

Chapter 9

Revelation 9:1 And the FIFTH ANGEL SOUNDED

{sounded its trumpet/warning during the first spiritual wilderness journey of 1260 days when latter day Babylon was reigning during its second of three reigning periods}, *and I saw a STAR* {representing the Rock's /Abaddon's massive eruption of fire} ***FALL*** {as coals of fire} ***from HEAVEN*** {sky} ***unto the earth*** {land}: ***and to HIM*** {massive eruption} ***was given the KEY*** {referring to the great earthquake/spiritual key} ***of the BOTTOMLESS PIT*** {being the mouth of the super volcano}.

The fifth angel with trumpet warns the number seven reigning kingdom named latter day Babylon of the same visions and oracles written beneath the fifth seal. During latter day Babylon's second reigning period, the fifth angel with trumpet sounded its warning trumpet concerning the super volcano's massive flash (like a star) of the fiery explosion, as coals of fire fall from the sky. The massive explosion creates a great earthquake, which opens the bottomless pit. This great earthquake is the explosion's key that it was given to open the bottomless pit, just as it was opened in the previous replay. This bottomless pit refers to the super volcano in the USA.

The star (super volcano's explosion of fire) has a scriptural name of Death (Abaddon). The great earthquake, which

the super volcano's explosion creates in the USA, will cause the super volcano's immense mouth to remain continually open, as it erupts smoke and ash for five months. Accordingly, this star (super volcano's fiery explosion) is given the key – referring to the great earthquake – to open the bottomless pit (super volcano) of hellfire (magma).

When the star's eruption opens with its key an immense super volcanic crater to the bottomless pit in the USA, it marks the time of the resurrection for the martyrs that proclaimed the everlasting gospel. At this resurrection, the three groups of redeemed will begin traveling to the rising ensign.

The fifth angel with trumpet correlates with the message beneath the fifth seal in Revelation 6:9-11. On the day the super volcano explodes in the USA and erupts smoke and ash continually, the resurrection happens for the martyrs that were waiting beneath the altar for the Rock/Abaddon to begin judging and avenging his servants, that were proclaiming the everlasting gospel.

The star (rider on the white horse) explodes into heaven as a flash of light and fire, which descend as coals of fire upon the land. The great earthquake (key), that the explosion creates, causes smoke and ash to continually erupt for five months. From that time, the sun, moon, and stars of the USA's sky will begin being covered by the

spreading smoke and ash erupting from the opened super volcano.

Revelation 9:2 *And HE* {massive explosion of the super volcano} **OPENED** {with its key/great earthquake} **the BOTTOMLESS PIT** {super volcano's immense 40-mile wide mouth}; *and there arose a SMOKE out of the PIT* {opened mouth of the land/Earth}, *as the smoke of a great furnace; and the SUN* {over the USA} *and the AIR were DARKENED* {after a certain amount of time, there will be complete darkness covering the USA and surrounding nations} **by reason of the SMOKE OF THE PIT** {that erupted from the opened super volcano/bottomless pit}.

The great star that erupts as an explosion from the top of the super volcano in the USA causes a massive earthquake. This great earthquake is the key that opens the bottomless pit (super volcano's immense mouth). Smoke and ash continually erupt into the atmosphere, which causes the sun's light and atmosphere over the USA to become veiled.

Revelation 9:3 *And there came out of the SMOKE* {that covered the USA's sun, moon, and stars} **LOCUSTS** {that represent a time of hunger} **upon the EARTH** {land of the

USA}: *and unto them was given POWER* {to sting with anarchy and hunger pains}, *as the scorpions of the earth have power.*

Some time after smoke with hot ash continually erupted from the super volcano in the USA, darkness will have spread to cover the land. From the time darkness is covering the USA's land, anarchy will be tormenting all states of the USA, which is equated with the rider that was given a great sword as he rode the blood-covered white horse. At the same time, darkness covering the land will cause agriculture to fail, just as locusts spread from one place to another to consume agriculture, which is equated with the rider holding scales on his blackened blood-covered white horse. In that time, the states of the USA will be tormented by the anarchy and famine throughout the land. The torment of anarchy and famine is likened to a scorpion's sting.

Revelation 9:4 And it was commanded THEM {locusts, that are equated with famine} *that they should not hurt the GRASS* {representing the third group/great multitude of redeemed} *of the earth, neither any GREEN THING* {representing the second group/144,000/24 elders of redeemed}, *neither any TREE* {representing the first group/four priests of redeemed}; *but only those MEN* {representing nations} *which have NOT* {had not placed}

the SEAL {written visions and oracles beneath the seventh seal as revealed by the everlasting gospel} *of GOD* {the Rock/Abaddon} *in their FOREHEADS* {front of their minds}.

