

Chapter 8

Revelation 8:1 And when HE {Lamb} had OPENED {removed with his seventh horn} the SEVENTH SEAL {from around the rolled-up scroll of life's seventh/Sabbath part}, there was SILENCE IN HEAVEN {on the high super volcano, above which the judgment is taking place} about the space of HALF AN HOUR {this is the first half hour of the hour of temptation during latter day Babylon's second reigning period as the seventh kingdom while in figurative Canaan}.

The Lamb removes the seventh seal/band, from around the rolled-up scroll of life, with his seventh horn. This exposes more of the writings on the rolled-up scroll of life's outside. He was then able to see, with his seventh eye, another little part (dawning) on the rolled-up scroll of life's seventh part. This little vision was previously hidden beneath the seventh band.

At the end of latter day Babylon's second reigning period, latter day Moses' message revived to life. The reason was he began to understand the dawning vision and oracle written on the first of seven angels with trumpets, that are written beneath the seventh seal. The dawning message was illustrated in Revelation, Chapter 7 by the angel ascending (dawning) from the eastern horizon as the dawning of the seventh evening, having the seventh seal

in his hand.

In Revelation 8:1, the Lamb removes the seventh seal (band), with his seventh horn, from around the outside of the rolled-up scroll of life. He can now see, with his seventh eye, what is written beneath the seventh seal and can unroll the scroll of life. When he began to reveal the first angel with trumpet to the kingdom of latter day Babylon as it was reigning during its second period, the first spiritual wilderness journey of 1260 days was beginning. These 1260 days ended 3½ days before latter day Babylon's second reigning period ended.

When the seventh seal was removed, there was half an hour of silence on the lifted-up to heaven (sky) super volcano's mouth overflowing with a lake of lava, above which the judgment is taking place. The half an hour of silence in heaven is equated with the time on Earth when latter day Babylon was reigning during its second reigning period, which is its first half an hour of its one hour reign in figurative Canaan (see Revelation 17:12). Latter day figurative Canaan (equated with the old Promised Land) is where the star will impact and open a super volcano. The latter day redeemed will reign over latter day figurative Canaan, just as the Israelites of old returned from their 40-year wilderness journey to reign over old Canaan.

Revelation 8:2 And I saw the SEVEN ANGELS

{representing seven visions written on the unrolled scroll of life's seventh part/seventh seal that warn of the opening of the super volcano by a burning star's impact} ***which STOOD BEFORE*** {as the seven lights of the golden candlestick in the temple's holy place before the new day of atonement} ***God*** {before the seventh plagued angel dwelling in the holiest place of the temple}; ***and to them were given SEVEN TRUMPETS*** {seven trumpets are equated with seven thunders/oracles that speak from the scroll of life's seventh/Sabbath part}.

All seven angels' visions and their seven trumpets are written on the seventh part (beneath the seventh seal) of the scroll of life. Before each of the seven angels with trumpets began to be revealed, six seals were consecutively removed from around the rolled-up scroll of life's outside to reveal the written messages of six small visions and oracles during latter day Babylon's first reigning period. During latter day Babylon's second reigning period, the messages of six small visions and oracles were again revealed but by six of seven angels with trumpets from the scroll of life's seventh part/seventh seal in Revelation 8:2.

During latter day Babylon's third reigning period, the six of seven lights and thunders of the seventh angel with

trumpet will have been revealed to ripen all the latter day saints that officiate in the temple's holy place (represented by the first group of redeemed) and inner court (represented by the second group of redeemed). An earthquake happens at the same time the super volcano temporarily erupts smoke and ash in the USA's land on the new day of Atonement to begin the 3½ days of the sign of Jonah. During these 3½ days, the sealing takes place for the latter day overcomers within the USA and other nations.

