

## Chapter 5

**Revelation: 5:1** *And I* {Apostle John} **saw** {he saw things that had already happened during the judgment in the previous replay} **in the RIGHT HAND** {representing what the first witness had written on the first side of the scroll of life} **of HIM** {representing the visions and oracles written on the last small part of the seventh part of the scroll of life's first side} **that SAT** {as the risen Rock/Abaddon} **on the THRONE** {the throne of intense light that is equated with the Ark of the testament when the Shekinah glory has manifested upon it} **BOOK** {being the rolled-up seven-sealed scroll of life/last scroll} **written WITHIN** {inside/last side, on which is written the things that righteous or rebellious adult females had done} **and on the BACKSIDE** {outside/first side, on which is written the things that righteous or rebellious adult males had done}, **SEALED** {kept rolled-up and closed} **with SEVEN SEALS** {seven bands/seals each placed next to each other around the outside of the rolled-up scroll of life}.

This vision in Revelation 5:1 had already happened in the previous replay of all generations, new heaven and new Earth, and time of the judgment. The Apostle John saw a rolled-up seven-sealed scroll in the right hand of god the father, who is equated with the visions and oracles written on the last small part of the seventh part of the scroll of life's first side. The scroll mentioned in Revelation 5:1 is the scroll of life (last scroll), which was rolled-up and sealed with seven bands/seals around its outside (first side). Each band/seal is wrapped around each of the seven divided parts on the rolled-up scroll of life. Written on the outside (the outside being equated with seven evenings) of this scroll of life are visions and oracles of things that existed and happened in the last generation from the time new light (new Daily present truth) dawned from beneath the first seal. At that time, the latter day living messenger began to prophesy of a new message.

All the visions and oracles written on seven parts (equated with seven evenings) of the scroll of life's first side are written by Michael (first witness), just as all the visions and oracles written on seven parts (equated with seven days of daylight) of the last side of the same scroll of life are written by his twin female spouse. However, the last small part (equated with the ending of the seventh evening's moonlight at the sun's dawn) of the seventh part (equated with the seventh evening) of the scroll of life's first side (equated with seven evenings) is witnessed (mixes) with the first small part (equated with the beginning of the seventh day's morning sun at dawn) of the scroll of life's other side (equated with seven days of sunlight). This is likened to the ending of the seventh evening when the silvery-blue moon's light is just below the westerly horizon (equated with the Ark of the testament in the west) of the latter day spiritual land of Canaan while the beginning of the seventh day's morning sun's coppery-red light is just below the easterly horizon (equated with the copper altar of burnt offerings in the east) at dawn and witnessing what the moon's light (equated with the visions and oracles written on the last small part) has seen during seven evenings and what the moon's light presently sees happening in the land.

The last small part (equated with the ending of the seventh evening as the morning sun is dawning) of the seventh part of the scroll of life's first side contains all the visions and oracles written by the moon's light when it moved from east to west through all seven parts of the scroll of life's first side, just as everything that existed and happened in the initial seven evenings of Genesis were all visible at the ending of the seventh evening as the morning sun began to dawn. The ending of the seventh evening's moonlight (God the father/first witness) then witnesses from west to east all things happening at that time (hence visions, oracles, and the revealing of them are written in reverse as voices, thunderings and lightnings), including

what the morning sun' light (God's son/last witness) at dawn has seen (witnessed) and is seeing (witnessing) from the morning sun's perspective of east to west. Accordingly, the first witness' (spiritual moon's) visions and oracles (spiritual moon's light) written on the last small part contains all the visions and oracles written on all seven parts of the scroll of life's first side but written on the last small part from east to west (lightnings/visions, thunderings/oracles, and voices/the fulfillment of lightnings and thunderings) and west to east (voices, thunderings, and lightnings), just as everything that existed and happened in the initial seven evenings of Genesis (as witnessed by the moon moving east to west through seven evenings) were all visible from the moon's light shining west to east at the ending of the seventh evening when the morning sun began to dawn. Accordingly, the one (representing the last small part/God the father/bright moon) sitting on the throne (equated with the Ark of the testament) has all the visions and oracles that are written on the scroll of life's first side, as also witnessed by the Lamb (equated with the first small part/God's son/morning sun/copper altar of burnt offerings).

Before the latter day messenger began to reveal his message from beneath the first seal of the rolled-up seven-sealed scroll of life, the former living messenger (latter day Elijah/Aaron/David type) failed to reveal and fulfill the predictions written on the rolled-up seven-sealed scroll of life. Instead, the latter day living messenger (latter day Elisha/Moses/Solomon) reveals the time when the visions and oracles written on the last scroll's (scroll of life's) first side are fulfilled in the latter days. The visions and oracles written on first small part are illustrated in the Bible by a spiritual sun/morning star (representing the last witness' written visions) mixing at dawn with the spiritual moon's/bright star's light (representing the first witness' written visions and oracles). Accordingly, the latter day living messenger is the only messenger able to understand the first witness'

and last witness' written visions and oracles, which are mixed together on the first small part (beginning of the seventh day's morning sun at dawn) and last small part (ending of the seventh evening's moonlight at dawn).

The scroll of life is held in the right hand of the one that sits on the throne. This right hand refers to what is written on the scroll of life's first side as revealed from the visions and oracles written on the last small part (God the father). The scroll of life's first side is divided into seven equal parts, which are equated with seven evenings of a week. Since the masculine things and animals were created in the first six of seven evenings, it is equated with the opening of the first side of the scroll of life that reveals the righteous and rebellious adult males, just as the Bible is generally male orientated.