When darkness is covering the USA and surrounding nations, the plague of anarchy and hunger will be hurting the USA and surrounding nations (nations are referred to as men). From that time, the super volcano will be swelling to heaven as the Rock/Abaddon is rising from the bottomless pit. At that time, the third group (great multitude/grass of Revelation 9:4), second group (equated with green things), and the first group (equated with the trees of Revelation 9:4) of redeemed will have placed the mark of God (rising Rock/Abaddon) upon the front of their minds when the super volcano is rising to heaven from bottomless pit of hellfire (magma).]

The people of the first group and second group of redeemed will have proclaimed the everlasting gospel to all nations before smoke and ash begin erupting from the super volcano. From the time of the super volcano's massive explosion, all the redeemed will begin traveling to the rising ensign of the swelling to heaven super volcano. On the day of the massive explosion, all overcomers will then place on the front of their minds (foreheads) the seal of God (Rock/Abaddon), as they travel to the mount (swelling super volcano/new Zion) of God (rising Rock/Abaddon) without having the plagues of

anarchy or hunger fulfilled upon them. Thereafter, they will enter new Jerusalem's ensign to not be hurt by the plagues that happen when the lake of fire is overflowing and spreading through the USA and world.

Revelation 9:5 And to THEM {spiritual winged horses with lions' heads and teeth, having faces of locusts with tails of scorpions, equated with anarchy and famine caused by thick darkness covering the USA} ***it was given that they should NOT KILL THEM*** {states of the USA and surrounding nations}, ***but that they should be tormented*** {with anarchy and hunger pains} ***FIVE MONTHS*** {five months/new moons, that begin from the time the super volcano explodes with a flash of light and fire, as coals of fire rain upon the land}: ***and their TORTURE*** {of anarchy and hunger pains} ***was as the torment of a scorpion, when he striketh a man.***

From the time the Rock/Abaddon begins to rise from the swelling super volcano from the bottomless pit (as darkness is covering the USA), all states of the USA and surrounding nations will experience the torments of anarchy and starvation. These torments are likened to a scorpion's sting in Revelation 9:5. In that time of the five months of torment, the overcomers that were martyred for proclaiming the everlasting gospel will rise to life and health to place the seal of God (rising Rock/Abaddon) on

the front of their minds. Then they begin journeying to the rising ensign with all the redeemed (re-saved in the present replay just as they were saved in the first timeline and previous replays).

Revelation 9:6 And in THOSE DAYS {by the end of the five months of torments of anarchy and famine} ***shall MEN*** {the USA and surrounding nations} ***SEEK DEATH, and shall not find it; and shall DESIRE TO DIE*** {desire to not survive as a nation}, ***and DEATH shall flee from THEM.***

During the five months when the Rock/Abaddon (super volcano) is rising from the bottomless pit while darkness is covering the USA's land, the USA and surrounding nations will be languishing in misery, as they continue to endure the torments of anarchy and famine. The USA and surrounding nations (being referred to as men) will rather die and no longer exist as a nation, than having to endure the torment of anarchy and famine in their land.

Prior to the time when the USA was covered in darkness, the rebellious people in the USA chose to reject the everlasting gospel and, instead, persecuted and killed those that proclaimed the everlasting gospel. These rebellious people remained in their land being convinced by their leaders, scientists, volcanologists that the super

volcano would not explode and erupt smoke and ash, followed by lava. However when after some time passes and the super volcano in the USA explodes with a massive earthquake, the rebellious people that rejected the everlasting gospel will be trapped in the USA, as the erupting smoke and ash darkens the land over the USA and surrounding nations. From that time, the USA and surrounding nations will be barely surviving as a nation during darkness, anarchy, and famine, as their population continually diminishes during the tormenting plagues of anarchy and hunger.

Revelation 9:7 And the SHAPES {bodies} of the LOCUSTS {representing hunger, just as locusts devour agriculture} were like unto HORSES {black horses represent the air/wind that has been blackened by the smoke and ash covering the sky over the USA, which cover in darkness the time of anarchy carried by the blood-covered white horse} prepared unto BATTLE {against latter day Babylon's kingdom}; and on their heads were as it were CROWNS {since these spiritual horses, equated with the redeemed, will be living to reign over the ruling nation/USA of latter day Babylon's kingdom} like GOLD {their reign is according to the first witness'/spiritual moon's silver light/visions written at the ending of the figurative seventh evening mixing with the last witness'/spiritual sun's coppery light/visions written

at the seventh day's figurative morning sun at dawn to create the gold crowns}, *and their faces were as the faces of MEN* {being the face of a locust, correlating them with the beast whose face was like a human/locust}.