Revelation 8:3 And ANOTHER ANGEL {representing the message of the first plagued angel} ***came and STOOD at the ALTAR*** {representing the opening of the super volcano, as revealed by the ending of the seventh angel's sixth light and sixth thunder as the seventh light and thunder is beginning on the day when the super volcano temporarily erupts smoke and ash in the USA}, ***having a GOLDEN*** {gold represents the first witness' spiritual silvery moonlight/visions on the scroll of life's first side mixed with the last witness' spiritual coppery sunlight/visions on the scroll of life's last side} ***CENSER*** {the censer represents what the super volcano is ejecting into the atmosphere}; ***and there was given unto HIM*** {first plagued angel} ***MUCH INCENSE*** {this incense represents sweetness/pleasing}, ***that he should offer it with the PRAYERS*** {that pray for the coming of God's

kingdom} *of ALL SAINTS* {all priests/apostles and all elders/disciples of all generations} *upon the GOLDEN ALTAR* {representing the super volcano erupting, as witnessed by the first witness' spiritual silvery moonlight/visions mixed with the last witness' spiritual coppery sunlight/visions written at the end of the sixth light of the seventh angel and the beginning of the seventh light} *which was before the THRONE* {this throne represents the seventh plagued angel's great white throne above the lava erupting super volcano, which is equated with the Ark of the covenant}.

In Revelation 8:3 the angel is seen standing at the golden altar with a censor. This message is written on the ending of the sixth light of the seventh angel with trumpet and at the beginning of the first plagued angel. The two witnesses had witnessed the super volcano temporarily erupt smoke and ash in the USA, which happens at the end of the 2300-day period. From that time begins the 3½ days of the sign of Jonah. On the seventh light and seventh thunder of the seventh angel with trumpet is written the seven plagued angels.

The angel is seen offering much incense upon the golden altar, which creates a cloud having a sweet aroma in the temple on the new Day of Atonement. What this means is that the written vision and oracles that reveal the super volcano when it temporarily erupts smoke and ash is illustrated by an angel standing at the altar. The opening

of the super volcano is sweet to the saints of all generations because 3½ days later the resurrection happens. The arrival of God's kingdom at the resurrection is the answer to the prayers of all saints of all generations. These saints resurrect in the last generation to become the latter day living messenger's priests (12,000 apostles) and elders (144,000 disciples).

In a past type, the high priest on the old Day of Atonement filled his golden censor with hot coals from off the golden altar and placed sweet incense thereon to create a lot of smoke with a sweet (pleasing) aroma. This is equated with the time when the super volcano volcano ejects smoke and ash for a short time over part of the USA's land then ceases. However, 3½ days later the super volcano's immense 40-mile wide mouth continually erupts smoke and ash up to the time when a lake of fire fills the super volcano's mouth. This is likened to the past type when clouds of smoke issuing from the high priest's censor later shielded him when entering before God's presence of intense light and heat manifesting upon the Ark of the testament's mercy seat (see Leviticus 16:12,13). From the time smoke and ash temporarily erupt begins the 3½ days time of the sealing (spiritual marking) of latter day living saints, because they will know the temporary eruption of smoke and ash begins the sign of Jonah. At the end of 3½ days of the sign of Jonah, the super volcano will erupt smoke and ash continually for

five months, as each of the seven plagued angels torments the USA.

At the end of five months of smoke and ash when six plagued angels are fulfilled, the immense super volcano will swell up to the sky and explode coals of lava, that rain down upon the ruined USA. The massive explosion of coals of fire causes a great earthquake such as never happened ruining the USA. The time when raining coals of fire happens is equated with the high priest entering the most holy room (where the seventh plagued angel is then sitting upon the Ark of the covenant) and scattering the coals in his sensor around the floor of the Ark of the covenant. The great earthquake that happens below the lifted-up to heaven super volcano's mount is as the feet of the seventh plagued angel. This is illustrated in Zechariah 14:4 by the feet (great earthquake) of the seventh plagued angel standing on and cleaving the figurative mount of Olives, which is near the super volcano within new Jerusalem.