For the initial 1,000 years of the judgment, all scrolls' first side were opened to reveal the righteous and rebellious adult males. The last scroll's (scroll of life's) first side began to be revealed to replay the things that happened regarding the righteous and rebellious adult males in the last generation. When the replay of the last generation began to show the risen Rock/Abaddon sitting on his throne of intense light above swelled to heaven bottomless pit (full of a lake of fire), all seven parts (equated with seven evenings) of the scroll of life's first side were revealed except the last small part (equated with the time of the ending of the seventh evening as the morning sun dawns), which began to be revealed when the Rock/Abaddon had risen from the swelled to heaven super volcano.

In the first timeline when the Rock/Abaddon rose as a lake of fire to sit on his throne of intense light, Michael (God the father) and Gabriel (son of God the father) have been writing (witnessing) continually all things that existed and happened from that time on the last small part (equated with the Ark of the testament) and first small part (equated with the copper altar of burnt offerings).

Accordingly, when the visions and oracles written on the last small part begin being revealed, they begin replaying what happened from the time the risen Rock/Abaddon sat on his throne of intense light, the new heaven and new Earth, the initial 1,000 years of the judgment when each scroll's first side was opened (including the last scroll/scroll of life), and the time when the last small part of the seventh part of the scroll of life's first side was revealed. The life we are presently living is a replay of what has already happened. Our world and lives are being presently revealed by the visions and oracles written on the first small part and last small part.

Had the world been female dominated instead of males, then instead of the first side of the scroll of life being revealed during the judgment the other side of the scroll of life would be revealed. If the other side of the scroll of life was being revealed during the judgment, then the right hand and left hand of the one sitting on the throne would be of God the mother (right hand/last small part of the seventh day's ending sunlight) and daughter of God (left hand/first small part of the beginning evening at dusk). The Rock/Abaddon would be referred to as a she, and the latter day living messenger would be female instead of male. Furthermore, all past types of patriarchs, male priests, and predominantly male prophets would instead be matriarchs, priestesses, and predominantly prophetesses. Also all adult males of Israel traveling to Jerusalem three times a year to offer burnt offerings, adult males fighting wars to remove the Canaanites from the old promised land would all instead need to be accomplished by females. All male prophets that were commanded to write prophecies with a "Thus saith the Lord God" would instead be prophetesses that write with a "Thus saith the Lady Goddess." The written prophecies that state "He that believes shall be saved" would be written as "She that believes shall be saved." Also the prophecy that states the Rock/Abaddon will become King of kings and Lord of lords would instead be written as Queen of queens and

Lady of ladies. Jesus the son of God the father would instead be a female savior who is the daughter of God the mother gathering twelve female apostles and so on.

***Revelation 5:2 And I*** {Apostle John} ***saw a STRONG*** {mighty} ***ANGEL*** {representing the seventh angel with trumpet, who is the seventh lamp before the throne of God} ***proclaiming with a LOUD VOICE*** {like a trumpet/thunder}, ***WHO IS WORTHY to OPEN the BOOK*** {being the rolled-up seven-sealed scroll of life}, ***and to LOOSE THE*** {seven} ***SEALS*** {bands} ***thereof?***

After all the other books (scrolls) were opened to replay what happened in each generation from Genesis to the beginning of the last generation, then a strong angel speaks with a loud trumpet-sounding voice of thunder from the swelled to heaven super volcano full of a lake of fire. This strong (mighty) angel represents the seventh angel with trumpet, who stands before God the father (sitting on his Ark of the testament) as the seventh lamp, just as there were seven lamps burning brightly in the holy place before the holy of holies (where the Ark of the testament was located) of the old temple. The strong angel speaks saying who is worthy to unseal each of the seven seals around the rolled-up scroll of life. Thereby being able to unroll (open) it and reveal what is written on its first side.

\*\*\*\*\*

***Revelation 5:3 And NO MAN*** {none} ***in HEAVEN*** {where the judgment is happening before the lifted-up to heaven super volcano, which covered the world in a lake of fire}, ***nor IN EARTH*** {referring to all people living before the latter day living messenger's message dawned from beneath the first seal}, ***neither UNDER the EARTH*** {people that had lived and died and are dead under the Earth/land from the first generation of Genesis to the last generation before the latter day living messenger's message dawned from

beneath the first seal}, ***WAS ABLE to open the BOOK*** {last scroll/scroll of life}, ***neither to LOOK THEREON*** {because the scroll of life is rolled-up and kept rolled-up/sealed with seven seals/bands around, and covering, its outside}.

Before the latter day living messenger's message dawned from beneath the first seal, no one could open the scroll of life's visions and oracles written in the Book of Revelation. No one in heaven during the judgment was found among the four six-winged beasts (that represent the first group of redeemed), twenty four elders (that represent the second group of redeemed), great multitude of righteous angels (that represent the third group of redeemed), or the many creatures (that represent the rebellious people standing as ghosts around new Jerusalem viewing each generation being replayed from each scroll, the replayed new heaven and new earth, and the continuing time of the judgment) to be worthy to open or even look upon the words written on the seven-sealed rolled-up scroll of life.

Before the latter day living messenger began to reveal his message from beneath the first seal of the rolled-up seven-sealed scroll of life, no one living on Earth (land) was able to reveal the scroll of life's visions and oracles written in the Book of Revelation and in the writings of old testament prophets, even though many have tried. When the scrolls' (except the last scroll'/scroll of life's) first side were opened to reveal their written visions and oracles during the initial 1,000 years of the judgment and replayed all past generations, no person that had lived and died throughout every past generation of the world was found able to unseal the seven seals and unroll (open) the last scroll (scroll of life) to reveal its written visions and oracles of things that happened in the last generation, new heaven and new Earth, and time of the judgment. Many people of the living and others that had died had attempted to reveal the written visions and oracles in the Book of Revelation and the writings of old

testament prophets, but it is written that none of them were able to truly reveal the visions and oracles that pertain to the scroll of life.