Erupting hot ash with thick black smoke from an immense open super volcano rides upon the air. The air is likened to spiritual swarms of winged horses with heads and teeth of lions and having faces of locusts with tails of scorpions. In Revelation 9:7, they are as war horses ready for battle with latter day Babylon. The reason why they are referred to as horses is so the correlation can be made between them and the three groups of redeemed. These horses symbolize all the redeemed that resurrect whether literally or spiritually in the last generation to be written as a believer on the scroll of life. The army of resurrecting smoke with hot ash personify all overcomers.

The plague of anarchy (caused by the darkness created by erupting smoke and hot ash covering the sky over the USA) correlates with a beast that has the head and face of a lion upon a four-winged beast and six-winged beast in the judgment. As a lion stealthily stalks, hides, and waits before pouncing on his prey, so darkness will conceal people who prey on others during a time of anarchy. The plague of famine (caused by darkness created by the erupting smoke and hot ash covering the sky over the USA) correlates with a beast that has a human-like/locust face upon a four-winged beast and six-winged beast in the

judgment. The locust that has a face that is similar to a human face illustrates how thick darkness will come down and destroy agriculture, just as swarms of locusts descend and devour vegetation.

The gold crowns reveal that the visions and oracles written on the scroll of life's first side are being revealed by the bright star's (moon's/first witness'/God the father's) silvery-blue visions and oracles written on the last small part and by the morning star's (morning sun's/last witness'/son of God's) coppery-red visions and oracles written on the first small part. All the things being replayed by the visions and oracles written on the last small part are also revealed by the same visions and oracles written on the first small part. Accordingly, anarchy and hunger will rule over the fallen kingdom of latter day Babylon as revealed by the spiritual bright moon's (first witness') silvery light (written visions) and spiritual morning sun's (last witness') coppery light (written visions), just as the martyrs that proclaimed the everlasting gospel resurrect to reign at the rising of the Rock/Abaddon over the fallen kingdom of latter day Babylon.

Some time after the initial 1,000 years of the judgment, all visions and oracles being revealed during that time of the judgment (to replay the things that happened in each generation) are, thereafter, being revealed from the last small part (equated with the ending of the seventh

evening) of the seventh part (equated with the seventh evening) of the scroll of life's first side (equated with seven evenings). This last small part mixes with the first small part (equated with the time of the seventh day's morning sun at dawn) of the seventh part (equated with the seventh day's sunlight) of the scroll of life's other side (equated with seven days of sunlight). The visions (equated with spiritual silvery moonlight at the ending of the seventh evening) written on the last small part by the first witness (God the father) mix with visions (equated with spiritual coppery morning sun's light at the seventh day's dawn) written on the first small part by the last witness (son of God) to create the spiritual gold of the golden crowns, just as the moon's light at the ending of an evening mixes with the morning sun's light at dawn.

Revelation 9:8 And THEY {winged bodies of horses with heads and teeth of lions with faces of locusts} ***had HAIR*** {of a lion} ***as the HAIR of WOMEN*** {equated with the bride/new Jerusalem of the Lamb}, ***and their teeth were as the TEETH of LIONS*** {symbolizing that these spiritual locusts will be tormenting with famine at the same time anarchy is taking place, hence the lions head and teeth with the face of a locust}.

The horses have hair like women to equate them with the bride (new Jerusalem that represents the three groups of

redeemed) of the Lamb (son of God). The plague of anarchy is likened to a lion's head and face. Whereas the plague of famine is likened to a locust's face. When these winged bodies of horses with heads and teeth of lions and faces of locusts issue from the opened bottomless pit, they represent the time when the tormenting plagues of anarchy and famine are happening in the USA.

The head of a lion with lion's teeth is synonymous with the red horse whose rider had a great sword of anarchy. The face of a locust is synonymous with the black horse whose rider held a pair of balances of famine in Revelation chapter 6. According to the first witness' visions and oracles written on the last small part (equated with the seventh plagues angel) of what Michael (God the father) saw and heard happening, the wind that carries the darkness of smoke and ash is equated with four-winged cherubs. These cherubs have four wings, body of a horse, head and teeth of a lion with a face of a locust. According to the last witness' visions and oracles written on the first small part (equated with the same seventh plagues angel) of what Gabriel saw and heard happening, the wind that carries the smoke and hot ash is equated with six-winged seraphs. These seraphs have six wings, body of a horse, head and teeth of a lion with a face of a locust.

Revelation 9:9 And THEY {figurative winged bodies of

horses with lions' heads and teeth having faces of locusts} ***had BREASTPLATES, as it were BREASTPLATES of IRON*** {referring to the invincible and unstoppable smoke with ash}; ***and the sound of their WINGS*** {referring to the erupting sound of air carrying the blackness of smoke with hot ash} ***was as the sound of chariots of MANY HORSES*** {representing all three groups of redeemed} ***running to BATTLE*** {the battle of Armageddon against the latter day Babylon).