Zechariah 14:4 *And HIS {seventh plagued angel's} FEET {of a great earthquake such as never happened} shall stand in that day upon the MOUNT OF OLIVES {which in our day represents a mountain outside new Jerusalem in the ruined USA}, which is before JERUSALEM {referring to new Jerusalem in our day} on the east, and the mount of Olives shall cleave in the midst thereof toward the east and toward the west, and there shall be a very great*

valley; and half of the mountain shall remove toward the north, and half of it toward the south.

Revelation 8:4 And the SMOKE {equated with the smoke that issues from the super volcano on the new Day of Atonement} ***of the INCENSE*** {sweetness/pleasing aroma to the two witnesses}, ***which came with the PRAYERS*** {concerning the arrival of God's kingdom and the resurrection} ***of the SAINTS*** {representing four beasts/priests of the first group and elders of the second group of redeemed}, ***ascended up before God*** {seventh plagued angel reigning on the Ark of the Testament} ***out of the ANGEL'S*** {that represents the vision and oracle of what the super volcano is ejecting} ***hand.***

The sixth light of the seventh angel with trumpet is revealing what will have happened at the end of the 2300-day period. At that time, sweet incense is placed in the golden censor full of hot coals to create a lot of smoke having a sweet aroma, just as the arrival of God's kingdom at the super volcano's opening and the resurrection brings sweet happiness to the saints, which is the answer to the saints' prayers. As smoke issues from the golden censor, it is equated with the smoke that rises from the super volcano.

The overcomers of the first group and second group of

redeemed are referred to as saints, because they officiate as priests and elders in the temple on the sea of glass before the seventh plagued angel, who sits on the throne in the holy of holies 's, as written on the seventh light of the seventh angel with trumpet.

Revelation 8:6 And the SEVEN ANGELS {being seven parts of the scroll of life's seventh part. On which are written visions and oracles} ***which had the SEVEN TRUMPETS*** {representing the written oracles/thunders of the seven angels} ***prepared themselves to SOUND*** {from the seventh part/seventh seal of the scroll of life}.

The seven angels with trumpets in Revelation 8:6 represent visions and oracles that are written on the seventh part of the scroll of life. These visions are revealed by latter day Moses' message to warn the people living in the USA and other nations concerning the super volcano erupting smoke and ash and then lava in the USA's land.

The two witnesses (Michael and Gabriel) will have written their visions and oracles on six of seven angels with trumpets of what they will have seen (visions) and heard (oracles) happen in the world from the time the first reigning period of latter day Babylon ended through to the end of latter day Babylon's second reigning period. From

the end of latter day Babylon's second reigning period to the end of latter day Babylon's third/final reigning period , the two witnesses will have written on six of seven lights of the seventh angel with trumpet the things they saw and heard take place during that time.

Latter day Babylon's third reigning period is brought to an end when the star's impact in the USA causes the super volcano to continually erupt smoke and ash for five months. All things that happen in the world from the time the super volcano is opened and is erupting smoke and ash for five months are written by two witnesses on six plagued angels. These six plagued angels are written on the seventh light of the seventh angel with trumpet. From the time the super volcano's mouth is filling and overflowing with a lake of lava through the judgment, the two witnesses will write all the events they see and hear happening on the seventh plagued angel. The seventh plagued angel is written on the last/seventh small part of the seventh light of the seventh angel with trumpet. On this seventh light is written seven plagued angels.

Revelation 8:5 And the ANGEL {being the ending of the sixth light/vision of the seventh angel with trumpet that is here revealing the beginning of the seventh light of the seventh angel with trumpet} ***took the CENSER*** {representing the erupting super volcano as witnessed by

the two witnesses, as written on the seventh light of the seventh angel trumpet}, **and filled it with FIRE** {equated with magma exploding from the swelled to heaven/sky super volcano} **of the ALTAR** {the golden altar represents the super volcano as written on the ending of the seventh angel's sixth light that also reveals the beginning of the seventh light of the seventh angel}, **and cast it into the EARTH** {land of the USA}: **and there were VOICES** {voices/sound of great hailstones, equated with the seventh plagued angel's written fulfillment of visions/lightnings and oracles/thunders}, **and THUNDERINGS** {caused by the ejected coals of fire from the swelled to heaven exploded super volcano. The thunderings are equated with the written oracles of the seventh plagued angel}, **and LIGHTNINGS** {representing coals of fire erupting into and falling from the sky, equated with visions written on the seventh plagued angel}, **and an EARTHQUAKE** {that happened when the swelled to heaven super volcano exploded coals of lava into the sky}.

