from the swelled to heaven super volcano cause a terrible time of anarchy in all nations, beginning with the USA}.*

The second beast mentioned in Revelation 4:7 has a body of a horse with a calf's face (face of Seraph) or ox's face (face of Cherub). This face represents death by whirlwinds (tornadoes) of fire within the land of the fallen USA. These whirlwinds are spawned from the huge fiery whirlwind around the swelled to heaven super volcano's immense mouth full of a lake of fire. Whirlwinds of fire are likened to Cherubs (face of an ox) according to the first witness' visions, but Seraphs (face of calf) according to the last witness' visions. As a bull or ox tosses and turns things, so the fiery whirlwinds will toss, turn, and drive out the inhabitants from the fallen USA. One part of each of the USA's states and cities will be killed by fiery whirlwinds, having rejected the latter day living messenger's warnings and the everlasting gospel. This

calf's face is equated with the pale horse in Revelation 6:8, whose name is death/Abaddon.

***Revelation 6:8*** *And I looked, and behold a PALE HORSE* {equated with the effects of the opened super volcano}: *and HIS* {seventh plagued angel's} *NAME that sat on HIM* {pale horse with the face of a calf/Seraph} *was Death* {Abaddon}, *and HELL* {flowing lava from the swelled to heaven bottomless pit fall of a lake of hellfire/magma} *followed with HIM* {risen seventh plagued angel from the swelled to heaven bottomless pit}. *And power was given unto THEM* {pale rider and pale horse} *over the fourth part of the earth, to kill with SWORD* {representing anarchy/face of a lion}, *and with HUNGER* {face of a man/locust}, *and with DEATH* {face of a calf/fiery Seraph}, *and with the BEASTS* {four beasts} *of the EARTH* {land of the USA}.

*Isaiah 22:18* *He* {risen seventh plagued angel} *will surely violently turn and toss thee* {with fiery whirlwinds represented by the face of a calf or ox} *like a ball into a large country: there shalt thou die, and there the chariots of thy glory shall be the shame of thy lord's house.*

The third beast, which the Apostle John saw, with the face of a man (referring to the face of a locust) represents famine. The torment of famine first arrives to the USA when the great earthquake opens the bottomless pit, which

causes smoke and ash to erupt for five months. Dust, smoke, and hot ash will erupt from the opened super volcano to darken the sun, moon, and stars over the USA (see Revelation 9:2; 6:12, 13). With no sunlight, agriculture will quickly perish in the land, while hot sticky ash falls upon the land to consume agriculture. As locusts eat vegetation, so during the five months of smoke and ash the sun's light will progressively be darkened causing agriculture to progressively fail. Thereafter, the rising of the seventh plagues angel from the swelled to heaven bottomless pit brings death by the plague of famine. Accordingly, smoke, hot ash, and then flowing lava are represented by the face of a locust, whose face is like the face of a human. Hence, famine is equated with the beast with the face of a man/locust in Revelation 4:7, which is illustrated by the black horse and its rider in Revelation 6:5, 6 and by the locusts in Revelation 9:3 that have, as it were, faces of men (locusts) in Revelation 9:7.

***Revelation 9:1*** *And the fifth angel sounded, and I saw a STAR {representing the explosion into the sky of burning hot debris from the top of the super volcano's mountain} fall from heaven unto the earth: and to HIM {explosion of the super volcano's top} was given the KEY {representing the earthquake/key caused by the explosion} of the BOTTOMLESS PIT {super volcano in the USA}.*

***9:2*** *And HE {explosion of hot debris} OPENED {with a*

great earthquake} *the BOTTOMLESS PIT* {super volcano}; *and there arose a smoke out of the pit, as the SMOKE of a great furnace; and the SUN and the AIR were DARKENED by reason of the smoke of the pit.*

**9:3** *And there came out of the smoke LOCUSTS upon the earth* {these spiritual locusts represent hot ash erupting with the smoke; with sunlight being progressively darkened by smoke and hot sticky ash falling on the land, agriculture will progressively perish as illustrated by locusts}: *and unto THEM* {locusts} *WAS GIVEN POWER* {to cause stings of hunger pains}, *as the scorpions of the earth have power.*

**Revelation 9:7** *And the shapes of the* {figurative} *LOCUSTS* {illustrating hot ash} *were like unto horses prepared unto battle; and on their heads were as it were crowns like gold, and their faces were as the FACES OF MEN* {referring to the face of a locust which resembles a human face}.