The figurative sound of the wings of these spiritual locusts – which sound like chariots of war – refers to the rushing sound of ejecting smoke with hot ash from the super volcano in the USA.

In Revelation 9:9 it states that the horses have breastplates of iron. These breastplates illustrate that the smoke with hot ash is invincible, as it wars with the states of the USA. The super volcano's massive explosion causes the fifth angel's woe of smoke and ash to erupt from the opened super volcano, which lasts five months (as stated in Revelation 9:10). At that time when smoke and ash are erupting from the mouth of an immense super volcano in the USA, states and cities will be progressively plagued by anarchy and famine. For five months, the USA's states will be warring with anarchy and famine.

Revelation 9:10 And **THEY** {winged horses with heads and teeth of lions with faces of locusts} **had TAILS like unto SCORPIONS, and there were STINGS** {symbolizing the effects of anarchy and hunger pains} **in their TAILS: and their POWER was to HURT** {with anarchy and hunger} **MEN** {figurative men/tribes/states of the USA and surrounding nations} **FIVE MONTHS** {five months of erupting smoke and hot ash}.

The tails of these spiritual locusts represent the effect the smoke and hot ash has on the USA and surrounding nations (that are referred to as men). The erupting smoke with hot ash for five months causes darkness to spread over the USA's land and surrounding nations. During these five months, plant life and the economy will drop. Anarchy and famine will progress in every state of the USA and surrounding nations. By the end of five months of smoke and ash, all the USA's states and surrounding nations (referred to as men) will be feeling the terrible sting of anarchy and hunger pains, which is likened to the torment caused by the sting of a scorpion.

Revelation 9:11 And **THEY** {winged horses with heads and teeth of a lion with faces of locusts and tails of a scorpion} **had a KING** {referring to the Rock/Michael} **over THEM** {spiritual locusts/smoke with hot ash}, **which is the ANGEL** {angel/star that exploded into the

sky from the super volcano and descended from heaven} ***of the BOTTOMLESS PIT*** {being the immense mouth of the massive super volcano erupting in the USA}, ***whose name in the Hebrew tongue is ABADDON*** {destroyer/super volcano}, ***but in the Greek tongue hath his name Apollyon*** {destroyer/super volcano}.

Ruling over the initial plague of smoke with hot ash will be the super volcano (Abaddon). According to the original Hebrew language (tongue) of which the Book of Revelation was written by the Apostle John, the name of the Rock (super volcano) is Abaddon (destroyer that rises from the bottomless pit of hellfire/magma). When the original Hebrew manuscript was translated into Greek, the super volcano's name of Abaddon (Hebrew word) became Apollyon (an ancient Greek word, meaning destroyer).

The Rock/Abaddon (super volcano) has already become the king of kings and lord of lords, which is to happen again in the present replay when the five months of smoke and ash are fulfilled. The Rock/Abaddon will again rise to sit and reign upon the swelled to heaven bottomless pit (super volcano) from within the destroyed USA to rule again over the kingdom of latter day Babylon. The fiery explosion (like a star) of the Rock/Abaddon (king/super volcano) into the sky will descend as coals of fire from heaven, as the massive explosion-causing earthquake release again (during the present replay of the last generation) its army of smoke with hot ash to battle with

the ruling nation (USA) of the latter day Babylonian beast (kingdom), as a king of old would command his army to battle. The Rock's/Abaddon's army of smoke with hot ash (spiritual lions' heads and locusts) erupting from the opened bottomless pit will wound the states of the USA and surrounding nations during the initial five months of torment, just as it happened in the previous replay.

Revelation 9:12 ONE WOE is past; and, behold, there come TWO WOES {warnings of the sixth angel with trumpet and seventh angel with trumpet} ***MORE hereafter.***

The two remaining woes pertain to the visions and oracles written on the sixth angel with trumpet and seventh angel with trumpet, but are being revealed from the visions and oracles written on the first small part and last small part. The first witness (God the father) wrote the visions and oracles on all seven parts of the scroll of life's first side of things he witnessed happening in the last generation. At the time when the seventh plagued angel began being fulfilled, the last witness (equated with the visions and oracles written on the first small part/Lamb/son of God) copied the visions and oracles of God the father. In the present replay of the last generation, the two witnesses' written visions and oracles warn the USA's states and surrounding nations of the woes before they are literally

fulfilled.