The vision in Revelation 8:5 is revealing what is written on the scroll of life's first side at the beginning of the first angel with trumpet, which mixes with what is written on the scroll of life's last side at the ending of the seventh angel with trumpet. The seven parts of the scroll's first side are as seven evenings, just as the seven parts of the scroll of life's last side are as seven daylights. The first

side and the last side of the scroll of life are the two witnesses. The beginning of the first angel with trumpet is mixing with the ending of the seventh angel with trumpet, just as the beginning of the seventh day's evening mixes with the ending of daylight during even. This even is the time of the seventh day's dusk, which is equated with the scroll of life's last small part. This last small part is represented by the seventh plagued angel. Accordingly the dawning of the first angel with trumpet (written on the seventh part of the scroll of life's first side) is revealing what is written at the setting of the seventh angel with trumpet (written on the seventh part of the scroll of life's last side). Therefore, Revelation 8:5 being the dawning of the first angel with trumpet is revealing what happens when the super volcano swelled up into the sky and exploded coals of fire that fall upon the USA's land covered in darkness. This is represented in Revelation 8:5 by the angel placing fire (lava) in his censer from off the altar and casting the coals of fire upon the Earth (land of the USA).

The intense heat from the lake of lava (overflowing from the immense mouth of the swelled to heaven super volcano) will create a huge whirlwind around the high mountain of the super volcano. Great hailstones are created that rain (voices) on the land. Thunderings will happen above and around the lava erupting super volcano's mount, as lightnings begin to strike above the

super volcano and immense whirlwind.

In Revelation 8:5, voices, thunderings and lightnings are written in reverse order to reveal that when the seventh plagued angel is revealing the dawning visions of the first angel with trumpet written on the scroll of life's first side, it is also revealing what is written at the ending of the seventh angel with trumpet written on the scroll of life's last side. Hence the reason why lightnings (equated with written visions), thunderings (equated with written oracles), and voices (equated with the interpretation of the lightnings and thunderings) are written as voices, thunderings, and lightnings. This is the reason why the seventh plagued angel is the alpha (first written letter) and omega (last written letter), the beginning (the beginning of what is written on the first angel with trumpet on the scroll of life's first side, and vice versa) and the end (the ending of what is written on the seventh angel with trumpet on the scroll of life's last side, and vice versa), the bright star (spiritual Sabbath moon's light at even equated with the first witness' visions written at the ending of the seventh part of the scroll of life's first side) and morning star (spiritual morning sun's light at even equated with the last witness' visions written at the ending of the seventh part of the scroll of life's last side), the father (equated with the evening moon/father at even, as the seventh evening is ending) and the son (equated with the morning sun/being the son that is born at even, as the seventh day's

sunlight is beginning).

Revelation 8:7 The FIRST ANGEL SOUNDED

{sounded its trumpet/warning from the beginning of the first spiritual wilderness journey of 1260 days during the second reigning period of latter day Babylon}, ***and there followed HAIL*** {great hailstones} ***and FIRE*** {coals of fire exploding from the swelled to heaven super volcano} ***mingled with BLOOD*** {blood refers to death}, ***and they were cast upon the EARTH*** {land of the USA}: ***and the THIRD PART*** {one part of three parts of a tree} ***of*** {each of the} ***TREES*** {representing states/spiritual trees} ***was BURNT UP*** {dead}, ***and ALL GREEN GRASS*** {referring to people that rejected the everlasting gospel when smoke and ash were issuing for five months from the super volcano} ***was BURNT UP*** {dead}.