The fourth beast listed in Revelation 4:7 has the face of a flying eagle. This face of an eagle represents the bright glowing wind that carries the explosion of debris into the sky from the top of the super volcano's mountain, as a great earthquake opens the bottomless pit. When the super volcano's top explodes high into the atmosphere like an arrow, it causing a massive shock wave of thunder, as

stated in Revelation 6:1. The earthquake that travels from the top of the super volcano's explosion of debris to its base is as a rider on a white horse descending like an arrow in Revelation 6:2, being illustrated in the Bible as riding on a white horse with the face of an eagle (representing the white horse that travels as shock waves with the moving land). When the seventh plagued angel has risen as a lake of fire and a great light and explodes out of the swelled to heaven super volcano, he is then equated with riding the white horse of a great earthquake from the top of the swelled to heaven super volcano full of a lake of fire down to the ground, as the great earthquake such as never happened travels throughout the land below. The latter day overcomers of their old beliefs will not be hurt by the erupting bottomless pit and the plagues it releases on the land (see Revelation 9:4; Ezekiel 9:6).

***Revelation 9:4*** *And it was commanded THEM {figurative locusts/hot ash and smoke} that they should not hurt the GRASS {representing the third/final latter day group of redeemed} of the earth, neither any GREEN THING {representing the second latter day group of redeemed}, neither ANY TREE {representing the first latter day group of redeemed}; but only THOSE MEN {rebellious states and nations} which have NOT the SEAL {seal/mark} of God {knowledge and belief in the seventh plagued angel} in their FOREHEADS {being the front part of their mind}.*

***Ezekiel 9:6*** *Slay utterly* {with plagues ascending from the swelled to heaven bottomless pit} *old and young, both maids, and little children, and women: but come not near ANY MAN* {referring to people who are of the three latter day groups of redeemed} *upon whom is the MARK* {having accepted the latter day messenger's message and the everlasting gospel}; *and begin at my SANCTUARY* {which in our day represents the area around the super volcano. In the past type, King Nebuchadnezzar's army entered old Jerusalem and began to first cleanse with the sword the rebellious elders and then the priests within the old sanctuary/temple of the rebellious city old Jerusalem}. *Then they began at the ANCIENT MEN* {referring to rebellious elders that officiated in the inner court of the old temple/sanctuary. These elders are equated with false disciples of the USA's people} *which were BEFORE* {hence in the inner court of} *the HOUSE* {temple/sanctuary}.

\*\*\*\*\*

***Revelation 4:8*** *And the FOUR BEASTS* {representing the first group of redeemed} *had each of them SIX WINGS* {these six wings reveal that the first group of redeemed are written as believers of the living

messenger's message during the initial six of seven parts/seals, six of seven angels with trumpets, six of seven lights of the seventh angel with trumpet, and six of seven plagued angels} **about him; and THEY** {wings} **were FULL OF EYES** {representing visions} **WITHIN** {the wings have spiritual eyes that refer to rays of light/visions that they saw when the first witness' and last witness' written visions were revealed from the first small part and last small part of the scroll of life. The wings have many eyes, just as there are many visions written on the last small part of the scroll of life}: **and they rest not DAY** {representing daylight/visions of the morning sun/star/last witness} **and NIGHT** {evening light/visions of the bright star/moon/first witness}, **saying** {as replayed each time}, **HOLY** {the first Holy concerns the time in the previous replay of all generations that revealed the risen seventh plagued angel when he sat and reigned upon the light radiating from the swelled to heaven super volcano's immense mouth full of a holy/pure lake of fire}, **HOLY** {this second Holy refers to the time when during the judgment a present replay of all generations revealed the time when the risen seventh plagued angel was sitting upon the intense light of the throne above the swelled to heaven super volcano's immense mouth full of a holy/pure lake of fire}, **HOLY** {the third Holy refers to the time when during the judgment all generations will again be replayed to show the time when the risen seventh plagued angel will again be revealed rising as a lake of fire to sit