\*\*\*\*\*

**Revelation 5:4 And I** {Apostle John on the isle of Patmos in 90AD} **wept much, because NO MAN** {no man among the living or dead before the latter day living messenger began to reveal his message from beneath the first seal of the rolled up scroll of life} **was found worthy to OPEN and to READ the BOOK** {rolled-up seven-sealed scroll of life}, **neither to LOOK THEREON.**

The Apostle John wept because he thought no one, not even his Lord Yahshua/Jesus, was worthy to unseal, unroll, and open the scroll of life. Before the latter day messenger began to reveal his message from beneath the first seal of the rolled-up seven-sealed scroll of life, no person among the living or dead had been worthy to unseal each of the seven seals around the rolled-up scroll of life, unroll it, and reveal what is written on its first side. Neither could any person among the living or dead look at the scroll of life because it was rolled-up and its rolled-up outside was completely covered by seven bands (seven seals) wrapped around it.

\*\*\*\*\*

**Revelation 5:5 And ONE** {being the 24<sup>th</sup> elder who represents the visions and oracles written on the sixth plagues angel, that also reveals the beginning of the Rock/Abaddon} **of the ELDERS** {representing the second group of redeemed after they had entered new Jerusalem's ensign} **saith unto me, Weep not: behold, the LION** {being the visions and oracles written on the first small part/Lamb/son of God typified by old King Solomon} **of the tribe of** {spiritual} **Juda, the ROOT of DAVID** {old King David is a type of God the father/last small part}, **hath PREVAILED** {through the son of God's latter day living messenger} **to open the BOOK** {rolled-up seven-sealed scroll of life}, **and to LOOSE the SEVEN SEALS**

*thereof* {correlating the time when latter day Solomon began to reveal his dawning new message from beneath the first seal around the scroll of life's first side}.

The twenty four elders represent the visions and oracles pertaining to the second group of redeemed written on the seventh part (equated with the Sabbath evening) of the scroll of life's first side (the first side is equated with seven evenings). On the seventh part of the scroll of life's first side are written six angels (equated with six elders) with trumpets, six parts (equated with six elders) of the seventh angel with trumpet, 6 parts (equated with six elders) of the seventh part of the seventh angel with trumpet, and six (equated with six elders) of seven plagued angels, which all twenty four parts (twenty four elders) are written on the Rock/Abaddon (equated with the last small part of the seventh part of the scroll of life's first side). The ending of the sixth plagued angel reveals the beginning of the risen Rock/Abaddon. The elder that spoke to the Apostle John in Revelation 5:5 was the twenty-fourth elder, because the twenty fourth elder has written on him all the visions and oracles of all the other twenty three elders.

During each replay of the judgment, it shows the twenty-fourth elder telling the Apostle John not to weep. The elder says to John that the lion (equated with King Solomon) of spiritual Judah (representing the USA/lamb-like beast) has prevailed to unseal each of the seven seals around the rolled-up scroll of life, which revealed seven small visions and oracles. Then the scroll of life was unrolled (open) to reveal clearly all the visions and oracles written on its first side (outside). The lion of the tribe of Judah represents the first small part (referred to as the son of God the father) that was born from the last small part (God the father), just as old king Solomon (son) was born from king David (father) in the kingdom of Judah. From the visions and oracles written on the first small part is revealed the latter day messenger. The latter day messenger (latter day Solomon/Moses)

began to understand the message written beneath the first seal. At that time, latter day Solomon began proclaiming his new dawning message from beneath the first seal. Latter day Solomon was spiritually born (when he began to reveal his message from beneath the first seal) from the church of latter day David (former messenger) of Ezekiel 37:25 and Hosea 3:5. Latter day David was born according to the Rock's/Abaddon's (the root's) written visions and oracles. This is based on the past type of old King David being born from his father (the root of David). King Solomon was born from the loins of his father, King David. It was King Solomon who succeeded in building the temple/house of God when he became king in place of his deceased father David, who thought to build God's house but he failed to receive God's blessing to build the house/temple.

*1 Kings 5:5 And, behold, I {king Solomon} purpose to build an house unto the name of the Lord my God, as the Lord spake unto David my father, saying, Thy son, whom I will set upon thy throne in thy room, he shall build an house unto my name.*

*Ezekiel 37:25 And THEY {faithful believers} shall dwell in the LAND {representing the new Earth} that I have given unto Jacob my servant, wherein your fathers have dwelt; and they shall dwell therein, even THEY {representing the first group of redeemed/12,000}, and their CHILDREN {representing the second group of redeemed/144,000}, and their children's CHILDREN {representing the third group of redeemed/great multitude} for EVER {time of the new heaven and new Earth}: and MY {Elohiym} servant David {representing the former messenger before the latter day living messenger/Solomon type unsealed and revealed the scroll of life, which the previous messenger/David type thought to unseal it and reveal it but failed} shall be their prince for ever.*

***Hosea 3:5*** *Afterward shall the CHILDREN* {representing the third group of redeemed fleeing from all nations during the time when smoke and ash are erupting from the super volcano} *of Israel return, and seek the LORD* {risen Rock/Abaddon according to the first witness} *their God* {risen Rock/Abaddon according to the last witness}, *and David* {equated with the visions and oracles written on the last small part/God the father} *their king; and shall fear the LORD* {equated with the visions and oracles written on the first small part} *and his GOODNESS* {of intense light} *in the LATTER DAYS* {when the Rock/Abaddon has risen from the swelled to heaven super volcano full of a lake of fire and radiating an intensely bright light}.