The beginning of the first angel with trumpet written on the scroll of life's first side also warns of what is written at the ending of the seventh angel with trumpet written on the seventh part of the scroll of life's last side. This warning of the first angel with trumpet was proclaimed at the beginning of 1260 days of prophesying during latter day Babylon's second reigning period. The first angel with trumpet sounded to latter day Babylon with a great sound of thunder. This great sound of thunder represents the written oracles on the scroll of life that speak of how the swelled to heaven super volcano exploded coals of

magma with a great sound of thunder. Coals of fire will rain upon the destroyed USA

The first angel with trumpet also warns of great hailstones raining upon the USA's darkened land. An immense whirlwind manifests after the immense super volcano explodes with a deafening sound of thunder. This immense whirlwind of fire will spawn thousands of smaller whirlwinds (tornadoes) of fire, which travel throughout the destroyed USA.

Death (blood) comes to one of three parts of each tree by the great hailstones and coals of fire. These spiritual trees represent the states in the USA. One part of each state (each spiritual tree) will be killed by great hailstones and coals of fire, as whirlwinds travel throughout the land.

The green grass represents people in one part of each state that rejected the the final message of the everlasting gospel to flee the USA during five months of smoke and ash erupting from the super volcano. Accordingly, people that remained in one part of each state will be killed by great hailstones and coals of fire and thousands of whirlwinds of fire.

Habakkuk 3:11 *The SUN and MOON stood STILL* {in our day referring to the sun and moon being veiled with smoke and hot ash having erupted for five months from the super volcano in the USA} *in their HABITATION*

{sky}: *at the light of THINE* {seventh plagued angel's} *ARROWS* {of great hailstones and coals of fire} *they went, and at the SHINING of THY* {seventh plagued angel's} *GLITTERING SPEAR* {lightning}.

A person who truly believes the warning message of the first angel with trumpet during the second and/or third reigning periods of latter day Babylon will have overcome their old beliefs to be one of the 144,000 firstfruits of the wheat harvest on the day the super volcano erupts smoke and ash. The people that accept the everlasting gospel when smoke and ash are erupting for five months from the super volcano will be of the great multitude of the fruit harvest.

Revelation 8:8 And the SECOND ANGEL SOUNDED {sounded its trumpet/warning during the second reigning period of latter day Babylon when the first spiritual wilderness journey of 1260 days was happening}, ***and as it were a GREAT MOUNTAIN*** {swelled to heaven super volcano} ***BURNING with FIRE*** {overflowing and spreading lake of lava/fire} ***was CAST into the SEA*** {spiritual sea/kingdom of latter day Babylon}: ***and the THIRD PART*** {one of three parts} ***of the SEA*** {kingdom/sea of combined figurative rivers/nations} ***became BLOOD*** {dead};

The second angel with trumpet warns the number seven reigning kingdom named latter day Babylon of the same visions and oracles written beneath the second seal. During the 1260 days of the first spiritual wilderness journey, the second angel with trumpet sounded to latter day Babylon concerning a great mountain (swelled to heaven super volcano) burning with fire (overflowing and spreading lake of fire) being cast into the spiritual sea (spiritual sea representing the kingdom of latter day Babylon). From the time the swelled to heaven super volcano explodes coals of fire causing a great earthquake such as never happened, the rider and his white horse will then be covered in red blood during a terrible time of anarchy in all nations of latter day Babylon's kingdom. One part of latter day Babylon's kingdom (spiritual sea) will become dead by anarchy, as the spreading lake of lava throughout the world brings death by anarchy. The lake of fire overflows from the swelled to heaven super volcano's immense 40-mile wide mouth and spreads throughout the world .