on a throne of intense light over the swelled to heaven super volcano full of a holy/pure lake of fire}, **Lord God** {the risen seventh plagued angel is the Lord and God during the judgment because his visions and oracles recreate/replay over and over all generations, the new heaven and new Earth, and the continuing time of the judgment. When a replay of the last generation shows the time when the seventh plagued angel rose as a lake of fire to sit on his throne of intense white light, that is the time he became Lord over all lords of latter day Babylon's kingdom} **Almighty** {representing the almighty seventh plagued angel that is equated with the almighty lifted-up to heaven immense super volcano, that fills the whole world with a lake of lava}, **which WAS** {WAS reigning when earlier during the judgment a previous replay of all generations revealed the time when the seventh plagued angel reigned from above the swelled to heaven super volcano full of a lake of fire}, **and IS** {in Rev.4:8 it is showing what happened during a replay the time when the seventh plagued angel sat on the throne reigning over latter day Babylon at the time the seventh plague angel rose as a lake of fire that filled the swelled to heaven super volcano}, **and IS TO COME** {when the seventh plagued angel again replays the last generation, he is again to come and rise as a lake of fire to sit on his throne of intense light above the swelled to heaven super volcano full of a lake of fire}.

The first group of redeemed is represented by the four beasts (equated with the four priests who ministered in old Moses' temple) that have six wings. These six wings represent the passing of time of the initial six seals, six angels with trumpets, six lights of the seventh angel with trumpet, and six plagued angels of the seventh light of the seventh angel with trumpet.

Some time after 1000 years had passed during the judgment, the four six-winged beasts in Revelation 4:8 are saying (during a replay of the judgment) Holy, Holy, Holy during the day and night. Daylight represents the visions of the morning star/sun written on the first small part of the scroll of life's last side by the last witness (Gabriel), while the nightlight represents visions of the bright star/moon written on the last small part of the scroll of life's first side by Michael (first witness).

The four beasts say Holy, Holy Holy to the Lord God. The Lord refers to the risen seventh plagued angel as a lake of fire sitting and reigning ruling over all lords of latter day Babylon's kingdom), who is also God (that recreates all generations over and over and over), and is also the Almighty (because the seventh plagued angel is equated with the almighty high and lifted-up to heaven super volcano. Its immense mouth full of a lake of fire overflows and spreads to fill the whole world in a lake of lava. The previous replay of all generations revealed the

Lord God Almighty when he “was” sitting on the great white throne of light emanating from the super volcano's immense 40-mile wide mouth full of a lake of fire (lava). In Revelation 4:8 it is of a replay of the last generation showing the time when the Lord God Almighty “is” sitting on the great white throne of light after rising as a lake of fire to fill the immense mouth of the swelled to heaven super volcano. Another replay of the last generation will show the time when the Lord God (seventh plagues angel) “is to come” and rise as a lake of fire and sit on his throne of intense light. The generation that we are living in is a replay of the last generation, which is being replayed during the judgment according to the visions written on the first small part of the scroll of life's last side and last small part of the scroll of life's first side. During this replayed last generation that we are living in, the seventh plagues angel will again come and rise as a lake of fire to sit on the throne of intense light ruling over latter day Babylon's kingdom.

The first Holy represents the time of what happened earlier in the judgment. At that time, a replay of all generations finally showed the last generation when the risen seventh plagues angel “was” sitting upon the holy/pure temple of the lake of lava, that filled the immense mouth of the lifted-up to heaven super volcano.