Revelation 9:13 And the SIXTH ANGEL SOUNDED

{sounded its trumpet/warning during the first spiritual wilderness journey of 1260 days when latter day Babylon was reigning during its second of three reigning periods} ***I heard a VOICE*** {representing an oracle written on the sixth angel with trumpet} ***from the FOUR HORNS*** {one pair of these four horns is of the right hand cherub, that represents the first witness' visions and oracles written on the sixth angel with trumpet but revealed from the visions and oracles written on the last small part and first small part. The other pair of horns are of the left hand cherub, that represents the last witness' visions and oracles of what he wrote on the first small part} ***of the GOLDEN ALTAR*** {representing the two witnesses'/two cherubs each having two horns of the four-horned golden altar} ***which is before God*** {God is the first and with the last, Hence the two cherubs on the mercy seat of the golden Ark of the testament in the temple's holy of hollies},

On the sixth angel with trumpet are also written all the visions and oracles of the previous five angels with trumpets. During the first spiritual wilderness journey of 1260 days (when latter day Babylon was reigning during its second of three reigning periods), the sixth angel with trumpet sounded to warn the number seven reigning

kingdom named latter day Babylon of its written visions and oracles, that repeat the warnings written beneath the scroll of life's sixth seal. During latter day Babylon's second reigning period, the sixth angel with trumpet sounded to latter day Babylon concerning the super volcano's massive explosion, that falls from heaven to earth and is given a key (great earthquake) to open the bottomless pit (super volcano in the USA).

The sixth angel with trumpet warns of the same warnings that are written beneath the scroll of life's initial six of seven seals. These warnings are fulfilled by the first plagued angel through to the ending of the sixth plagued angel. It states in Revelation 9:3 that when the sixth angel with trumpet sounded, a voice was heard from the golden altar of incense. The voice is of the high priest's (first witness') written visions and oracles. The voice represents a massive sound of thunder when the super volcano explodes into the sky at the beginning of the first plagued angel.

Revelation 9:14 Saying to the SIXTH ANGEL which had the TRUMPET, Loose the FOUR ANGELS {four angels being the visions of the four riders on a white horse that became red with blood and then blackened by thick smoke, which mixed together created the pale-colored horse. The four riders, Abaddon, are equated with the four

kings of old Persia that ruled over old Babylon} **which are BOUND** {hence bound/dead} **in the GREAT RIVER EUPHRATES** {this old river that ran through old Babylon symbolizes the latter day ruling nation – USA – of latter day Babylon's kingdom}.

When the super volcano explodes in the USA (the USA is spiritually referred to as the river Euphrates), then the four angels' (four riders') visions on the white horse that became blood-covered and blackened by thick smoke, which mixed together created the pale-colored horse will have resurrected to life to be fulfilled after lying dead (hence the written visions of the two witnesses are totally rejected) in the USA.

The visions and oracles of four angels (four riders) represent what the first witness (Michael/bright star) saw and heard (as written on the last small part of the seventh part of the scroll of life's first side) and what the last witness (Lamb/Gabriel/morning star) saw and heard, as written on the first small part of the seventh part of the scroll of life's other side.

In a past type, four kings of Persia with the kings of Media ruled over the kingdom of old Babylon. In our day, when the four angels' (four riders') visions are fulfilled on latter day Babylon's kingdom according to the first witness' (Michael's) predictions written on the scroll of life's first side, these four angels (four riders) are equated with the

four kings of Persia that ruled over the kingdom of old Babylon. When these four angels (four riders) are fulfilled on latter day Babylon's kingdom according to the last witness' (Gabriel's) visions and oracles written on the last small part, they are likened to the kings of old Media that ruled over old Babylon's kingdom.

Revelation 9:15 And the FOUR ANGELS {being the visions of the four kings/four horsemen} ***were*** {when the first plagued angel began being fulfilled} ***LOOSED*** {from the explosion of the bottomless pit}, ***which were prepared for an HOUR*** {end of latter day Babylon's one hour reign}, ***and a DAY*** {the day of the Lord's/Abaddon's rising to avenge his saints that proclaimed the everlasting gospel}, ***and a MONTH*** {first of the five months of erupting smoke and ash}, ***and a YEAR*** {year of the redeemed}, ***for*** {each rider of the four riders/four angels} ***to SLAY the THIRD PART*** {three thirds of each state are slain by the fourth angel - being the fourth rider on pale horse – because it is a mixture of the three riders/three angels and three horses/three winds of white, red, and black colors, which are fulfilled on three parts of each state of the USA and surrounding nations} ***of MEN*** {figurative men/nations}.