Revelation 8:9 And the THIRD PART {one part} of the CREATURES {referring to rebellious people/creatures} which were in the SEA {of combined spiritual rivers/nations of latter day Babylon's kingdom}, and HAD LIFE, DIED {one part of each kingdom dies by anarchy}; and the THIRD PART {one part of three parts

of each ship} *of the SHIPS* {representing cities/towns of each nation} *were DESTROYED* {one part of each city/town of latter day Babylon's kingdom will have been destroyed by anarchy}.

One part of the spiritual creatures (representing rebellious people that remained in their nation having rejected the everlasting gospel to flee to the ensign when it first appears) will die during a terrible time of anarchy, which is brought to all nations by the spreading lake of fire. Also one part of each spiritual ship (spiritual ships represent cities and towns in each nation of latter day Babylon's kingdom) will have been killed by anarchy.

A person that truly believes the second angel's message of warning during the second and/or third reigning periods of latter day Babylon's reign will have overcome their old beliefs to be one of the 144,000 firstfruits of wheat. The overcomers will proclaim the everlasting gospel during the time when the super volcano is erupting smoke and ash for five months.

Revelation 8:10 And the THIRD ANGEL SOUNDED

{sounded its trumpet/warning during the second reigning period of latter day Babylon during the first spiritual wilderness journey of 1260 days}, *and there FELL* {as a flowing lake of fire} *a GREAT STAR* {representing the

super volcano that swelled to heaven and became a bright light/star when overflowing magma exploded and filled its forty-mile wide mouth with a lake of fire} *from HEAVEN* {sky}, *BURNING as it were a LAMP* {being the ensign}, *and it FELL* {flowed down from the swelled to heaven super volcano} *upon the THIRD PART* {one part} *of the RIVERS* {spiritual rivers representing nations of latter day Babylon's kingdom}, *and upon the FOUNTAINS* {spiritual fountains represent cities and towns of the nations} *of WATERS:*

The third angel with trumpet warns the number seven reigning kingdom named latter day Babylon of the same visions and oracles written beneath the third seal. During the 1260 days of the first wilderness period, the third angel with trumpet sounded to latter day Babylon concerning a great star burning like a lamp and falling on a third part of each river and upon a third part of each fountain.

The star represents the super volcano when it swelled to the sky and exploded coals of magma. Magma filled its immense mouth which caused the high super volcano to glow as a bright star. This star will have arisen to be the ensign to which a great multitude of overcomers will travel. The star will fall upon nations and cities as it flows down from the high and immense super volcano.

One part of each nation (represented by a spiritual river)

will be killed by famine. Also one part of each city/town (represented by a spiritual fountain) in each nation will be killed by a terrible time of famine as lava flows throughout each nation.

Numbers 24:17 *I shall see HIM {seventh plagued angel's vision of a bright light/star/ensign}, but not now: I shall behold him, but not nigh: there shall come a Star {brightness/star of the swelled to heaven super volcano's mouth overflowing with a lake of fire} out of Jacob {spiritual Jacob/USA according to the first witness' visions and oracles}, and a Sceptre {ruler/seventh plagued angel's visions} shall rise out of Israel {spiritual Israel/USA according to the last witness' visions and oracles}, and shall smite the corners of Moab, and destroy all the children of Sheth.*

Isaiah 18:3 *All ye inhabitants {that overcome having accepted the everlasting gospel} of the world, and dwellers on the earth, see ye, when HE {seventh plagued angel} lifteth up an ENSIGN {brightness of a star upon the swelled to heaven super volcano} on the mountains; and when he BLOWETH A TRUMPET {being the immense sound of the explosion of coals of magma from the swelled to heaven super volcano}, HEAR YE {and travel to enter the light of new Jerusalem's ensign in the destroyed USA}.*

Zephaniah 1:3 *I* {seventh plagued angel} *will CONSUME* {by an flowing and spreading lake of lava from the swelled to heaven super volcano} *man and beast; I will CONSUME* {by a spreading lake of fire throughout the world} *the fowls of the heaven, and the fishes of the sea, and the stumbling blocks with the wicked: and I will cut off MAN* {cut off humans that rejected the everlasting gospel and did not enter the ensign} *from off the land, saith the LORD.*

Revelation 8:11 *And the NAME of the STAR* {intense light emanating from the high super volcano} *is called WORMWOOD* {death/Abaddon}: *and the THIRD PART* {one part} *of the WATERS* {spiritual waters/capitals and towns} *became WORMWOOD* {blood/death}; *and many MEN* {nations} *DIED of the WATERS, because they were made BITTER* {death}.