The second Holy refers to the time of Revelation 4:8 when

the seventh plagues angel “is” shown when it is sitting and reigning over the kingdom of latter day Babylon. Revelation 4:8 is of a previous replay of the ending of the last generation, that is showing the time when the seventh plagues angel had risen as a lake of fire and is sitting and reigning on the throne of intense light ruling over the kingdoms of latter day Babylon.

The third Holy represents the time of what will happen later in the judgment. Later in the judgment, a replay of all generations will again show the ending of the last generation when the seventh plagues angel “is to come” and rise as a lake of fire and sit on his throne of intense light ruling over latter day Babylon's kingdom. Then the seventh plagues angel will have come to sit on a great white throne to reign over latter day Babylon's kingdom, just as he had already done during each replay of all generations.

Some time after 1,000 years of the judgment had passed, the seventh plagues angel (representing the first/beginning small part and last/ending small part of the scroll of life) is revealing all the visions and oracles that were written on it from the time the swelled to heaven super volcano had filled with a lake of fire. Accordingly, when all the scrolls and last scroll (scroll of life) were opened during the initial 1,000 years of the judgment, everything that was revealed as each scroll was opened was written on the

seventh plagued angel (representing the first small part of the scroll of life mixing with the last small part of the scroll of life) by Michael and Gabriel. The seventh plagued angel is referred to as the Almighty (huge) because he is equated with the immense lifted-up to heaven super volcano, that becomes an almighty mountain when it fills the world in a lake of flowing fire.

The seventh plagued angel is the Almighty God because he contains all the written visions and oracles of what happened in each generation, the new heaven and new Earth, and what has happened and will happen during the judgment, as written on the first small part and last small part of the scroll of life. This means as the last small part (that mixes with the first small part) of the scroll of life is being presently revealed during the judgment, it is replaying all generations and the time of the judgment. Presently our generation (which is the last generation) is being replayed during the judgment.

The replay of each generation is being replayed during the judgment while being newly written on the first small part and last small part of the scroll of life. These new writings must also be revealed. As these new writings are revealed, each generation is replayed again during the judgment. As each generation is replayed once again, they are again written anew on the first small part and last small part of the scroll of life. Each newly written part must be

revealed. As each newly written part is being revealed to replay again all generations, it is being written anew on the first small part and last small part of the scroll of life, that is again revealed and so on. Accordingly, the seventh plagued angel is referred to as the God that lives forever, because he recreates over and over what happened from Genesis to the last generation, the new heaven and new Earth, and the continuing time of the judgment.

\*\*\*\*\*

***Revelation 4:9 And when THOSE BEASTS GIVE GLORY and HONOUR and THANKS*** {during the judgment} ***to HIM*** {risen seventh plagued angel from the swelled to heaven bottomless pit} ***that sat on the THRONE*** {great white throne of intense light reigning over the kingdom of latter day Babylon}, ***who liveth for EVER*** {lives forever according to the first witness' continually written visions and oracles on the first small part and last last small part of the scroll of life} ***and EVER*** {lives forever according to the last witness' continually written visions and oracles on the first small part and last small part of the scroll of life},

During the judgment, the four six-winged beasts (first group of redeemed) gave thanks to the risen seventh plagued angel from the bottomless pit that “was,” “is,” and “will come again” to rise as a lake of fire with intense

light to be sitting and reigning on the great white throne of intense light over the kingdom of latter day Babylon. The seventh plagued angel represents the first small part and last small part of the scroll of life. On the last small part of the scroll of life's first side (that mixes with the first small part of the scroll of life's last side), Michael (first witness) began writing all things that happened from the time the super volcano swelled high into the atmosphere and exploded magma into the sky and filled with a lake of fire within the USA. At the same time, Gabriel (last witness) wrote all things that happened on the last small part of the scroll of life's other (last) side, that mixes with the first small part of the scroll of life's first side.