The sixth angel with trumpet reveals that the first of four angels (visions), that are mentioned in Revelation 9:15, is

equated with the rider with bow on his white horse in Revelation chapter 6. This rider (first angel) on his white horse (massive flash of the eruption with a huge sound of thunder) symbolizes the super volcano's explosion of fire into the sky (like a rising star/eagle) causes a great sound of thunder (voice of the spiritual eagle/bird), as the massive explosion of fire descends (like an arrow) upon the land with a massive earthquake to open the super volcano in the USA.

Latter day Babylon's final two reigning periods (in the figurative land of latter day Canaan) as the number seven kingdom and number eight kingdom are each figuratively half an hour long. When latter day Babylon's final (second) half-hour reigning period ends, its "one hour" reign in the figurative land of Canaan will have expired (see Revelation 17:12). At that time, the super volcano's explosion into the sky of the USA descends as an earthquake to open the bottomless pit (super volcano), as smoke and ash begin erupting for five months.

Accordingly, the super volcano's explosion – represented by the first (first rider of Revelation 6:2) of four angels – was prepared for this "hour."

The second of four angels (four riders) in Revelation 9:15 refers to the rider who is holding a big sword while riding his white blood-covered horse in Revelation chapter 6. This rider (second angel) on his white blood-covered (red) horse symbolizes a huge sword of anarchy that torments

the USA. On that “day” when Abaddon begins rising to avenge the blood of his saints (that proclaimed the everlasting gospel), the people in the USA will begin being slain with the sword of anarchy, which spreads to the surrounding nations. Hence, the second angel (second rider of Revelation 6:4), that brings the sword of anarchy, was prepared for this “day.”

The third of four angels (four riders) in Revelation 9:15 refers to the rider who is holding scales, as he rides his bright-white blood-covered smoke-blackened horse in Revelation chapter 6. This rider (third angel) on the smoke-blackened horse represents darkness (caused by the smoke and hot ash erupting for five months from the opened bottomless pit), which brings the tormenting plague of famine to the land. Hence, the third angel (third rider of Revelation 6:5), that brings famine, was prepared from the beginning of the first “month” of these five months

The fourth angel in Revelation 9:15 refers to the rider named death (Abaddon/destroyer), who rides his pale horse in Revelation chapter 6. This rider (fourth angel) on his pale horse represents all three riders (three angels) on their white, red, and black horses at the ending of the sixth plagued when the seventh plagued angel is beginning at the end of five months of smoke and ash. At that time when the sixth plagued angel is ending, the Rock/Abaddon (super volcano) will have swelled to

heaven, as the immense 40-mile wide mouth of the swelled to heaven super volcano is full of a lake of fire. The immense lake of fire radiates intense heat and light (ensign) high above and around the Rock, as a huge whirlwind (new Jerusalem) of fire manifests around the Rock (Abaddon/new Zion/swelled to heaven super volcano). At that time when the fourth rider (fourth angel) is being fulfilled, great hailstones (equated with the arrows of the rider on his white horse) will be raining from around the top of the swelled to heaven super volcano, while anarchy (rider on his red horse) and famine (rider on his black horse) are continuing.

As an hour, day, and month are all in the same year, so the visions and oracles of the first angel/rider (prepared for an hour), second angel/rider (prepared for a day), and third angel/rider (prepared for a month) are all written on the fourth angel/rider (prepared for a year).

Revelation 9:16 And the NUMBER of the ARMY of the HORSEMEN {being the riders of the horses/three groups of redeemed} ***were TWO HUNDRED THOUSAND THOUSAND*** {200,000,000 rounded number}: ***and I*** {Apostle John} ***HEARD*** {oracle} ***the NUMBER of them.***

The number of 200,000,000 (being a round number) riders reveals that there are also 200,000,000 horses. The horses

are equated with the three groups of redeemed that entered into new Jerusalem's ensign. When the first group and second group of redeemed have been gathered, they are equated with new Jerusalem's foundations and walls. The city of God (God the father) is called new Jerusalem, which represents a huge whirlwind of fire around the high mountain of the super volcano. New Jerusalem is the spiritual bride of the Lamb (son of God/visions and oracles written on the first small part). The first group and second group of redeemed proclaim the everlasting gospel to all nations and invited a great multitude (third group of redeemed) of people to, thereafter, journey to the rising ensign and enter new Jerusalem's ensign when it manifests. The great multitude will then be the guests and spiritual children of the Lamb and his bride (new Jerusalem). All three groups of redeemed are equated with the smoke and ash that erupts from the opened super volcano.