The name of the star (being the intense white light upon the lifted-up to heaven super volcano) is wormwood, which refers to the angel of death whose name is Abaddon (see Revelation 9:11). The nations are referred to as figurative rivers that when combined create the spiritual sea (latter day Babylon's kingdom/figurative sea). One part of every river (every nation) will be made dead (wormwood), as the lake of fire spreads throughout the

world causing a terrible time of famine in the nations. These nations are referred to as men in Revelation 8:11. Accordingly, one part of each nation (referred to as men) will perish because of the terrible famine in their land, as allegorized by men drinking poisoned (dead/wormwood) waters.

A person that truly believes the third angel's message of warning during the second and/or third reigning periods of latter day Babylon will have overcome their old beliefs to be one of the 144,000 firstfruits of wheat.

Revelation 8:12 And the FOURTH ANGEL SOUNDED {sounded of its trumpet/warning during the first spiritual wilderness journey of 1260 days when latter day Babylon was ruling during its second reigning period}, ***and the THIRD PART*** {one part} ***of the SUN*** {representing the ruling capital in the USA} ***was SMITTEN*** {by great hailstones, coals of fire, whirlwinds of fire, and spreading lake of fire}, ***and the THIRD PART*** {one part} ***of the MOON*** {representing the ruling nation/USA/false prophet), ***and the THIRD PART*** {one part} ***of the STARS*** {representing the USA's cities and towns}; ***so as the THIRD PART of them was DARKENED*** {dead}, ***and the DAY*** {spiritual sunlight/visions for the world's future as prophesied by the false prophetess/USA' ruling capital} ***shone not for a THIRD PART*** {being killed by

great hailstones, coals of fire whirlwinds of fire, and spreading lake of lava in the destroyed USA} *of it, and the NIGHT* {spiritual moonlight/visions for the world's future as prophesied by the false prophet/USA} *likewise*.

The fourth angel with trumpet also incorporates the previous three angels with trumpets. This fourth angel with trumpet warned the number seven reigning kingdom named latter day Babylon of the same visions and oracles written beneath the fourth seal. During latter day Babylon's second reigning period, the fourth angel with trumpet sounded to latter day Babylon concerning one part of the spiritual sun and one part of the spiritual moon and one part of each of the spiritual stars being darkened. When one part is darkened it means it has died because of great hailstones, coals of fire, whirlwinds of fire, and spreading lake of lava in the destroyed USA.

The USA is the false prophet that promotes its ideals, which are likened to the light of the moon. The leadership in the capital (false prophetess) of the USA (false prophet) promotes the same ideals, which are likened to the sun's light. All the USA's states that reject latter day Moses' message are of the false moon (nation of the USA/false prophet). The rebellious cities and towns of the USA are as the stars (lights) of the false prophetess/false sun (ruling capital of the USA) and the false prophet/false moon (USA).

After five months of the super volcano erupting smoke and ash, the super volcano will swell high-up into the sky and explode coals of fire. The explosion causes a massive earthquake such as never happened. As magma fills the immense mouth of the super volcano, a great whirlwind will manifest around the high mountain of the super volcano. Great hailstones and coals of fire will rain upon the USA, as the immense whirlwind of fire spawns thousands of tornadoes of fire. One part of the USA's ruling capital and one part of each state will be killed by great hailstones, coals of fire, fiery whirlwinds, and the spreading lake of lava,. This is allegorized by one part of the spiritual sunlight (ruling capital of the USA) and one part of the spiritual moonlight (nation/USA) being darkened.