The swelled to heaven super volcano (filled with a lake of fire) erupted with a great eruption and overflowed and spread to cover the world. Thereafter a new heaven and new Earth was created. All things of the new heaven and new Earth were written by Michael and Gabriel on the first small part and last small part of the scroll of life. At the same time when the new heaven and new Earth were created, the initial 1,000 years of the judgment began. At the beginning of these 1,000 years, the first of many books/scrolls began to be unsealed and revealed. The opening of this first scroll's written visions and oracles replayed what had happened in the first generation of Genesis. During the initial 1,000 years of the judgment, the many scrolls were revealed to replay all former

generations. At the end of these 1,000 years, the opening of the last scroll (scroll of life) began to replay the things that happened in the last generation, the new heaven and new Earth, and the continuing time of the judgment. Some time after the initial 1,000 years of the judgment, all the visions and oracles written on the first small part and last small part (represented by the seventh plagued angel) of the scroll of life began to be revealed.

The beginning of the first small part and last small part of the scroll of life began to reveal what had happened from the ending of the last generation. The ending of the last generation began from the time the seventh plagued angel rose as a lake of fire to sit on his throne of intense light over the swelled to heaven super volcano (full of a lake of fire) within the USA. When that time was replayed, the risen seventh plagued angel is sitting and reigning on the great white throne of intense light above the lifted-up to heaven super volcano full of a lake of fire, which thereafter overflowed and spread to cover the world. Then the visions and oracles written on the first small part and last small part of the scroll of life replayed the time when the new heaven and new Earth replaced the old heaven and old Earth. At that same time, the first small part and last small part of the scroll of life began to reveal what happened during the initial 1,000 years of the judgment. Accordingly, all generations were replayed consecutively according to the visions and oracles written on the first

small part and last small part of the scroll of life.

As the seventh plagued angel (representing the first small part and last small part of the scroll of life) is revealing what is written on the last small part of the scroll of life, Michael and Gabriel are continually writing on the last small part of the scroll of life what is happening and being revealed during the judgment and what is happening in the new heaven and new Earth. These new writings must also be revealed during the continuing judgment. As these new writings are revealed to show the seventh plagued angel replaying all generations, the new Earth, and the judgment period, these replays are written anew on the first small part and last small part of the scroll of life. Thereafter, these newly written visions and oracles must also be revealed to replay all generations, the new earth, and the time of the judgment. These replays are also written anew to be revealed and so on. Accordingly, the seventh plagued angel is the God that lives for ever and ever, revealing over and over everything that happened from Genesis through the never ending judgment.

There exists a real world where only good exists, and there are no evil thoughts or actions. Plants, animals and people do not prey on one another. The real world continually evolves, where presently it is a paradise where people live naturally forever with no man-made things. What happened in Eden of Genesis is what happened in the real world. The real world is in jeopardy of becoming

like our world of good and evil. Therefore, Michael and Gabriel dreamed into existence what a world of good and evil ways would be like. The judgment that is presently happening replays each generation many times over from the beginning to the end of this world and through the judgment. This is necessary to educate telepathically the perfect people living in the real world concerning the ways and things that happen in our world of good and evil. After many replays of all generations of our world of good and evil are revealed telepathically to all people living in the real world, the male Lucifer (likeness and image of Adam of Genesis) and female Lucifer (likeness and image of Eve of Genesis) living in the real world will understand that after a certain amount of years of the real world they will die because of eating the fruit of good and evil, just as Adam and Eve died because they ate the fruit of good and evil. Also they will realize that the perfect world where they live will become like this dreamed world, where people lie, cheat, steal, kill, maim, injure, have illnesses, birth defects, change the natural into unnatural, etc, and finally die. After many replays of our world are shown telepathically to the people living in the real world, a terrible feeling of sadness and despair will fall upon the male Lucifer and female Lucifer, whereby they no longer want to eat and drink, as their perfect bodies whither away and die.

The perfect humans that are of the male Lucifer and

female Lucifer will also experience a terrible feeling of sadness and despair when they also realize that their parents are to die. When the male Lucifer and female Lucifer have died, their people will also be of such sadness and despair that they will not have the appetite to eat or drink, as they wither away and die. Once the source (male Lucifer and female Lucifer) of evil thoughts is dead, evil thoughts are no longer being transmitted from the male Lucifer and female Lucifer. From that time, the judgment being dreamed into existence by Michael and Gabriel will end. Thereafter, only the dreamed new heaven and new Earth will exist in the minds of Michael and Gabriel and their people, who live in the real world. All the redeemed living in the dreamed new heaven and new Earth are the image of Michael, Gabriel and their people living in the real world.