Revelation 9:17 And thus I SAW {vision} ***the*** {200,000,000} ***HORSES*** (representing the wind/white horses that accompany the massive eruption of fire, the wind/black horses that accompany the thick black smoke, and the wind/red horses that accompany brimstone/lava) ***in the vision, and THEM*** {riders} ***that sat on THEM*** {spiritual horses representing the wind}, ***having BREASTPLATES of FIRE*** {referring to the massive

eruption of fire from the immense mouth
Rock/Abaddon/super volcano}, **and of JACINTH**
{referring to the blackness of smoke that erupts for five
months from the super volcano}, **and BRIMSTONE**
{referring to molten rock/lake of lava}: **and the HEADS**
of the HORSES were as the HEADS of LIONS {that
bring death by anarchy}; **and out of THEIR** {riders' and
horses'} **MOUTHS** {representing the immense mouth of
the super volcano/Rock/Abaddon} **issued FIRE** {referring
to the massive explosion of fire} **and SMOKE** {being the
darkness of black smoke that erupts for five months from
the opened super volcano that caused the torment of
anarchy/spiritual lion and famine/spiritual locust in the
USA, as warned by the red horse with rider and black
horse with rider} **and BRIMSTONE** {molten rock of the
overflowing and spreading lake of fire/lava that brings
anarchy and famine to all nations}.

These horses pertain to the same predictions of the four
angels (four riders) that are written beneath the sixth seal.
The horses are shown as having breastplates of fire to
correlate them with the illuminated hot wind (white
horses) that accompanies the flash of fire that explodes
from the massive eruption of the super volcano
(Rock/Abaddon).

The horses have breastplates of jacinth that correlate with
the hot air that accompanies the darkness of erupting thick
black smoke, which brings anarchy (rider with sword on a

blood covered white horse) and famine (rider with scales on his smoke blackened horse). The horses also have breastplates of brimstone that correlate with the hot wind that accompanies the lake of fire in the immense mouth of the swelled to heaven super volcano. After five months of erupting smoke and ash when all the redeemed have entered the ensign of new Jerusalem, the swelled to heaven super volcano (full of a lake of fire) in the tormented USA will again explode with a greater eruption than previously, as a great earthquake such as never happened hits the land. At that time, the seventh plagued angel is being fulfilled when the massive eruption of fire and great hailstones (rider on the white horse) with many whirlwinds of fire bring death by anarchy (rider on the red horse) and famine (rider on the Black horse) to the USA and surrounding nations, which happens when the lake of fire is overflowing and moving throughout the USA and surrounding nations. At that time, the white, red, and black horses and their riders have breastplates of brimstone (molten rock/lava) when the rider on his pale horse is being fulfilled. Breastplates are used on riders and war horses, just as these spiritual horses and their riders will fight in the battle of Armageddon with the kingdom of latter day Babylon in the latter day land of Canaan.

Revelation 9:18 By ***THESE THREE*** {as represented by the riders on the white, red, and black horses, that are all

written on the rider of the fourth horse} ***was the THIRD PART of MEN*** {three thirds of the USA and surrounding nations referred to as men/nations} ***KILLED*** {thereby they met the rider – named Death/Abaddon – on his pale horse}, ***by the FIRE*** {massive eruption of fire}, ***and by the SMOKE*** {five months of erupting smoke causes thick darkness with anarchy and famine}, ***and by the BRIMSTONE*** {the overflowing and spreading brimstone/molten rock/lake of lava, that causes thousand of fiery whirlwinds/tornadoes to manifest and kill three parts of the USA and surrounding nations with coals of fire and great hailstones, anarchy, and famine}, ***which issued out of their MOUTHS*** {their mouths represent the immense mouth of the swelled to heaven super volcano overflowing with a spreading lake of brimstone/lava}.

The USA's nation is as a spiritual father, while the USA's capital is as a spiritual mother having spiritual children: states (spiritual men) and cities (spiritual women). From the time of the massive eruption of a flash of fire of the swelled to heaven super volcano's immense mouth (full of a lake of fire) thousands of fiery whirlwinds manifest with the spreading lake of brimstone/lava. These tornadoes are likened to chariots on which the lake of fire of the Rock/Abaddon rides upon. Coals of fire will be raining down from these whirlwinds (tornadoes) of fire with hailstones to kill one part (one third) of the USA and surrounding nations. The spreading darkness caused by

the smoke and ash that erupted for five months kills with famine the second part of the USA and surrounding nations (referred to as a men/nations). The whirlwinds of fire with the spreading lake of brimstone/lava (see Joel 2:4, 11) kill with anarchy the third part of the USA and surrounding nations. By these three written predictions revealed from the scroll of life by the latter day messenger is how three parts of the USA and surrounding nations are killed when the seventh plagued angel is being fulfilled. When the initial six plagued angels are being fulfilled, the USA and surrounding nations are only being tormented by the super volcano's eruption of fire, that causes smoke and ash to erupt for five months, which in that time brings the torments of anarchy and famine.