The USA's states are of the false moon (USA's nation/false prophet), while the USA's cities and towns are as stars. Accordingly, one part of the USA's ruling capital and one part of every state and one part of every city/town will be killed by great hailstones, coals of fire (rider with bow and arrows riding upon the white horse), fiery whirlwinds (chariots), and spreading lake of lava.

A second part of the USA's ruling capital and a second part of every state and a second part of every city/town will be killed by anarchy (rider with a great sword riding the blood covered white horse).

A third part of the USA's ruling capital and a third part of every state and a third part of each city/town will be killed with famine (rider with scales on the blackened white horse).

These are the three ways that the USA's ruling capital and three ways of every state and three ways of each city/town of the USA will be killed.

Deuteronomy 32:4 He {seventh plagued angel} is the Rock {lifted-up mountain/rock/super volcano overflowing with a lake of fire}, his work is perfect: for all his ways are judgment: a God of truth and without iniquity, just and right is he.

A person that truly believes the fourth angel's message of warning during the second and/or third reigning periods of latter day Babylon's reign will have overcome their old beliefs to be one of the 144,000 firstfruits of wheat. The overcomers will proclaim the everlasting gospel during the time when the super volcano is erupting smoke and ash for five months.

*Revelation 8:13 And I {Apostle John} **BEHELD** {vision}, and **HEARD** {oracle} *an ANGEL* {representing the vision at the ending of the fourth angel} **FLYING** {moving as a moon across the figurative seventh evening's sky at the end of the fourth of seven angels. The*

seventh evening is divided into seven parts/seven angels} ***through the MIDST*** {the spiritual moon is flying high through the middle of the seventh evening} ***OF HEAVEN*** {through the midst of heaven refers to through the middle of the seventh evening's sky, which is equated with through the middle part of the scroll of life's seventh part/seventh seal when the fourth angel with trumpet is finishing being revealed}, ***saying with a LOUD VOICE*** {loud voice of thunder at the ending of the fourth angel's trumpet that is revealing the beginning of the fifth angel with trumpet}, ***Woe, woe, woe, to the inhabitants of the earth by reason of the other VOICES*** {as revealed from the scroll of life's seventh part/seventh seal} ***of the TRUMPET*** {warnings} ***of THREE ANGELS*** {being the fifth angel with trumpet, sixth angel with trumpet, and seventh angel with trumpet}, ***which are yet to sound!***

The scroll of life's seventh part/seventh seal is divided into seven equal parts (hence the seven angels with trumpets), just as a Sabbath's evening can be divided into seven equal parts. On each of these seven parts is written the vision and oracle of an angel with trumpet. Therefore, the fourth angel with trumpet represents the middle of the seventh figurative evening, which is equated with the middle of the seventh part/seventh seal on the scroll of life's first side. Accordingly, Revelation 8:13 is revealing the time after the figurative moon had dawned from the easterly horizon at the beginning of the seventh evening

(equated with the scroll of life's seventh part/seventh seal) and flew high up across the sky through the first angel with trumpet, through the second angel with trumpet, through the third angel with trumpet, through the fourth angel with trumpet, and is at the ending of the fourth angel with trumpet when it said woe, woe, woe concerning the remaining three angels with trumpets.

As the bright star/moon moves across the night sky through each of seven parts of the seventh evening, it is equated with Michael writing on each of seven angels with trumpet on the first side of the scroll of life's seventh part/seventh seal what he saw (visions) and heard (oracles) happening in the world during the evening. Whereas Gabriel writes on each of seven angels with trumpet on the seventh part of the scroll of life's last side what Gabriel saw and heard happening in the world during daylight.

As the bright star/moon moves through each of the seven parts of the seventh evening, the morning star/sun is moving through each of the seven parts of the seventh day's daylight. This means when the bright star/moon is at the ending of the seventh evening when the morning star/sun is dawning (at even), the morning star is at the ending of the seventh day's daylight when the evening is beginning at dusk (at even).