\*\*\*\*\*

***Revelation 5:6*** *And I beheld, and, lo, in the MIDST of the THRONE* {equated with the Ark of the testament when the Shekinah glory was upon it} *and of the FOUR BEASTS* {equated with four priests of the old temple}, *and in the midst of the ELDERS* {equated with the elders in the inner court of the old temple}, ***STOOD A LAMB*** {representing the visions and oracles written on the first small part/spiritual morning sun at dawn/son of God} ***as it HAD BEEN SLAIN*** {the Lamb had been slain during each previous replay of the last generation during the judgment}, ***having SEVEN HORNS*** {which refer to its ability/strength to open each of the seven seals/bands wrapped around the outside of the rolled-up seven-sealed scroll of life's first side} ***and SEVEN EYES*** {each eye can see and understand the visions written beneath each of seven seals}, ***which are the SEVEN SPIRITS*** {seven spirits pertain to all the visions and oracles written on seven parts of the scroll of life's first side} ***of God*** {being the visions and oracles written on the last small part of the seventh part of the scroll of life's first side} ***sent forth*** {as messages illustrated as beams of spiritual moonlight/visions, spiritual morning sun's light/visions, and spiritual

thunders/oracles} *into all the EARTH* {proclaimed to the Earth/land of latter day spiritual Canaan from the time the latter day living messenger's message dawned from beneath the first seal}.

From the time the Rock/Abaddon had risen to sit on his throne of intense light over the swelled to heaven super volcano (full of a lake of fire), all things that were happening from that time were being written as visions and oracles on the last small part of the seventh part of the scroll of life's first side. All the visions being written on the last small part (equated with the ending of the seventh evening) were also being written (witnessed) by the first small part (equated with the seventh day's beginning/morning sun at dawn/Lamb/son of God), just as the seventh day's morning sun at dawn witnesses the ending of the seventh evening. When the Rock/Abaddon (equated with the last small part) had risen to sit on his throne of intense light and all the redeemed had entered the ensign of new Jerusalem, thereafter the world became covered in a lake of fire. After the world was covered by a lake of fire, the new heaven and new Earth began for the redeemed to live in as perfect humans with new bodies and new memories. At the time when the new heaven and new Earth began, the initial 1,000 years of the judgment had also began. During these 1,000 years, all the scrolls' first side were opened to replay all generations. Some time after the initial 1,000 years of the judgment when the last generation was replayed to the point where the Rock/Abaddon had risen to sit on his throne of intense light over the swelled to heaven super volcano (full of a lake of fire), the visions and oracles written on the last small part (God the father sitting on his throne/Ark of the testament) began replaying all things that happened from the time the risen Rock/Abaddon was sitting on his throne of intense light, the redeemed entering the ensign of new Jerusalem, the world covered by a lake of fire, the new heaven and new Earth, and what had happened during and after the initial 1,000 years of the judgment.

A Lamb came from the throne to denote that the Lamb (representing the first small part of the seventh part of the scroll of life's other side) has copied (witnessed) all the visions and oracles that are written on the last small part of the seventh part of the scroll of life's other side. The manifestation of the Lamb from the throne reveals the time when the latter day messenger's new message was about to dawn from beneath the scroll of life's first seal at the beginning of the last generation. This Lamb reveals the spiritual birth (equated with a Lamb) of latter day Solomon's message from beneath the scroll of life's first seal, which was spiritually born in latter day spiritual Judah (representing the USA). The Lamb that came from the throne had already been slain at the end of the 1260 days when the sign of Jonah began. The visions and oracles written on the scroll of life's first side had already replayed the time when the Lamb was slain in the previous replay of the last generation.

It states in Revelation 5:6 that the Lamb (representing the visions and oracles written on the first small part) has seven horns and seven eyes, which are the seven spirits (seven lamps) of God (visions and oracles written on the last small part/ark of the testament). This Lamb's seven horns illustrate that it has the spiritual strength (horn) to unseal each of the seven seals (bands) around the rolled-up scroll of life's first side with each of its seven horns. When each horn removes each seal, the Lamb is able to see and reveal the exposed written little vision beneath each seal with each of its seven eyes. The Lamb's seven eyes means that it can perceive (understand) the meaning of the seven little visions written beneath the seven seals/bands. The seven eyes are as lamps that can read the written words beneath seven seals. When the words written on the scroll of life's first side are revealed by the Lamb, they are as olive oil burning as seven spirits (seven flames/lamps in the temple's holy place), which are all written on the last small part (God the

father/Ark of the testament) of the seventh part of the scroll of life's first side.

\*\*\*\*\*

**Revelation 5:7** *And HE* {being the son of God/Lamb that has witnessed and reveals all the visions and oracles written on the last small part/God the father} **came and took the BOOK** {last scroll/scroll of life} **out of the RIGHT HAND** {the right hand represents the first witness'/God the father's visions and oracles written on the last small part} **that SAT** {reigning over latter day Babylon's kingdom} **upon the THRONE** {the throne of intense light radiating from the swelled to heaven super volcano full of a lake of fire}.

When the Lamb had taken the seven-sealed rolled-up scroll of life (which is the last scroll), the Lamb's visions and oracles written on the first small part had already replayed all past generations by revealing all the visions and oracles written on all the other scrolls. This scene of the Lamb in heaven is taking place during the judgment when the Lamb is about to replay the beginning of the last generation of the old Earth, when the latter day messenger's new message was about to dawn from beneath the first seal of the seven-sealed rolled-up scroll of life.

The vision in Revelation 5:7 was shown to the Apostle John around 90AD of what had already happened during the judgment in the previous replay. The replay shows the time when the Rock/Abaddon is reigning on the throne of intense light, emanating from the swelled to heaven super volcano full of a lake of fire.