Revelation 9:19 For their POWER is in their MOUTH {their mouth is the immense 40 mile-wide mouth of the swelled to heaven super volcano super volcano}, ***and in their tails: for their TAILS were like unto SERPENTS*** {representing intense heat}, ***and had HEADS, and with them they DO HURT*** {to hurt the USA and surrounding nations}.

The power of the horses is in their mouth, since their mouth is the immense mouth of the swelled to heaven super volcano overflowing with a lake of brimstone/lava. If the super volcano (Rock/Abaddon) does not explode

fire into the sky, then fire, smoke, and brimstone can not issue from the horses' mouths.

The horses represent the wind that accompanies the fire, smoke, and brimstone throughout the USA and surrounding nations. The horses have tails like serpents that represent the intense heat emanating from flowing lava. Anyone close to flowing lava will be hurt by the intense heat radiating from the lava, as if they were bitten by a serpent.

Revelation 9:20 And the REST of the MEN {all other nations} ***which were NOT*** {yet} ***KILLED by THESE PLAGUES*** {fire, smoke, and brimstone of an immense lake of fire spreading throughout the world from within the USA and surrounding nations} ***yet REPENTED NOT of the works of their hands, that they should not worship DEVILS*** {referring to influential individuals who persuade – as a devil/tempter – people to accept a belief that is contrary to the everlasting gospel proclaimed throughout all nations}, ***and IDOLS OF GOLD*** {in the past type, the rebellious Israelites worshiped the golden Ark of the testament, golden candlestick, golden table of showbread in the old temple, while other nations worshiped golden figures}, ***and silver, and brass, and stone, and of wood*** {like the furnishings of old Jerusalem's temple}: ***which neither can see, nor hear,***

nor walk:

Fire, smoke, and brimstone will erupt from the swelled to heaven super volcano in the USA. Accordingly, the USA's states and surrounding nations near the super volcano will be first to be killed by fire, anarchy, and famine, as the lake of lava spreads throughout the USA and surrounding nations. At that time, all other nations will have not yet been killed by the fire, smoke, and brimstone. However, all other nations that refused to enter the ensign of new Jerusalem will not repent of their old ways and beliefs.

Instead, all other nations are hoping for salvation through their idols and false beliefs, just as the Israelites and the Judeans of old trusted in their temple and all its furniture instead of the present word of Elohiym, which was spoken through living messengers. The surviving rebellious nations had refused to believe (by placing the mark of God/the Rock/Abaddon the front of their minds) the everlasting gospel and forsake and flee their nation during the five months of erupting smoke and ash. They instead believed the false vision proclaimed by their leaders, scientists, and religious and influential people. Many religious people were deceived into remaining with what ever possessions and existence they had hoping in salvation through God, Yahshua/Jesus or other saviors or beliefs to save them. The rebellious people were also hoping that the erupting super volcano would become dormant, as promoted by their political leaders, scientists,

religious leaders, and influential people.

Revelation 9:21 Neither repented THEY {all other nations} ***of their MURDERS*** {of the people that proclaimed the everlasting gospel concerning the Rock/Abaddon before it exploded and began erupting smoke and ash}, ***nor of their SORCERIES*** {the means they used to influence people}, ***nor of their FORNICATION*** {of trading/business as usual while the USA and surrounding nations are killed by fire, smoke and, brimstone}, ***nor of their THEFTS*** {claiming God is speaking through them while stealing God's written words by misquoting them to forward their erroneous vision concerning the world's future}.

The fire, smoke, and brimstone (lake of fire) will be killing the USA and surrounding nations. At that time, all other nations will not repent (confess) of the murders they committed on the people that were martyred for proclaiming the everlasting gospel. Before the super volcano exploded fire into the sky, the latter day saints (first group and second group of redeemed) warned of the plagues that would happen when the super volcano explodes.

When fire, smoke, and brimstone (lake of fire) are killing the USA and surrounding nations, all the other nations

will not repent of the sorceries (the means) they use to continue deceiving the people regarding the swelled to heaven super volcano. Prior to the super volcano's explosion of fire and erupting smoke and ash, the nations were using all sorts of technical and scientific means (sorceries) to convince their people that the super volcano in the USA would not erupt and plague all nations, as the latter day saints were proclaiming to convert a great multitude of people from all nations. However, from the time the super volcano does explode and smoke and ash are erupting followed by the lake of lava spreading through the USA and surrounding nations, all other nations will not repent of their sorceries in keeping their people deceived. At the same time, all other nations will be promoting business as usual, as they continue trading with each other (fornicating/business as usual) just as they had done in the past. Also all other nations will not repent of their thefts of stealing (taking away) from what the everlasting gospel was proclaiming, which was according to what the Bible's written prophecies are truly saying concerning the world's future.