\*\*\*\*\*

***Revelation 4:10 The FOUR and TWENTY ELDERS***  
{that represent the 144,000} ***FALL DOWN BEFORE HIM*** {risen seventh plagues angel representing the first small part and last small part of the scroll of life} ***that sat on the THRONE*** {throne of intense light reigning over the kingdom of latter day Babylon}, ***and worship HIM*** {risen seventh plagues angel} ***that liveth for ever and ever, and CAST THEIR CROWNS*** {reigning crowns of life over the kingdom of latter day Babylon} ***before the THRONE*** {where the risen seventh plagues angel is

sitting and reigning after a replay revealed the time when the seventh plagued angel rose from the swelled to heaven bottomless pit}, *saying*,

The vision in Revelation 4:10 was shown to the Apostle John on the Isle of Patmos around 90AD. John was shown the time when the seventh plagued angel had risen from the bottomless pit in a previous replay of all generations. The Apostle John also saw the time when the 24 elders (representing the 144,000) entered new Jerusalem's ensign and bowed down and worshiped before the risen seventh plagued angel, that lives for ever and ever.

The 24 elders cast their reigning golden crowns of life before the throne, saying that the seventh plagued angel is worthy of glory, honor, and power. The golden crowns of life reveal that these elders are living and reigning over the kingdom of latter day Babylon. The gold is created by the first witness' silver visions of the bright star's/moon's silvery light mixing with the last witness' coppery visions of the morning star's coppery light during twilight glow at even/dusk, which (even/dusk) is equated with the first small part and last small part (represented by the seventh plagued angel) of the scroll of life.

Each time the first small part and last small part of the scroll of life replays all generations and the new Earth and time of the judgment, Michael and Gabriel write

continually on the first small part and last small part what had just been revealed. Thereafter the newly written part must also be revealed to replay all generations, the new Earth, and the time of the judgment. This replay is also written anew by Michael and Gabriel on the first small part and last small part of the scroll of life, which also must be revealed to again replay all generations and the new Earth and time of the judgment. Michael and Gabriel are writing continually on the first small part and last small part (represented by the seventh plagues angel) what is happening. Thereafter these continual writings must be continually revealed. Accordingly, the seventh plagues angel lives forever and ever.

***Revelation 4:11 THOU*** {risen seventh plagues angel} ***art worthy, O Lord*** {seventh plagues angel}, ***to RECEIVE GLORY and HONOUR and POWER: for THOU*** {risen seventh plagues angel} ***hast CREATED ALL THINGS*** {the seventh plagues angel's written visions and oracles recreate (replay) all things that existed and happened in each generation, the new Earth, and the time of the judgment}, ***and for thy pleasure THEY*** {all things that existed in every generation, the new heaven and Earth, and what has been happening during the judgment} ***ARE*** {"are" created when the seventh plagues angel is presently replaying each generation consecutively, then replayed the new Earth with the time of the judgment} ***and WERE CREATED*** {all things "were" created in the

previous replay of all generations, followed by the previous replayed new Earth with the time of the judgment}.

Revelation 4:11 was shown to the Apostle John around 90AD of what had happened in a previous replay of the last generation. The Apostle John's generation around 90AD was then presently being replayed by the seventh plagued angel. The replay of 90AD was according to the visions and oracles written on a scroll, that had recorded what happened in that generation of 90AD in the first timeline. After the Apostle John's generation passed, the seventh plagued angel thereafter replayed the next generation through to the last generation. After all past generations were replayed, the seventh plagued angel is presently replaying the last generation according to the visions and oracles written on the last scroll (scroll of life). The lives we are presently living and all things happening or will happen are being replayed from the first small part and last small part of the scroll of life by the seventh plagued angel.