\*\*\*\*\*

**Revelation 5:8** *And when HE* {Lamb} **had taken the BOOK** {last scroll/scroll of life}, **the FOUR BEASTS** {representing visions and oracles pertaining to the first group of redeemed that are written on the first small part/Lamb} **and FOUR and TWENTY ELDERS**

{representing visions and oracles pertaining to the second group of redeemed/144,000 that are written on the first small part/Lamb} **FELL DOWN before the LAMB** {the Lamb represents the visions and oracles written on the first small part of the seventh part of the scroll of life's other side}, **having every one of them HARPS** {harps to sing the song/prophecy of David/God the father of latter day Solomon/God the son}, **and GOLDEN VIALS** {gold represents the first witness' spiritual silvery moonlight/visions at the ending of the seventh evening's dawn mixed with the last witness' spiritual coppery morning sun's light/visions at dawn} **full of ODOURS** {sweet fragrance ascending up with the erupting smoke and ash of the swelling to heaven super volcano filling with a lake of fire}, **which are the PRAYERS** {that prayed for the fulfillment of the everlasting gospel} **of SAINTS** {four priests/four beasts/apostles and 24 elders/disciples of the spiritual temple}.

During the judgment the Lamb takes the last scroll (scroll of life), then four beasts and 24 elders fall down and worship the Lamb. This vision parallels the time when the people of the first group (represented by these four beasts) of redeemed and the people of the second group (represented by these 24 elders) of redeemed had resurrected or were alive to learn (spiritually bowed down before) the new song (message/everlasting gospel) of the Lamb.

The four beasts and the 24 elders each have harps and golden censers (vials) full of burning odors of incense, which represent their prayers. When these four beasts and/or 24 elders sing a song on their golden harps during the judgment in heaven, it is equated with the time when after the latter day resurrection they learned a new song (message) of the everlasting gospel to proclaim to all nations, kindreds, tongues, and people. Latter day Solomon's message spiritually sang (revealed and fulfilled) the prophecies on the scroll of life's first side that latter day David/Elijah should have sung (proclaimed) with his figurative harp (representing the first witness'

written predictions/song), just as old David sang his psalms with a harp but were fulfilled by his son King Solomon. Accordingly, after the latter day resurrection, the people of the first group and second group of overcomers sing of latter day Solomon's (latter day Yahshua's/Moses's) everlasting gospel. They will then be prophesying to all nations of the everlasting gospel to ripen a great multitude until the super volcano explodes with a great earthquake, as smoke and ash erupt for five months. During the five months of smoke and ash when the swelling to heaven super volcano is filling with a lake of fire, a great multitude will be ripe for harvesting as they travel to the rising ensign.

The prayers of the overcomers of all generations were answered when the super volcano exploded and began erupting smoke and ash for five months. From that time, the redeemed traveled to the rising ensign. Then when new Jerusalem manifested around the risen ensign, they entered the intense light of the ensign of new Jerusalem to have a right to the tree of life in the new heaven and new earth. Accordingly, the explosion of the super volcano is equated with the sweet aroma rising with the smoke from the golden bowls (vials), as the prayers of the saints are fulfilled when they travel to the rising ensign and enter new Jerusalem's ensign of intense light, that only manifests when the Rock/Abaddon has risen from the swelling to heaven bottomless pit as it fills with a lake of fire.

Before the overcomers travel to the rising ensign, they will have learned the new song of the latter day everlasting gospel, as witnessed by the two witnesses' visions and oracles written on the first small part and last small part. The resurrected overcomers will realize during the judgment, that the latter day resurrection and them proclaiming the everlasting gospel and thereafter entering the ensign of new Jerusalem was made possible by the sacrifice of the Lamb (visions and oracles written on the first small part), which happened at the end of the 1260 days of prophesying to latter day Babylon. At

the end of these 1260 days, the two witnesses' visions and oracles written on the first small part (Lamb) were lying totally rejected (dead) because of the earthquake that caused the super volcano to temporarily erupt smoke and ash and then quickly go dormant. For the next three and a half days (being the sign of Jonah), the Lamb (visions and oracles written on the first small part) that reveals the two witnesses' visions and oracles (written on the first small part and last small part) will be lying dead, having seemingly failed when the super volcano quickly became dormant. However, at the end of these three and a half days, the spirit of life enters the two witnesses written visions and oracles, as they stand to begin being fulfilled. The reason for the two witnesses' visions and oracles resurrecting from death (total failure) to life is that a great earthquake at the super volcano happens again, which marks the time of the latter day resurrection for all overcomers of all generations.

A “golden” vial (bowl) represents the spiritual silvery-blue moon’s/bright star's (first witness’/Michael's/God the father's) light (visions and oracles written on the last small part) at the ending of the seventh evening mixing (hence simultaneously proclaimed) at dawn with the spiritual coppery-red sun’s/morning star's (last witness'/Gabriel's/son of God's) light (visions and oracles written on the first small part) to create the gold. A golden bowl (vials) having hot coals and burning sweet incense to create odors of sweet smoke represent the immense mouth of the super volcano when it is erupting smoke and ash for five months. The sweetness of the rising ensign of the Rock/Abaddon during the erupting smoke and ash is equated with the joy (sweetness) of all the redeemed, as they travel to the ensign of new Jerusalem, according to Lamb's revealed visions and oracles written on the first small part (equated with the copper altar of burnt offerings) of the seventh part of the scroll of life's other side.

\*\*\*\*\*

**Revelation 5:9** And **THEY** {4 beasts equated with the first group of redeemed and 24 elders equated with the second group of redeemed} **SUNG a NEW SONG** {this new song/everlasting gospel was learned and sung by the two groups of redeemed after the latter day resurrection at the end of the sign of Jonah}, **saying, THOU** {Lamb equated with the message of the latter day messenger} **art worthy to take the BOOK** {last scroll/scroll of life}, **and to open the seals thereof: for THOU** {Lamb} **wast SLAIN** {totally rejected during the sign of Jonah}, **and HAST REDEEMED** {when all overcomers entered the ensign of new Jerusalem} **US** {being the 4 beasts/priests, 24 elders, and great multitude} **to God** {God the father equated with the visions and oracles written on the last small part of the seventh part of the scroll of life's first side} **by thy BLOOD** {sacrifice of the Lamb/visions and oracles written on the first small part of the seventh part of the scroll of life's other side} **OUT of EVERY KINDRED, and TONGUE, and PEOPLE, and NATION** {of the last generation} ;

The slain Lamb's visions and oracles written on the first small part (on which is written the visions and oracles of the first witness/last small part and last witness/first small part) were sacrificed and lying dead (totally rejected) during the 3½ days of the sign of Jonah. After these 3½ days, the latter day resurrection happened when the overcomers of every generation rose from death to life and health. Thereafter they learned the Lamb's new song of the everlasting gospel, which they proclaimed to all nations to gather a great multitude from all nations, kindreds, tongues, and people of the last generation. The four beasts (priests/first group of redeemed) and 24 elders (second group of redeemed), and great multitude (third group of redeemed) will have entered the ensign of new Jerusalem to be redeemed to God the father (who is being revealed as sitting on the throne of intense light over the kingdom of latter day Babylon) because of the sacrificed visions and oracles (blood) written on the

first small part (Lamb).

***Revelation 5:10 And hast made US*** {the “us” being the 4 beasts/first group and 24 elders/second group of redeemed} ***unto our God*** {God/risen Rock/Abaddon} ***KINGS*** {being the elders on thrones with crowns ruling over the lava covered dissolved kingdom of latter day Babylon} ***and PRIESTS*** {being the four beasts that are typified by the four sons/priests of Aaron}: ***and we SHALL REIGN*** {they shall reign again in the next replay of all generations, just as they reigned in the previous replay of all generations} ***on the EARTH*** {land of the lava covered dissolved USA and world that are replaced by a new heaven and new Earth}.

At the end of the 1260 days (when the 2300-day period also ends), the Lamb (visions and oracles written on the first small part of the seventh part of the scroll of life's other side) will have been killed (totally rejected). The reason for the death of the message of the two witnesses is that the super volcano temporarily erupts smoke and ash and then goes dormant. At that time, it seems that the written predictions of the two witnesses (concerning the ending of latter day Babylon's kingdom from the time the super volcano opens and erupts smoke and ash for five months) ends in total failure.

Accordingly, it will seem to the leaders and kingdom of latter day Babylon that the two witnesses' predictions written on the first small part (Lamb) are to be given no more mind or respect, as they continue business as usual. However, after 3½ days have passed of the sign of Jonah, the super volcano encounters another great earthquake before going dormant again. At the time of this great earthquake at the end of the sign of Jonah, the two witnesses' seemingly failed visions and oracles (written on the Lamb/first small part) revive to life as the latter day resurrection happens. From that time when they proclaimed the everlasting gospel and entered the

ensign of new Jerusalem, the Lamb made all resurrected overcomers of every generation and living overcomers of the last generation priests (represented by the four beasts/first group of redeemed) and kings (represented by the 24 elders/second group of redeemed) reigning over latter day Babylon's kingdom.

During the judgment that is presently happening, the Lamb has been replaying all generations over and over. Accordingly, the visions and oracles written on the first small part (Lamb) replays the time when the four beasts and twenty four elders became kings and priests and reigned over the lava covered kingdom of latter day Babylon.

***Revelation 5:11 And I BEHELD*** {visions/lightnings}, ***and I HEARD*** {oracles/thunders} ***the voice of MANY ANGELS*** {that represent the third group of redeemed/great multitude of messengers/angels of all nations, kindreds, tongues, and peoples standing within new Jerusalem's ensign} ***round about the THRONE*** {the great white throne of intense light emanating from the lifted-up to heaven super volcano full of a lake of fire} ***and the BEASTS*** {priests/first group of redeemed} ***and the ELDERS*** {second group of redeemed}: ***and the NUMBER of THEM*** {many angels being the third group of redeemed/great multitude} ***was TEN THOUSAND TIMES TEN THOUSAND, and THOUSANDS of THOUSANDS;***

The Apostle John saw (vision) and heard (oracle) the voice of the many angels. These many angels in Revelation 5:11 represent latter day people that are of all generations, nations, kindreds, tongues, and people. The third group will have been redeemed from the time they entered new Jerusalem's ensign, that manifested when the swelled to heaven super volcano was full of a lake of fire.

From the new day of Pentecost, the first group of redeemed and second group of redeemed will receive the holy spirit's power so they can proclaim the everlasting gospel to every nation, kindred,

tongue, and people. From among every nation, kindred, tongue, and people, many angels (messengers/third group of redeemed) will accept and also join in proclaiming the everlasting gospel (new song), when it is being proclaimed by the first group (4 beasts/12,000) and second group (24 elders/144,000) before smoke and ash erupt for five months from the super volcano. Then from the day the super volcano begins erupting smoke and ash for five months, the great multitude of angels (messengers) will travel to the rising ensign of intense light to be ready to enter and stand within new Jerusalem, when it manifests around the swelled to heaven super volcano. When the swelled to heaven super volcano is full of a lake of fire, then new Jerusalem (which is represented by an immense fiery whirlwind around the swelled to heaven super volcano full of a lake of fire) will have manifested. Great hailstones will be raining around the super volcano. These raining great hailstones represent the walls of new Jerusalem, which surrounds the high mountain of the super volcano full of a lake of fire. The great multitude will enter the intense light of new Jerusalem's ensign, which radiates from the swelled to heaven super volcano's immense 40-mile wide mouth full of a lake of fire before it overflows and spreads to cover the USA and world. During the time of the judgment, the third group of redeemed is standing in the outer court within new Jerusalem around the 24 elders, 4 beasts, and the father's great throne of intense light.

The number of the third group of redeemed is ten thousand times ten thousand ( $10,000 \times 10,000 = 100,000,000$ ) and thousands of thousands ( $1,000s \times 1,000s = 99,844,000$ ). The scroll of life reveals in Revelation 9:16 that there is a total of 200,000,000 (which is a rounded number) that is equated with all three groups of redeemed that will live in the new heaven and new Earth, which mirrors the amount of righteous people living in the real world. Therefore deducting 12,000 (which is a rounded number to the nearest

thousand) of the first group and 144,000 (which is also a rounded number to the nearest thousand) of the second group from 200,000,000, leaves 199,844,000 (which is a rounded number) of the third group of redeemed.

**Revelation 5:12 Saying with a LOUD VOICE** {loud voice of the many angels/messengers/third group of redeemed saying}, **WORTHY is the LAMB** {representing the visions and oracles written on the first small part} **that was SLAIN** {at the beginning of the sign of Jonah} **to receive POWER, and RICHES, and WISDOM, and STRENGTH, and HONOR, and GLORY, and BLESSING.**

A great multitude of righteous angels is shown standing within new Jerusalem around the throne of intense light. This great multitude of righteous angels (messengers) is in agreement with the new song they heard the 4 beasts and 24 elders sing in Revelation 5:9 during the judgment, just as the great multitude were in agreement with the new song (everlasting gospel) that they will have heard and accepted before the five months of erupting smoke and ash began. Then during the time of great tribulation when smoke and ash were erupting for five months, they journeyed quickly to the rising ensign within the fallen USA. Then after they entered new Jerusalem's ensign, the many angels (great multitude) said, during the judgment, that the Lamb (visions and oracles written on the first small part) is worthy to receive the power over latter day Babylon's nations, riches of latter day Babylon's fallen kingdom, wisdom of the two witnesses' written visions and oracles, strength to open the seven seals around the scroll of life, honor of all peoples, the glory of the nations, and the blessing of the redeemed.

**Revelation 5:13 And EVERY CREATURE** {representing the

rebellious people of all generations that had manifested at the beginning of the judgment to appear as ghosts outside new Jerusalem to view the things being revealed and happening during the judgment} ***which is in HEAVEN*** {being the area above the lifted-up to the sky super volcano full of a lake of lava}, ***and on the EARTH*** {rebellious people in the USA living just before the latter day living messenger's new Daily truth dawned from beneath the first seal}, ***and UNDER the EARTH*** {rebellious people that died/buried under the USA's land during all past generations before the latter day living messenger's new truth dawned from beneath the first seal}, ***and such as ARE*** {rebellious dead or rebellious living before the latter day living messenger's new truth dawned from beneath the first seal} ***in the SEA*** {representing the sea of combined nations of latter day Babylon's first reigning period}, ***and all that are in them, heard I SAYING*** {are saying when they are outside new Jerusalem as the many creatures during the judgment}, ***Blessing, and honour, and glory, and power, be unto HIM*** {visions and oracles of God the father/last small part} ***that sitteth upon the THRONE*** {the throne of intense light above the immense mouth of the lifted-up to heaven super volcano, full of a lake of fire}, ***and unto the LAMB*** {visions and oracles of the son of God/first small part} ***for ever and ever.***

At the end of the sign of Jonah, the righteous people and rebellious people that lived and died in each generation will resurrect to life and health to be living in the last generation. The righteous people will be proclaiming the everlasting gospel to save a great multitude from the plagues of hailstones and ejected coals of fire, anarchy, famine, and death, that will descend upon the world from the swelling to heaven super volcano. These plagues will only affect the rebellious people that rejected the everlasting gospel and were in agreement with their governments' agencies that rejected, persecuted, and killed those that proclaimed the everlasting gospel.

*Daniel 12:2* And many of them that sleep {being dead} in the dust of the earth shall AWAKE {latter day resurrection that happens at the end of the sign of Jonah}, SOME {the overcomers/apostles and disciples of each generation} to everlasting life, and SOME {that rejected, persecuted, and/or killed the apostles and disciples of each generation} to shame and everlasting contempt {according to a person's works, as revealed by the Lamb's written visions and oracles during the judgment}.

During the judgment, a multitude of rebellious people (being referred to as creatures) have appeared as ghosts to stand round about outside new Jerusalem. These rebellious people of all generations, nations, kindreds, tongues, and people had rejected, persecuted, and/or killed the prophets and the people (apostles and disciples) that believed and proclaimed the message of the living prophets. The rebellious people had appeared in the spirit (ghosts) at the beginning of the judgment to review (judge) the two witnesses' visions and oracles written on each scroll's and last scroll's (scroll of life's) first side. During the judgment, the visions and oracles written on the last small part (represented by the Rock/Abaddon/God the father) of the seventh part of the scroll of life's first side are being revealed by the visions and oracles written on the first small part (Lamb/son of God) of the seventh part of the scroll of life's other side.

The visions and oracles written on the first small part reveal what happened from the time the swelled to heaven super volcano's immense mouth was filled with a lake of fire, the redeemed entering the ensign of new Jerusalem, the new heaven and new Earth, and what happened during the initial 1,000 years of the judgment when all scrolls were opened consecutively to replay the first generation through the last generation and the judgment.

Whatever is being revealed during the judgment is being written

continually on the first small part and last small part. Also whatever is written on the first small part and last small part must be revealed. Therefore each time that each scroll's written visions and oracles are revealed from the visions and oracles written on the first small part to replay each generation from Genesis through the last generation, the visions and oracles of each scroll are being rewritten on the first small part and last small part. Accordingly, when the Lamb takes the seven-sealed scroll of life (last scroll) and is about to open it to reveal what happened in the last generation, the new heaven and new Earth, and what happened during the judgment, all the other scrolls had already been opened to replay what had happened in each past generation.

The Lamb took the rolled-up seven-sealed scroll of life from the right hand of the Rock/Abaddon (God the father). This is equated with the time when the last generation is about to be replayed. The Lamb is ready to open the rolled-up seven-sealed scroll of life, just as the latter day living messenger was about to reveal the dawning of new truth from beneath the first seal at the beginning of the last generation.

All the rebellious creatures in heaven will have been the ones that were living on the Earth (USA's land) and dead under the Earth (USA's land) just before the latter day messenger's message of light began to dawn from beneath the first seal. Also at that time, the rebellious creatures were living during the first reigning period of latter day Babylon's kingdom (kingdom/sea of combined nations/rivers).

The creatures (rebellious people) standing as spirits (ghosts) around new Jerusalem during the judgment hear the praises sung by the 4 beasts, 24 elders, and great multitude of righteous angels (messengers) concerning the Lamb. During the initial 1,000 years of the judgment, all these creatures first witnessed each scroll being

opened to replay each past generation from Genesis to the beginning of the last generation. Then at the end of the initial 1,000 years of the judgment, these creatures see the Lamb (Lamb/son of God the father) taking the last scroll (scroll of life) from the hand of the God the father ready to replay the last generation. When the Lamb took the last scroll, these creatures had at that time also agreed with the praises spoken by the 4 beasts, 24 elders, and many righteous angels concerning the risen Rock/Abaddon sitting on the throne and the manifested Lamb. Accordingly, the creatures outside new Jerusalem said that the risen Rock/Abaddon (God the father) sitting on the throne and the Lamb (son of God) are worthy to receive blessing, honor, glory, and power for ever and ever. During each replay of the Lamb taking the last scroll (scroll of life) to replay the last generation, the creatures are also shown each time saying the blessings that they originally said at the end of the initial 1,000 years of the judgment.

\*\*\*\*\*

***Revelation 5:14 And the FOUR BEASTS*** {representing the first group of redeemed} ***said, Amen. And the FOUR and TWENTY ELDERS*** {representing the second group of redeemed} ***FELL DOWN and WORSHIPPED HIM*** {risen Rock/Abaddon/God the father} ***that liveth for ever and ever.***

The four beasts say amen (meaning it is true/amen) to the praises which the creatures declared concerning the risen Rock/Abaddon (God the father) sitting on the throne and of the Lamb (son of God). When the 4 beasts said amen, the 24 elders fell down on bent knees and worshiped the risen Rock/Abaddon reigning over latter day Babylon's kingdom. God the father's visions and oracles live forever and ever. The reason is as God the father's visions and oracles are revealed by the Lamb (son of God) to replay all generations, new heaven and new Earth, and the time of the judgment, these revealed

visions and oracles are being rewritten on the first small part (Lamb/son of God) and last small part (Goat/God the father) to again be revealed and rewritten and so on. Accordingly, whatever is being written must thereafter be revealed by the written visions and oracles of the Lamb. Hence the God the father (last small part) and the lamb (God's son/first small part) live for ever and ever.

The 24 elders bowed down to educate the creatures what to do when they are in agreement with the praises that are sung to the Lamb and the risen Rock/Abaddon, sitting and reigning on the throne over latter day Babylon's kingdom. The Lamb (visions and oracles written on the first small part) took the rolled-up seven-sealed scroll of life during the judgment, ready to unseal its written visions and oracles to replay again what had already happened in the last generation. At that time during the judgment, the creatures standing outside round about new Jerusalem bowed down on bent knees while declaring that God's (Rock's/Abaddon's) judgment was just (as a straight line), true, and right (straight up and down).

The righteous people of all past generations overcame by believing a living messenger's message, resurrected in the last generation, proclaimed the everlasting gospel, and were saved from the plagues when they entered new Jerusalem's ensign. In contrast, the rebellious leaders and their nation's rebellious people (that were in agreement with their leaders that rejected, persecuted, punished, imprisoned, and most times killed the messenger's and many of their converts). These rebellious people will resurrect in the last generation to receive their just reward. In the last generation, the latter day living messenger's message warns of the super volcano in the USA. This super volcano will release plagues of hailstones and coals of fire, darkness caused by erupting smoke and ash, anarchy, famine, and then death by an overflowing and spreading lake of fire on the land. The people that believe the latter day messenger's message will be saved from these plagues and will enter the ensign to be within new

Jerusalem as overcomers of this world's many deceptions. The latter day rebellious people that reject the latter day messenger's message will end up in the lake of lava, that overflows and spreads from the lifted-up to heaven super volcano's immense 40-mile wide mouth in the USA to cover the world. These rebellious people will have been adversaries against the latter day living messenger's message and against those who believed and proclaimed the everlasting gospel.

Presently during the judgment, the visions and oracles written on the seventh plagued angel (last small part and first small part) are reigning over the lava covered dissolved kingdom of latter day Babylon, that later became covered by a sea of waters. at the same time, the rebellious people are standing as spirits (ghosts) outside new Jerusalem agreeing on bent knees (fulfilling Isaiah 45:23) that the Rock/Abaddon (God the father) and Lamb (son of God) are worthy of receiving praises of power, and riches, and wisdom, and strength, and honor, and glory, and blessing.

***Isaiah 45:23*** *I* {first and last, beginning and end, bright star and morning star} *have sworn by MYSELF* {being the visions and oracles written on the last small part that are also written on the first small part}, *the word is gone out of MY* {first and last, beginning and end, bright star and morning star} *mouth in righteousness, and shall not return* {unfulfilled}, *That unto ME* {first and last, beginning and end, bright star and morning star} *every knee shall bow, EVERY TONGUE SHALL SWEAR* {during the judgment, every tongue will say/swear with an oath while on bent knees that the revealed visions and oracles written on the first small part and last small part are just and true}.
